Bond Drive Vital In County, Says Bartelt at Dinner

As an adjunct to an experimental bond-selling campaign being conducted in Montgomery county during this month, a dinner meeting was held at the Firestone Tire and Rubber company plant last night.

Approximately 80 prominent industrialists, bankers, retailers and public-spirited leaders from all parts of the county were on hand in the plant's cafeteria to hear Bartelt give his talk.

IN EXPLAINING why Montgomery county has been selected as a testing ground for this intensified sales campaign, Bartelt pointed out that the county has a cross-section of America within its boundaries.

According to Bartelt, Montgomery county has 737 industrial establishments; 2800 farms producing crops and livestock worth around \$16 million; 34 banks which have deposits of more than \$260 million; and 42 building and loan associations with resources of more than \$30 million.

Area Field Blazes As Lightning Strikes

The weather pulled a switch yesterday. Instead of clinging to its cooling temperatures, it climbed to a high of 78 by 3 p. m. for the first time since the past Sept. 8.

There is no way of telling if this is an indication that Pottstowners are still in for some more hot weather, but many are keeping their fingers crossed.

Lightning streaked across the sky around 10 o'clock last night, something unusual happened. It rained lightly.

NEW SCHEDULE BADLY NEEDED, POLICE AFFIRM

Rotating Shift Urged To Avoid Working Other Jobs

LOW MORALE, JEALOUSY CITED BY PATROLMEN

Pottstown police like the new salary ordinance passed by council, but they are bitterly opposed to the work schedule which they cry is loaded with "favoritism."

Members last night denounced the system where several men work all day work and others must work a bulk of the night duty.

PATROLMAN William A. Mars asserted, "The key to the whole thing is the schedule. Let them put in a decent and fair schedule and it won't be possible for these fellows to work a full-time job on the outside. I admit, I've worked other jobs."

Another officer asserted, "The trouble is some of these fellows want to ride along on the security of the police force and get the money of a full-time job on the outside."

Patrolman Paul I. Gallo-way, veteran member of the force and one of the hardest hit by the "no outside work" regulation asserted, "If we're assured of raises they promised and if they could pay us every week instead of every two weeks I could get along without outside work."

Patrolman Sandy Laghi, one of the newest members of the force, who works on the outside for a plumbing contractor, said, "In my short time here I believe the biggest single inequity is the schedule."

"I'll go along with no outside work, but I think the schedule should be corrected."

HE TOO took a crack at the schedule and asserted, "I'll gladly give up my outside work if they pay me \$4500. This raise will only mean \$5 or \$6 a week for me."

"Don't get me wrong I'm not against the raise, but I can see the point of the newer fellows on the force. I think they should get the same pay. After all they're all out there doing the same job."

POTTSTOWN HOSPITAL BOARD CHOOSES NEW ADMINISTRATOR

Vandals Damage Golf Green at Brookside Club

One of the "worst cases" in the recent wave of vandalism at Brookside Country club was discovered yesterday morning.

The damage was probably done by neighborhood boys, Gerald L. Russell, club manager, said last night.

He said that previous damage had resulted from boys riding bicycles over the greens and throwing sand from the traps on them.

Pottstown hospital's new administrator, Edwin Haines Prescott, was named by the hospital board of trustees yesterday. He will come to the borough on Nov. 16 from Williamsport, Lycoming county, where he is serving as assistant administrator of the Williamsport hospital.

E. H. Prescott Due Here in November From Williamsport

Edwin Haines Prescott, Williamsport, Pa., a trained hospital executive, is the new administrator of Pottstown hospital.

He was accepted unanimously by the hospital board of trustees yesterday.

The 42-year-old Prescott will fill the position vacated by A. C. Seawell this past Sept. 1. Seawell left Pottstown to head the new Butler County Memorial hospital in Western Pennsylvania.

Edward L. Gruber, chairman of the administrative committee which includes Gruber, Ernest H. Struckmann and Sam H. Keiser, reported the board's decision.

A dozen applicants were interviewed by the administrative committee, which met twice with the successful candidate during the process of securing a successor to Seawell.

Trustees then named Prescott on the recommendation of the committee.

MEMBERS of the committee said they were impressed with Prescott's record and personality.

Keiser reported, "We liked him very much. We met him on two different occasions and we understand he has experienced a new construction project in Williamsport similar to the job underway in Pottstown. We believe he is the best man available for the job."

He has been to Pottstown and seems pleased with what he has seen."

Prescott has served approximately five years with the Williamsport hospital.

He is a member of the Hospital Association of Pennsylvania, Central district and a past program chairman of the district; American Hospital association, American college of hospital administrators, Kiwanis and charter president of Lycoming County Health council. He is a graduate of Bates college.

Earth-Moving Machine Runs Wild Into Field

A giant earth-moving machine broke loose from a truck that was towing it up a hill in Limerick last night, careened down-grade and ploughed into an adjoining field.

Joseph Scott, Royersford RD 1, said that the earthmover got away from the dump truck when a link broke in the coupling.

The 20-ton machine ended up in Scott's grass field.

"It's a good thing some car wasn't following that rig," Scott said.

Driver of the truck, who was proceeding toward Route 422 on Township line road, was not identified.

Board presidents of all three Pottsgroves said they would be glad to send representatives to such a meeting. Even the two not in favor of a merger now said they wanted to hear all the facts and views.

As Harp put it: "We're open

to suggestions. We're not taking the attitude that we're better than anybody else, or anything like that. We're willing to sit down and talk anytime."

BUT OF an immediate merger move, Harp, the West Pottsgrove board president, declared, "We're not even considering it at this time."

He said, "The general idea is that Pottsgrove doesn't want to get into anything unless it absolutely has to."

Fadler, the Upper Pottsgrove board president, said, "Unless the State forces us to do something, we're going to sit tight. ... We're not interested at this time."

Both men said the main reason they did not favor merger now is that their communities want to keep their schools independent.

They were not making official statements for their boards but simply conveying general impressions they had gathered from previous discussions of the question.

DONNON, the Lower Pottsgrove board president, said, "I feel we should be thinking in terms of a centralized movement to ward Pottstown, not away from Pottstown."

Committees in charge of the 1953 North Coventry Farm and Home Products show will meet tonight in the township agricultural building.

The annual show, sponsored by the Coventry Agricultural association, the Norco Grange and PTA and Pottstown Kiwanis club, will be held Sept. 30 and Oct. 1.

Committees tonight will plan each phase of the show.

Brookside Unit Votes To Sell Land for New Water Tank

The Brookside Country club board of governors last night voted to accept the borough's offer to buy a portion of its golf course.

In making the report, Chairman J. R. Sotter said the borough plans to construct a water tank which will be used to supply residents living in the North End of town.

It was at the July 20 meeting of borough council that the erection of a water tank in the vicinity of the country club was first brought out.

Cellar-Bound Piggy's Plight Finally Over

The way a woman told it yesterday, the little piggy that went to market was a piker compared with the little piggy that wound up in a Pottstown RD 3 cellar.

The little piggy in the cellar of Ralph Kulp, Farmington avenue, near Wilson street, arrived Monday night. Mrs. Kulp told The Mercury, and a news item on the wandering piglet was in yesterday's edition.

Yesterday morning a Phoenixville woman telephoned Mrs. Kulp and said she thought it was her little piggy.

Presumably, she believed the pig had walked.

Mrs. Stella Swavely, a neighbor who handled the end of the case, while Mrs. Kulp was off to visit her husband in Memorial hospital, commented, "This little piggy is pretty active, all right, but Phoenixville—my gosh!"

THE PHOENIXVILLE woman

not only attempted to identify the pig over the telephone but late in the morning even put in a personal appearance at the Kulp's home, to press the claim for the presumably perambulatory pig.

By then, however, a much less romantic claim was put forward, Mrs. Swavely reported. The claimant was Joseph Govatos, whose home on Freese's Heights is only the equivalent of a couple of blocks from the Kulp's cellar.

Govatos identified the little pig thoroughly and accurately before it was shown to him.

Mrs. Kulp turned the pig over to Govatos, who picked it up at noon.

While in the Kulp's cellar, the little pig knocked over jars and flower pots; ate cabbage, celery, tomatoes and apples, and generally behaved like a little pig.

Rotary Club Visits Edward S. Fretz On 89th Birthday

By FRED C. SELBY (Mercury Staff Writer)

Although he's been bedfast past 5½ years, Edward S. Fretz, pioneer Pottstown industrialist, proved a cheery host yesterday, his 89th birthday.

He exchanged reminiscences and joined in the laughter at quips during the traditional visit by members of Pottstown Rotary club to his home on Chestnut street in Collegeville.

Fretz was president and general manager of the old Light Manufacturing company and he helped bring to Pottstown Spicer Manufacturing division.

He also was a charter member of the Rotary club, a past president of it and a past district governor.

"They brought him a beautiful, big birthday cake, and they brought him flowers and cards," Mrs. Fretz reported. "I made a big pot of coffee and cut the cake. It was really a fine visit."

DURING the past year, she continued, "He's been perfectly fine except that he's confined to bed." What made him bedfast was hardening of the arteries.

Although he's 89, Fretz remains an avid reader of magazines, The Mercury and books, and often watches programs on the television screen in his room.

Mr. and Mrs. Fretz built a small house three years ago, it was designed so that his hospital-type bed can conveniently be rolled onto the porch in nice weather.

The Rotarians' birthday delegation was the Rev. John B. Frantz, pastor of Trinity Reformed church, Charles L. Rohland, club president; Edward Gudebrod, Irvin W. Rieker, Hilary Missimer, Robert W. Evans Jr., chairman of the birthday committee; James F. Baird, W. W. Manship, J. Russel Reif-

Me., and received a Bachelor of Science degree from Northwestern university, Chicago, Ill., in hospital administration in 1949.

A 2½-year Army veteran of World War II, Prescott is the son of the Rev. Edwin Herbert Prescott, retired Baptist pastor, and Mrs. Helen Haines Prescott, New Bedford, Mass.

He is married to the former Evelyn Dorr.

The Prescotts have three children, David Dorr, 10; Eloise Haines, 6, and Paula Drew, 3.

Serving on the board of trustees which selected the new administrator are Charles L. Schulz, president; George M. Longaker, vice president; Gruber, treasurer; Keiser, secretary; Struckmann, Larry Orgill, Brooke Lessig, Robert Connor, Daniel Unger and Irvin Riegner.

The board accepted Seawell's resignation this past June 20. The 51-year-old administrator had been in Pottstown since 1946. He came here from Fort Worth, Texas.

Fireworks Prove Dud at Meeting Of School Unit

The expected fireworks didn't go off at the special meeting of Douglass (Berks) school board last night at Colebrookdale school.

About a dozen interested citizens sat in on the meeting, but they contented themselves with asking questions. No heated discussion took place.

"That will probably come at the regular meeting on Oct. 6," a spokesman said.

The five directors came to the meeting prepared to defend the use of the school halls for classrooms, the school bus system and the sending of all high schoolers in the district to Boyertown.

SOME discussion of the bus system took place at the meeting, and the board hired two new drivers, Merrill and Wilbur Hook.

One of the new men will drive the new bus and the other will be extra driver, the board decided.

All but one board member approved a motion to adopt the contract acceptance to join the Boyertown Joint High school.

Mrs. Evelyn Reinauer and Earl Moyer, principals of Colebrookdale and Pine Forge schools, respectively, reported to the board on classroom supplies that have not yet arrived.

President Irvin W. Romich was in charge of the meeting.

Hospital Bid Opening Postponed to Monday

In an effort to give prospective contractors more time to get their bids in, the building committee of Pottstown Memorial hospital postponed its meeting last night until Monday night.

Hospital Administrator Albert P. Pollock reported that the committee will meet at 7:15 p. m. in the hospital dining room to open bids received up to that time.

# Stevenson Calls for Renewed Efforts For World Disarmament and Peace

Stevenson

CHICAGO, Sept. 15 (AP)—Adlai E. Stevenson called tonight for renewed efforts at world disarmament and peace, "for Russia and all the world."

"The door to the conference room," Stevenson said, "is the door to peace. Let it never be said that America was reluctant to enter."

The former Illinois governor spoke to a nationwide radio and television audience after what he said was the "sobering experience" of a trip to 26 nations and conferences with numerous world leaders.

He reported tonight to the people at home that step by step "we are winning the cold war." But he continued that "this is no time to wobble or lower our guard," no time to "go it alone."

Stevenson warned, too, against disarmament by America alone, and he said we seem to be "taking the initiative in unilateral disarmament."

That tied in with his observations that other countries are unable to reconcile our talk about international peril with cuts in our defense budget.

Stevenson said that world conditions are better and hope is in the air. He said there is admiration for America in other countries but also misunderstandings and concern.

"And everywhere," he said, "people think they recognize the dominant mood of America in what is called 'McCarthyism,' now a worldwide word, inquisition, purges, book burning, repression and fear have obscured the bright vision of the land of the free and the home of the brave."

Whatever commitments we make to European Allies to back up assurances of non-aggression must be on a long-term basis, he advised.

STEVENSON SAID frankly he doesn't know whether new ap-

proaches to the Kremlin on disarmament would have any more impact now than in the past. Yet, he said, conditions have changed—Russian threats have produced the massing of military power of free peoples and Korea demonstrated the West will meet force with force.

Furthermore, Stevenson said, the death of Stalin and revolt in the satellites have brought changes inside Russia.

Stevenson was the Democratic Presidential nominee the past year, but tonight's address was largely removed in tone from the political arena. It was sponsored, in fact, by a Non-Partisan committee and the setting was the Chicago Civic Opera house.

In the speech, there was little of travelogue, but rather an appraisal of conditions in other nations as Stevenson sees them, plus elements of a foreign policy of his own.

Asia is in revolution, he said, and the West is "suspect" because it is identified with hated colonialism. The ideas of Karl Marx sound pretty good there, he said, to many who know little of the "ugly realities of Communism in practice."

While there is reverent admiration for the ideas of the American Revolution and Bill of Rights, Stevenson said, Asiatics think they see "contradictions in the current wave of conformity and fear here at home and hypocrisy in our alliances with the colonial powers and professed devotion to freedom and self-determination."

The boys are the children of Mr. and Mrs. Henry Million Jr. Teddy, Terry and Timmy, incidentally, are the only triplets in Middletown.

# Wagner Takes Lead Over Impellitteri In New York Early Election Returns

NEW YORK, Sept. 15 (AP)—So-called New Deal Candidate Robert F. Wagner Jr. took a lead over incumbent Vincent R. Impellitteri as first returns poured in from today's Democratic mayoral primary.

On the basis of returns from 275 of the city's 4392 election districts Wagner led by 12,583 to 9771. A hundred of the districts reporting

Robert Wagner Jr. Impellitteri

were from Queens county, where the Democratic leadership supported Impellitteri.

The election pitted Impellitteri and the Conservative wing of the party against so-called New Deal leadership in a contest that could have implications of a National scale.

The result of the election was not expected to be known until late, although voting appeared to be lighter than the record 800,000 cast in 1937.

The polls were open from 3 to 10 p. m.

# U S BLOCKS MOVE TO SEAT RED CHINA IN UN

## Delegates Vote to Shelve All Proposals For Year

UNITED NATIONS, N. Y., Sept. 15 (AP)—A United States resolution shelving all proposals to seat Red China in the United Nations this year was approved, 44-10, by the General Assembly today in a heated opening session.

The delegates also voted, 35-11, against balloting at the first session to a move by the Soviet delegation to toss out Nationalist China and give the Peiping regime a seat.

Secretary of State John Foster Dulles and Soviet Deputy Foreign Minister Andrei Y. Vishinsky engaged in a verbal duel over Vishinsky's resolution seeking to seat Red China.

Vishinsky made his move nine minutes after the assembly was convened by Lester B. Pearson, Canadian foreign secretary who was president of the past General Assembly. Customarily the first day is devoted to ballots for president and committee chairmen but Vishinsky strode to the rostrum when Pearson delivered his farewell speech and introduced the controversial resolution.

Pearson had called for the voting on the new president when Vishinsky, in the rear of the hall, got the floor. The hall, packed with delegates and public, grew silent.

THE SOVIET delegate said the true representatives of the Chinese people are not present. He said the situation was "abnormal and intolerable" and he put before the delegates his formal resolution to seat the Red Chinese.

T. F. Tsiang, of Nationalist China, waved his hand to speak but Pearson instead recognized Dulles. Dulles opened with his formal proposal that the assembly postpone for the duration of the 8th session, for the current year, the consideration of any proposals to unseat the representatives of the Nationalist Chinese or to seat representatives of the "so-called Central Peoples' Government" to represent the Republic of China.

Dulles said the Chinese Communists intervened in Korea as aggressors but an armistice was finally concluded.

Dulles said his motion dealt with the current year and should not be interpreted as an indication that the United States expects to change its position after the current year.

# Summer White House Calls Blasts By Democrat Chiefs 'Sound and Fury'

Hagerty

DENVER, Sept. 15 (AP)—The Summer White House today called the criticism of the Eisenhower Administration "just sound and fury signifying nothing"—and then announced that Stevenson and President Eisenhower will confer in Washington soon.

Former President Truman's latest blast at the Republicans also drew return fire administration of putting things off at Eisenhower's vacation headquarters.

Truman told the same rally a wrecking crew is "undermining and tearing down" in Washington, and that Democrats must keep America and the world from "the road to ruin."

Asked for comment on the Stevenson speech, Hagerty said: "That is just sound and fury. The rest of the quote is 'signifying nothing.'"

Hagerty went on to say the quotation was from Shakespeare's "As You Like It." He was wrong. It's from "Macbeth."

## Youths Get Money; Cashier Gets Water

Penny was saved—Mrs. Irene Dett, of Pittsburgh, cradles her three-month-old daughter, Penny, for the first time since the child's birth in St. Francis hospital.

Three boys approached the cashier's booth at an "EI" station here last night.

One of the boys pulled out a pistol and ordered the cashier, Helen Maloney, 36, to hand over her receipts. He reached in the cage and grabbed \$1.42 in change and, pointing the pistol at Miss Maloney, pulled the trigger. A stream of water struck the frightened cashier in the face.

The boys fled with the money.

PENNY WAS SAVED—Mrs. Irene Dett, of Pittsburgh, cradles her three-month-old daughter, Penny, for the first time since the child's birth in St. Francis hospital.

Because the child weighed only one pound, 12 ounces when born, she was kept in a special incubator. She now weighs 7 pounds.

the Democratic leader has agreed to meet with the President in Washington soon. Eisenhower will end his Colorado vacation Friday or Saturday and fly back to the Capital.

A date for the Eisenhower-Stevenson session will be set after the President returns to the White House.

# TRAITORS FOUND, MINISTER TELLS HUGE CROWD

## 100,000 Egyptians Cheer When Told Conspiracy Is Discovered

CAIRO, Egypt, Sept. 15 (AP)—Egypt's Minister of National Guidance told a thunderously cheering crowd of 100,000 tonight that a conspiracy to restore the monarchy had been uncovered, and conspirators would be named within 48 hours.

An army group under Maj. Gen. Mohammed Naguib deposed King Farouk July 26, 1952, and formally declared Egypt a Republic the past June 18.

Today's rally was called to announce an ambitious new economic program for Egypt and to announce again that Britain must abandon the Suez.

Naguib, now president—premier of the Republic, was on the platform as Guidance Minister Salah Salem spoke. The throng shouted "Death to Traitors!"

Salah Salem told the crowd gathered in Republic square that the conspiracy planned to use disgruntled young army officers to achieve its aim. He said they hoped to have a king back by the end of 1954.

INSTEAD, HE DECLARED, a three-member court of revolutionary council members has been named to try them. Sentences will be handed out in the name of the revolutionary council instead of in the name of the Republic.

Naguib himself strode to the microphone and shouted that "the imperialists"—a term used here for the British—will have to get out of Egypt.

The president charged that traitors have aligned themselves with the imperialists for ulterior gains. He said decisive steps will be taken against them "in preparation for a big battle against imperialism."

"It's inevitable," Naguib cried out in a speech relayed over the nation-wide radio network and translated into English, French and Italian.

# Madame Pandit Is Elected President Of General Assembly by 37-22 Vote

UNITED NATIONS, N. Y., Sept. 15 (AP)—The UN General Assembly today chose for its President Mrs. Vijaya Lakshmi Pandit, handsome sister of India's Prime Minister Jawaharlal Nehru.

The 53-year-old widow and grandmother—whose name in her native tongue means Goddess of Victory—is the first woman to preside over the 60-nation assembly.

She defeated another Asian, Thailand's Prince Wan Waitayakon, 37-22, for the post which some critics have said would give her too much influence in the Assembly's debates on controversial Asian questions.

In what may have been an answer to such critics, she told the Assembly after her election that she would do her "best to discharge impartially the responsibilities of this high office."

## Iranian Girl Awaits Operation to Become A Man and Soldier

TEHRAN, Iran, Sept. 15 (AP)—Slee-eyed Farideh Najafi, 16, rested in a Tehran hospital today, awaiting the surgeon's scalpel that will make her a soldier of the shah.

Farideh—whose name will officially be changed to Farhaad as soon as a doctor performs the operation later this week—told newsmen today that her highest ambition is to be a soldier in the Iranian army.

As soon as her name is registered as that of a man instead of a woman, said Farideh, she is ready to take up a gun for her sovereign.

A doctor in Pahlavi hospital, where she is awaiting her operation, said "Miss Farideh has the ability to become a man."

Farideh, who comes from Shabastar, in Azerbaijan, near the Soviet border was brought to the hospital two days ago by her mother. She was wearing an Iranian chador, a one-piece cloth obscuring all but her eyes.

Farideh told the newsmen: "My voice changed two months ago and as a result mother became doubtful whether I was a boy or girl."

## Stevenson Calls for Renewed Efforts For World Disarmament and Peace

CHICAGO, Sept. 15 (AP)—Adlai E. Stevenson called tonight for new efforts at world disarmament and peace, saying "for Russia and all the world."

"The door to the conference room," Stevenson said, "is the door to peace. Let it never be said that America was reluctant to enter."

The former Illinois governor spoke to a nationwide radio and television audience after what he said was the "sobering experience" of a trip to 26 nations and conferences with numerous world leaders.

He reported tonight to the people at home that step by step "we are winning the cold war." But he continued that "this is no time to wobble or lower our guard," no time to "go it alone."

Stevenson warned, too, against disarmament by America alone, and he said we seem to be "taking the initiative in unilateral disarmament."

That tied in with his observations that other countries are unable to reconcile our talk about international peril with cuts in our defense budget.

Stevenson said that world conditions are better and hope is in the air. He said there is admiration for America in other countries but also misunderstandings and concern.

"And everywhere," he said, "people think they recognize the dominant mood of America in what is called 'McCarthyism,' now a worldwide word, inquisitions, purges, book burning, repression and fear have obscured the bright vision of the land of the free and the home of the brave."

Whatever commitments we make to European Allies to back up assurances of non-aggression must be on a long-term basis, he advised.

STEVENS ON SAID frankly he doesn't know whether new ap-

proaches to the Kremlin on disarmament would have any more impact now than in the past. Yet, he said, conditions have changed—Russian threats have produced the massing of military power of free peoples and Korea demonstrated the West will meet force with force. Furthermore, Stevenson said, the death of Stalin and revolt in the satellites have brought changes inside Russia.

Stevenson was the Democratic Presidential nominee the past year, but tonight's address was largely removed in tone from the political arena. It was sponsored, in fact, by a Non-Partisan committee and the setting was the Chicago Civic Opera house.

In the speech, there was little of travelogue, but rather an appraisal of conditions in other nations as Stevenson sees them, plus elements of a foreign policy of his own.

Asia is in revolution, he said, and the West is "suspect" because it is identified with hated colonialism. The ideas of Karl Marx sound pretty good there, he said, to many who know little of the "ugly realities of Communism in practice."

While there is reverent admiration for the ideas of the American Revolution and Bill of Rights, Stevenson said, Asiatics think they see "contradictions in the current wave of conformity and fear here at home and hypocrisy in our alliances with the colonial powers and professed devotion to freedom and self-determination."

## TRAITORS FOUND, Madame Pandit Is Elected President Of General Assembly by 37-22 Vote

UNITED NATIONS, N. Y., Sept. 15 (AP)—The UN General Assembly today chose for its President Mrs. Vijaya Lakshmi Pandit, handsome sister of India's Prime Minister Jawaharlal Nehru.

In what may have been an answer to such critics, she told the Assembly after her election that she would do her "best to discharge impartially the responsibilities of this high office."

LATER SHE TOLD a news conference she would detach herself completely from the policies of the Indian Government and would not discuss controversial questions while president.

She said she felt it was within her duties as president, however, to assume a role of conciliator between the warring UN factions if she found an opportunity to be of service.

She told the Assembly it was faced with delicate and difficult tasks, but added:

"At this session the opportunities are all the greater because the Assembly meets in an atmosphere which offers hope of beginning to really resolve some of the tensions and conflicts that afflict us."

Mrs. Pandit sought to minimize the fact that she was the first woman to preside over the Assembly.

"All my political training," she said, "has taught me to look upon myself as an individual—not as a woman. I do not care particularly for emphasis laid upon the women as women. I'd rather my election be considered as an honor to my country rather than to obscuring all but her eyes."

Mrs. Pandit, a veteran UN delegate, also has served her country as ambassador to Washington and as ambassador to Moscow.

Farideh told the newsmen: "My voice changed two months ago and as a result mother became doubtful whether I was a boy or girl."

Salah Salem told the crowd gathered in Republic square that the conspiracy planned to use disgruntled young army officers to achieve its aim. He said they hoped to have a king back by the end of 1954.

## Wagner Takes Lead Over Impellitteri In New York Early Election Returns

NEW YORK, Sept. 15 (AP)—So-called New Deal Candidate Robert F. Wagner Jr. took a lead over incumbent Vincent R. Impellitteri as first returns poured in from today's Democratic mayoral primary.

On the basis of returns from 275 of the city's 432 election districts Wagner led by 12,583 to 9771. A hundred of the districts reporting

to handle, paper ballots were put in use and these always slow up the tabulations.

Impellitteri forecast a plurality of 175,000 to 200,000 in his favor; the Wagner camp claimed a 230,000 plurality in the opposite direction.

THERE WERE 2,135,000 New Yorkers registered as Democrats and eligible to vote. But the bitterly contested primary campaign failed to arouse the general public.

The winner will carry the Democratic banner into the Nov. 3 general city election against three other candidates of the Liberal, Republican and American Labor parties. The latter candidates had no opposition in the primary.

Also seeking the Democratic nomination—but conceded little chance—were Robert B. Blaikie, an insurgent Tammany hall leader, and Municipal Court Justice John C. Sullivan.

Wagner pretty well summed up the long range issue of the Democratic primary in one of his final speeches. He called it a test between the New Deal wing of the party and the Conservative wing.

IMPELLITTERI WAS elected three years ago as an Independent, with a plurality of more than 200,000 votes. This time he ran as a regular Democrat, backed by the party organizations in Queens, Brooklyn and Staten Island.

Also in Impellitteri's corner was James J. Farley, the former Democratic National chairman and a spearhead of Conservative Democratic forces in New York.

were from Queens county, where the Democratic leadership supported Impellitteri.

The election pitted Impellitteri and the Conservative wing of the party against so-called New Deal leadership in a contest that could have implications of a National scale.

The result of the election was not expected to be known until late, although voting appeared to be lighter than the record 800,000 cast in 1937.

The polls were open from 3 to 10 p. m.

Second graders at Warwick Consolidated school are alert youngsters. Not one was caught off guard when this picture was snapped.

If they pay as much attention to teacher Mrs. Helen O. Houck (right) in class, they should learn all they need to make Third grade.

In first row, left to right, are Cynthia Care, Marsha Clevenstine, Benjamin Miller, Donald Shaner, Doaraine Wade, Sandra Houck, Gladys Richards, Lorraine Roberts, and John Zook.

Second row, same order, Richard Herman, James Loomis, Glenn Stewart, Clarence Keeley, Joanne Clark, Gaylen Spohn, Fred Sleeb, Terry Piersol and Reuben Sweigart.

Row three, Nancy Bollinger, Robert Houck, Barbara Moyer, Robert Downard and Jill Painter.

## 175 WILL ENROL AT PERKIOMEN BOYS' SCHOOL

Pupils Will Travel From 10 States, 5 Countries

Perkiomen School for Boys, in Pennsylvania, opens today with one of the largest enrolments in its history in normal times.

About 175 boys, from ten states and five foreign countries will arrive today with their parents who will be entertained informally by a welcoming committee of the newly organized Parents' association.

Both Kriebel hall and Kels hall are filled, and South Cottage will house 21 of the older boys, while the Junior school, Dyckinck hall, which has been entirely renovated and redecorated this Summer, will be filled to capacity with over 21 boys in grades Five through Eight.

Headmaster Stephen W. Roberts announced the following new masters in the school for the coming year:

James P. Brosnan, graduate of Springfield college, who the past year was coach of football and track and member of the physical education faculty at Anderson college, in Indiana, will teach biology and act as director of athletics for the school. Mrs. Brosnan and their three-year-old son will join him later in the month, residing at 207½ Seminary street, adjacent to the campus.

Gregory Sutcliffe, graduate of Muhlenberg college, will teach English and languages. He was on the faculty for the Summer session and will continue residence in Kriebel hall.

F. Nestor Mengual, who also taught during the Summer session, has a Master's degree from the University of Connecticut, and will teach Spanish.

## Wake Up To More Comfort Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million kidney tubes and filters flush out waste. Get Doan's Pills today!

French and social studies. He will have special supervision of the orientation program for the 312 South American boys who will enroll this Fall. Mrs. Mengual will have charge of the school bookstore. The Menguals will live in an apartment in Kriebel hall.

Robert B. Pilsbury will direct the music program of the school. He is a graduate of Dartmouth and received further musical training at the New England Conservatory of Music. Mrs. Pilsbury will be the secretary to the director of courses. Mr. and Mrs. Pilsbury were married Aug. 15 and will reside in an apartment in Kriebel hall.

Richard Hamilton, a graduate of Pennsylvania State college, will teach in the Mathematics department and will live in Kriebel hall. Mrs. Carolyn Reese, of Lansford, a graduate of Mt. Holyoke, will assume the duties of Housemother in the Junior school. She will also teach the younger boys. She will bring her three-year-old son to live with her in Dyckinck hall.

These new additions to the faculty and staff will strengthen the administration of the school, which now numbers 31. The first faculty meeting was held Monday morning, and was followed by further orientation and planning on Tuesday.

### William, the Delayer, Again

YOU may as well put on the flowers and bury it!"

He had his head buried in The Mercury while he sipped his morning cup of coffee. He was reading The Mercury's account of the Pottstown borough council meeting.

"How zat again?" asked his breakfast mate.

"It says here council wants Burgess Griffith to act on a law to protect kids from death in abandoned iceboxes and refrigerators.

"Well, if it's up to Griffith, that's the end of that. He never takes a positive stand on anything. They may as well put the flowers on it and bury it!"

That actually was the comment of a man on the street yesterday.

He was talking about a borough ordinance to protect children proposed by Councilman Charles S. Grubb, of the Ninth ward.

When Councilman Grubb spoke of the protective measure, it was referred to Solicitor C. Edmund Wells for study.

But Councilman Stanley Zawaski, of the Fourth ward, quickly suggested: "I think the matter should be referred to the Burgess."

Council President William H. Reifsnyder quickly agreed.

"All right," he said, "we'll get the Burgess on this."

So, if you don't hear anything further on the refrigerator law, you'll know why.

Just like you'd hate to be hanging while Burgess William H. Griffith delays appointing a police surgeon (the vacancy is almost five years old) or a civilian defense director (which spot is open for a couple of years.) Do you recall how it took him 23 days to swear in a civil service commission head?

Or another issue: The weed-cutting dereliction of the Burgess' brother.

Come to think of it, Solon Zawaski probably doesn't think well of the refrigerator law. Else why should he refer it to the Burgess? Just a few moments before in the council meeting, Councilman Zawaski was complaining about the lack of weed-cutting action.

Ah, well. Do nothing and no censure will accrue!

### The Cafeteria's Popular!

CONGRATULATIONS to Pottstown's school directors for a campaign pledge kept and for a job well done on the high school cafeteria.

The construction of a cafeteria became a campaign issue after a former Democratic school board ridiculed suggestions that a cafeteria was a necessary adjunct to the high school.

They laughed at reports that high school students were not eating properly because they were spending their lunch money on pin-ball machines, on punchboards or for candy and ice cream. They scoffed when it was hinted pupils were catching colds because they had to trudge home in snow and slush, in rain and hailstorm for a quick luncheon snack.

But level heads later prevailed. William O. Cressman, resigned vocational educational director, threw up a makeshift eatery in a couple of cellar rooms. Its popularity was apparent from the start. The cubbyhole eating place couldn't accommodate all its patrons!

Now a new eatery has been constructed. It has been mobbed by hungry Trojans who've been attracted in such numbers that cafeteria workers couldn't keep up with the rush. Dishwashers have been cleaning up until 6 p.m., which promoted school officials to order a dish washing machine!

It's a vindication of foresighted directors' judgment. They deserve a pat on the back.

### Needless Tragedy

The drowning of 20 soldiers during a training maneuver at Ft. Bragg, N. C., is doubly tragic because so high a death toll seems utterly unnecessary. There were 40 aboard the engineer assault craft when it capsized in a small lake.

The men were in field uniform but carried no extra equipment except cartridge belts and canteens. Obviously a healthy young man could swim in calm water with no more handicap than this. The fact that half of them drowned shows that a high proportion could not swim.

The men belonged to an engineer construction battalion. This is a type of service that frequently takes soldiers on the water. It seems strange that the Army, which takes time to teach men many skills, including some useless ones, had not made sure these men possessed the common American knack of knowing how to swim.

# School Terror Reigns; Enforce Bike Law

The name and complete address of the author must accompany every contribution but on request will not be published. Letters not exceeding 250 words will receive preference.

### Must Wait Outside

To the Editor: What schoolman in Upper Pottsgrove township suddenly thinks himself as the great dictator?

Before the addition to the school was added, at least the pupils could go into their rooms; and the junior and senior high school pupils could go into the building and wait for the bus to carry them to school.

Now, beginning from the very first moment of the first day of school a reign of terror has begun.

The pupils cannot get into their rooms to stay. They must go outside to the rear of the school to wait for the bell at 8.30.

The pupils waiting to be carried to Pottstown schools are ordered to the side or rear of the building. If they refuse, as a few have, they are immediately ordered to leave the school premises or submit to his tyranny.

When the pupils from the surrounding area of the school first started to the Pottstown schools they were told to wait at the school as their permanent bus stop.

Now I ask you: Are the pupils that much of a disgrace to the school that they must hide behind the building and are not permitted to enter?

Pottstown RD 3 FOR CHANGE

### Time for Action

To the Editor: Here's a note to the Burgess and police chief.

Why doesn't the ordinance forbidding bicycles to run and park on sidewalks and doorways on High street have enforcement?

Serious and crippling harm can come from the 'cyclists' action.

The cops see the law being broken in

front of their eyes. Why don't they enforce it?

Instead of spying out the parking violators, why don't they correct the car sitters who throw their rubbish out of their cars.

Our main streets are beginning to look like the alleys of New York slums.

Meanwhile our police officers act like the comedy cops of the silent movie days. No wonder they are criticized.

They fraternize with the riffraff of the town instead of being alert and watching traffic. This way, traffic has to look out for itself while they turn their backs and hold protracted conversations.

Why doesn't the Burgess and the chief too step down and let some young blood in that has some guts.

Not all our cops come under these censures, but the guilty ones will know. The public does know.

It's disgusting to have visitors coming to town and ask where is the police force. When they get a peek at it you'd be boiled to hear the "compliments."

No wonder that citizens about town are clamoring for a change—and it will come.

Our city hall is run now like a small town village.

With our wealth, works and payroll we are still years behind.

It's time to wake up and time for a change all the way through city hall. So wise up, drones and procrastinators, the taxpayers are about fed up.

Let's have new blood—and action.

Pottstown CIVIC-MINDED

### Sidewalks Safer

To the Editor: I think it is a shame that persons are complaining about the children riding their bicycles on the sidewalks.

They have to ride them somewhere and the sidewalks are a lot safer than the streets.

That Young Mother (Readers Say, Sept. 12) must be very young and very simple-minded to complain about the poor youngsters riding on the sidewalks.

I say let them ride on the sidewalks. It is far better to have a pedestrian bumped than to have the children hit by a car on the streets.

Pottstown FOR CHILDREN

### Trim the Show Window

To the Editor: Only 49 more days till election day, and one of our councilman is in favor of a law which would remove doors from all unused iceboxes and refrigerators.

The General Assembly in Harrisburg enacts all laws in our commonwealth, and if we check the acts of Assembly we find that the department of public safety is responsible for the protection of life and property regardless whether the negligent person uses an icebox, automobile, waterhole, or dead limbs falling from a tree.

If our councilmen would use more effort in enforcing the laws they now have at their command, they would have no time for Legislative duties.

The General Assembly is an able body and very grateful to subordinates who do their assigned duties.

In the event the councilman is elected tax collector, I hope he does not favor a law compelling us to use his favorite bank.

## WASHINGTON Ike Has Varied Choice For Chief Court Justice

By RAY TUCKER

WASHINGTON, Sept. 15—The "Eisenhower luck" holds again in that no recent predecessor had so many excellent choices for filling a vacancy on such an important tribunal as the Supreme Court of the United States at an extremely critical moment in domestic and international affairs.

But the very number and variety of possibilities embarrass the President in choosing a replacement for the beloved Chief Justice Fred Vinson.

In view of the delicate balance between so-called conservatives and liberals on the high bench, the selection may determine what kind of a majority will prevail in years when so many fundamental legal and constitutional questions will be brought under judicial scrutiny.

They include such issues as Federal ownership of offshore land, school segregation, Communists and civil liberties, the extent and supremacy of executive agreements, Government control over natural resources and individual property rights.

POWER OF A CHIEF JUSTICE: The Chief Justice, if he happens to be a man with the forceful personality and legal acumen of a Charles Evans Hughes, is more than just a single vote among the nine jurists. By his arguments in closed sessions, he can frequently sway one or more of his colleagues, like the chairman of a Congressional committee.

This factor carries special weight at the moment because two jurists—Justices Clark and Minton—have not yet found themselves. Although Truman appointees, they have alternated between the two now evenly divided factions in such a manner that they cannot be classified as liberal or conservative. Thus, the new Chief Justice will exert far more influence than he would under more normal circumstances.

In making his choice, Eisenhower will also stand in judgment before the public, the politicians and the business interests which supported him so solidly last November. He is still suspected among Republican stalwarts as being too New Dealish in many respects.

Should he name a broad constructionist with an attachment to Roosevelt-Truman principles and philosophy of government, their current fears and conclusions would be confirmed.

WARREN AND DEWEY: Oddly, the two men most frequently mentioned as prospects—Gov. Earl Warren, of California, and Gov. Thomas E. Dewey, of New York—are listed in the ultraliberal category. The Albany man has never been forgiven for his "me, too" tactics in the 1948 campaign.

Warren's views on social and economic questions resemble FDR's, in the opinion of many California Republicans. So much so that he usually corrals as many Democratic as Republican votes. It was his broad viewpoint on public problems which enabled him to snow under an actual member of the Hyde Park family—James Roosevelt.

Three extremely able Democrats are probably barred by their political affiliation. One is Justice Hugo Black, of Alabama, one of the ablest and most hard-working members. The other is Justice Robert H. Jackson, of New York, and a third is Justice John J. Parker, of the Fourth Judicial district. All are tops.

## The Worry Clinic

By DR. GEORGE W. CRANE

FRANK F. is a returned veteran from Korea.

"Dr. Crane, I want to marry a girl I met in San Francisco," he began, "but my family is horrified."

"This girl needs a break. She is addicted to liquor, I'll admit, but I know I can reform her and make a good woman out of her."

"So don't you think it would be worth the gamble? I'm crazy about her, and whenever I'm around, she is sober and a nice girl."

AFTER FURTHER questioning, I found that Frank was simply sexually infatuated with this girl.

But she was a promiscuous creature who drank freely with anybody who paid the bill and would then spend the rest of the night with her escort.

Such women are very poor marriage prospects. It is laudable to wish to reform people. But this girl is surrounded by dozens of churches and talented clergymen who can help her reform, if she really desires to do so.

When you young folks pick a mate, never do so with the aim of reforming such an individual.

Your job will be very difficult even with A-1, quality matrimonial merchandise, so don't start out with shoddy, defective or second rate goods.

You pay full price, anyway, when you marry, so show the shrewd gumption of the proverbial "bargain fiend." Get 100 cents worth for each matrimonial dollar!

Millions of people have learned to their later sorrow that sexual fascination is not enough for founding a happy home.

YOUR FUTURE unborn children give you their proxy votes, and you should keep them vividly in mind when you select the future mother or father for your youngsters.

Love isn't enough for an ideal marriage. Besides, love can develop by going through the proper motions, dates, compliments and caresses with any reasonably desirable member of the opposite sex.

Many of you teen-agers don't realize the fact that love can be produced repeatedly. That may sound callous, or violate your poetic idealism, but it is true.

## ELECTORAL COLLEGE

## Hollywood

By EDITH GWYNN

HOLLYWOOD, Sept. 15 — Gregg Sherwood and Horace Dodge, only recently wed, are headed for the rocks. Oh, well, she got lots of "rocks" (and a million \$\$ settlement!) BEFORE the marriage. . . . Eddie Bracken, his wife, five kids and his mother-in-law are en route to Chicago in a station wagon. And they say "three's a crowd!" Bracken will do "Seven Year Itch" on a Windy City stage when they arrive. Opens

Sept. 21 . . . Cleo Moore and Al Mathes (who with Steve Crane is operating the tremendously successful Luau restaurant in Beverly Hills) are a two we view around the spots this week. Last week, they announced they'd broken their engagement! . . .

PEOPLE STILL gabbing about Jane Powell's tremendous opening at The Grove — and the noisy disturbance caused by a gent who was tailed with her momma! And Jane's cute announcement of the only operatic number in her program of popular music. Said she, "I'm not the type to sing, 'Diamonds Are a Girl's Best Friend' — so I'll sing 'The Jewel Song' from 'Faust!' . . . This department and the fan mags have received much mail panning Jane since l'Alfatre Nelson, but the gal is still right up there in current popularity polls. Her new "glamour kick" in clothes, hair-do and behavior seems to be paying off . . . Incidentally La Powell and Vic Damone will do "Sobbin' Women" ahead of "Hit the Deck." The latter is now postponed till Winter! . . .

BY THE WAY, singer Bob Savage, the guy who got himself a lot of nothing (but front-page!) publicity last year when he announced he was following Rita Hayworth to Spain, etc., etc., opened The Keyboard, a small, rather chic pub in Beverly Hills last night. Where people sit about in the late hours listening to someone strum a piano in the wee hours. (Don't knock it!). . . . ## ALL AROUND THE TOWN

## A New Day Dawns . . . And Pottstown's Noises . . .

★ O SILENT MORN—The day dawns early for some. Their jobs take the milkman, the newspaper carrier, the garbage man out onto their appointed rounds early. By their sounds you shall know them. The lay-awaker gets to know them all. He could write a symphony on Pottstown's early morning cacophony. The day begins with muted sounds, the shriek of a distant train's whistle, the expulsion of air from the rearing tractor's brakes, the trailer-tractor bouncing over the street's concrete cracks. A faint light breaks the darkness and there's a furtive screeching as the milkman scratches for the gate hinge. His footsteps are heavy, as if he pogoed on rubber heels. Bottles clink. There's a snap of the milkbox top, a whirr! of the starter, and the milkman's off, the first visitor of the day. It's 4 a.m. and sleep won't come. . . .

FAR OFF IN THE DISTANCE—(it must be blocks away) rise a crashing and clattering that can't be manufactured except by tossing of garbage cans. It moves closer. The progress of the garbage truck can be charted by the increasing din. Right under the casement window the lumbering, noisy dumptruck comes to a stop. "Wait a minute, Eddie, until I scrape the dirt off the roof!" The command is issued in a loud voice, just as if the whole town were awake. "Raise the dump can a little," shouts Eddie. "All the way up! Now back a little! Hey, you're going to dump everything on the street!" The buzzing hoist must be moving up-and-down. There's a loud crashing of garbage tops, an explosion of tossed, empty cans. It's a little after 5 o'clock now. . . .

★ SOON The beautiful golden rays of the morning sun will peek over the maples in the East. Songbirds anticipate the dawn. They're chattering in the ash tree. A robin whistles enticingly to his mate. There's an eerie rasp from a catbird. The field doves coo in mournful tune. The town's sounds are beginning a crescendo now. Automobile starters are kicked off with spring-breaking suddenness. Motors are gunned. The first's the sound of the milkman inching through the darkness. Then the Firestone worker. The jeweler, the telephone man. Fingers of light are streaking through the sky. And there's the early bird with his lawn mower. No sunstroke will ever fell him. But his clatter stamps him as the most industrious on the block. . . .

CHILDREN are up now. There's the ambitious Paderewski who practices his piano lessons long before schooltime. It's only 7 now, but he's off to the monotonous repetition of the Barcarole. "Slow-lee o'er the waw, aw, ters riding. . . . Whoops! There's a flat! Now back over it again. "Slow-lee o'er the waw, aw, ters riding. . . . Wrong again! Now back! Now a little forward. Now back! But he's not the only musician in the neighborhood boasts. Up the street a cornetist blasts his reveille with a discordant attempt at "Blest be-ee, the tie-i that binds" for his next Sunday school exhibition. . . .

★ THAT OFFICE WORKER down the street takes over the noise-making spotlight with the surprise of a crash of cymbals. It's the ripping open of his garage doors, the jet-engine zooming of a car in reverse, the grinding of gears and the wham! of a later-goer to his daily chores. Soon school children's busy buzzing fills the street. Their starched dressing fairly crackle in the cool morning air. Their chatter rivals the magpie's as they relish the happenings of yesterday, as they rehearse their lessons for today. The left-at-home small fry watch silently from the high seats on their tricycles, their cozy security of the express wagons. Envy clouds their eyes. If only they were big enough to join the big parade! But that's soon forgotten. Soon a new, shrill chorus fills the street's cavern. "Hey, Eddie, I'll play with you." . . . "Come on over Ginny, and bring your dolly." . . . Ho, Hum! The new day is here and another 24 hours' opportunity for peace and goodwill.

## YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.  
FOR GENERATIONS, asthma sufferers have been migrating to hot, dry climates like that of Arizona, Texas, and Colorado. Family homes have been broken up, and businesses sold in this movement to the southwest.

Although this climate is beneficial to many persons having severe asthma, it is not a panacea for all. Many patients would do as well with competent management at home, as they would in the new environment.

Contrary to popular belief, hot, dry climates do contain pollens to which an asthmatic person can easily become sensitive. Also, these parts of the country are far from dust-free.

Whether or not the climate will help the person suffering from asthma depends upon the cause of his disease.

Certain types of asthma may be due to a form of subconscious mental conflict. The mental effect of almost constant sunshine and no storms can be favorable for these patients. The relief from many of the tensions of living in other parts of the country may also be of help. Of course, new tensions may appear.

In those patients whose asthma is due to repeated respiratory infections, the fact that these infections are fairly infrequent in hot, dry climates, will tend to minimize and lessen the asthmatic attacks.

Some attacks may be directly associated with drastic weather changes. That is why a doctor, who sees one patient with asthma sensitivity caused by weather, is liable to see many of this type in the same evening.

WEDNESDAY, SEPTEMBER 16, 1953

No cord nor cable can so forcibly  
draw, or hold so fast as love can do  
with a twined thread. — Robert Bur-  
ton.

## William, the Delayer, Again

"YOU may as well put on the flowers and  
bury it!"

He had his head buried in The Mercury  
while he sipped his morning cup of coffee.  
He was reading The Mercury's account of  
the Pottstown borough council meeting.

"How zat again?" asked his breakfast  
mate.

"It says here council wants Burgess Grif-  
fith to act on a law to protect kids from death  
in abandoned iceboxes and refrigerators.

"Well, if it's up to Griffith, that's the  
end of that. He never takes a positive  
stand on anything. They may as well  
put the flowers on it and bury it!"

That actually was the comment of a man  
on the street yesterday.

He was talking about a borough ordinance  
to protect children proposed by Councilman  
Charles S. Grubb, of the Ninth ward.

When Councilman Grubb spoke of the  
protective measure, it was referred to Solici-  
tor C. Edmund Wells for study.

But Councilman Stanley Zawaski, of the  
Fourth ward, quickly suggested: "I think  
the matter should be referred to the bur-  
gess."

Council President William H. Reifsnider  
quickly agreed.

"All right," he said, "we'll get the bur-  
gess in on this."

So, if you don't hear anything further on  
the refrigerator law, you'll know why.

Just like you'd hate to be hanging while  
Burgess William H. Griffith delays appointing  
a police surgeon (the vacancy is almost  
five years old) or a civilian defense director  
(which spot is open for a couple of years.)  
Do you recall how it took him 23 days to  
swear in a civil service commission head?

Or another issue: The weed-cutting de-  
flection of the burgess' brother.

Come to think of it, Solon Zawaski prob-  
ably doesn't think well of the refrigerator  
law. Else why should he refer it to the bur-  
gess? Just a few moments before in the coun-  
cil meeting, Councilman Zawaski was com-  
plaining about the lack of weed-cutting ac-  
tion.

Ah, well. Do nothing and no censure will  
accrue!

## The Cafeteria's Popular!

CONGRATULATIONS to Pottstown's school  
directors for a campaign pledge kept and for  
a job well done on the high school cafeteria.

The construction of a cafeteria became a  
campaign issue after a former Democratic  
school board ridiculed suggestions that a  
cafeteria was a necessary adjunct to the high  
school.

They laughed at reports that high school  
students were not eating properly because  
they were spending their lunch money on pin-  
ball machines, on punchboards or for candy  
and ice cream. They scoffed when it was  
hinted pupils were catching colds because  
they had to trudge home in snow and slush,  
in rain and hailstorm for a quick luncheon  
snack.

But level heads later prevailed. Wil-  
bert O. Cressman, resigned vocational  
educational director, threw up a make-  
shift eatery in a couple of cellar rooms.  
Its popularity was apparent from the start.  
The cubbyhole eating place couldn't  
accommodate all its patrons!

Now a new eatery has been constructed.  
It has been mobbed by hungry Trojans who've  
been attracted in such hordes that cafeteria  
workers couldn't keep up with the rush.  
Dishwashers have been cleaning up until 6  
p.m., which promoted school officials to or-  
der a dish washing machine!

It's a vindication of foresighted directors'  
judgment. They deserve a pat on the back.

## Needless Tragedy

THE drowning of 20 soldiers during a train-  
ing maneuver at Ft. Bragg, N. C., is  
doubly tragic because so high a death toll  
seems utterly unnecessary. There were 40  
aboard the engineer assault craft when it  
capsized in a small lake.

The men were in field uniform but car-  
ried no extra equipment except cartridge  
belts and canteens. Obviously a healthy  
young man could swim in calm water with  
no more handicap than this. The fact that  
half of them drowned shows that a high  
proportion could not swim.

The men belonged to an engineer construc-  
tion battalion. This is a type of service that  
frequently takes soldiers on the water. It  
seems strange that the Army, which takes  
time to teach men many skills, including  
some useless ones, had not made sure these  
men possessed the common American knack  
of knowing how to swim.

# School Terror Reigns; Enforce Bike Law

## Must Wait Outside

To the Editor: What schoolman in  
Upper Pottsgrove township suddenly  
thinks himself as the great dictator?

Before the addition to the school was  
added, at least the pupils could go into  
their rooms; and the junior and senior  
high school pupils could go into the  
building and wait for the bus to carry  
them to school.

Now, beginning from the very first  
moment of the first day of school a reign  
of terror has begun.

The pupils cannot get into their rooms  
to stay. They must go outside to the  
rear of the school to wait for the bell at  
8.30.

The pupils waiting to be carried to  
Pottstown schools are ordered to the side  
or rear of the building. If they refuse,  
as a few have, they are immediately or-  
dered to leave the school premises or  
submit to his tyranny.

When the pupils from the surrounding  
area of the school first started to the  
Pottstown schools they were told to wait  
at the school as their permanent bus  
stop.

Now I ask you: Are the pupils that  
much of a disgrace to the school that  
they must hide behind the building and  
are not permitted to enter?

Pottstown RD 3 FOR CHANGE

Time for Action

To the Editor: Here's a note to the  
burgess and police chiefs.

Why doesn't the ordinance forbidding  
bicycles to run and park on sidewalks  
and doorways on High street have en-  
forcement?

Serious and crippling harm can come  
from the 'cyclists' action.

The cops see the law being broken in

front of their eyes. Why don't they en-  
force it?

Instead of spying out the parking vi-  
olators, why don't they correct the car  
sitters who throw their rubbish out of  
their cars.

Our main streets are beginning to  
look like the alleys of New York slums.

Meanwhile our police officers act like  
the comedy kops of the silent movie  
days. No wonder they are criticized.

They fraternize with the riffraff of  
the town instead of being alert and  
watching traffic. This way, traffic has  
to look out for itself while they turn their  
backs and hold protracted conversa-  
tions.

Why doesn't the burgess and the chief  
too step down and let some young blud  
in that has some guts.

Not all our cops come under these  
censures, but the guilty ones will know.  
The public does know.

It's disgusting to have visitors com-  
ing to town and ask where is the police  
force. When they get a peek at it you'd  
be boiled to hear the "compliments."

No wonder that citizens about town  
are clamoring for a change—and it will  
come.

Our city hall is run now like a small  
town village.

With our wealth, works and payroll  
we are still years behind.

It's time to wake up and time for a  
change all the way through city hall.  
So wise up, drones and procrastinators,  
the taxpayers are about fed up.

Let's have new blood—and action.

Pottstown CIVIC-MINDED

## Sidewalks Safer

To the Editor: It is a shame  
that persons are complaining about the  
children riding their bicycles on the side-  
walks.

They have to ride them somewhere  
and the sidewalks are a lot safer than  
the streets.

That Young Mother (Readers Say,  
Sept. 12) must be very young and very  
simple-minded to complain about the  
poor youngsters riding on the sidewalks.

I say let them ride on the sidewalks.  
It is far better to have a pedestrian  
bumped than to have the children hit by  
a car on the streets.

Pottstown FOR CHILDREN

Trim the Show Window

To the Editor: Only 49 more days till  
election day, and one of our councilman  
is in favor of a law which would remove  
doors from all unused iceboxes and re-  
frigerators.

The General Assembly in Harrisburg  
enacts all laws in our commonwealth,  
and if we check the acts of Assembly we  
find that the department of public safety  
is responsible for the protection of life  
and property regardless whether the  
negligent person uses an icebox, auto-  
mobile, waterhole, or dead limbs falling  
from a tree.

If our councilmen would use more ef-  
fort in enforcing the laws they now have  
at their command, they would have no  
time for Legislative duties.

The General Assembly is an able body  
and very grateful to subordinates who  
do their assigned duties.

In the event the councilman is elected  
tax collector, I hope he does not favor  
a law compelling us to use his favorite  
bank.

## The Worry Clinic

By DR. GEORGE W. CRANE

FRANK F. is a returned veteran from  
Korea.

"Dr. Crane, I want to marry a girl  
I met in San Francisco," he began, "but  
my family is horrified."

"This girl needs a break. She is ad-  
dicted to liquor, I'll admit, but I know  
I can reform her and make a good  
woman out of her."

"So don't you think it would be worth  
the gamble? I'm crazy about her, and  
whenever I'm around, she is sober and  
a nice girl."

AFTER FURTHER questioning, I  
found that Frank was simply sexually in-  
fatuated with this girl.

But she was a promiscuous creature  
who drank freely with anybody who paid  
the bill and would then spend the rest  
of the night with her escort.

Such women are very poor marriage  
prospects. It is laudable to wish to re-  
form people. But this girl is surrounded  
by dozens of churches and talented  
clergymen who can help her reform, if  
she really desires to do so.

When you young folks pick a mate,  
never do so with the aim of reforming  
such an individual.

Your job will be very difficult even  
with A-1, quality matrimonial merchan-  
dise, so don't start out with shoddy, de-  
fective or second rate goods.

You pay full price, anyway, when  
you marry, so show the shrewd gumption  
of the proverbial "bargain fiend." Get  
100 cents worth for each matrimonial  
dollar!

Millions of people have learned to  
live with their later sorrow that sexual fascina-  
tion is not enough for founding a happy  
home.

YOUR FUTURE unborn children give  
you their proxy votes, and you should  
keep them vividly in mind when you  
select the future mother or father for  
your youngsters.

Love isn't enough for an ideal mar-  
riage. Besides, love can develop by go-  
ing through the proper motions, dates,  
compliments and caresses with any rea-  
sonably desirable member of the op-  
posite sex.

Many of you teen-agers don't realize  
the fact that love can be produced re-  
peatedly. That may sound callous, or  
violate your poetic idealism, but it is  
true.

## ALL AROUND THE TOWN

# A New Day Dawns . . . And Pottstown's Noises . . .

★ O SILENT MORN—The day dawns  
early for some. Their jobs take the  
milkman, the newspaper carrier, the  
garbage man out onto their appointed  
rounds early. By their sounds you shall  
know them. The lay-awaker gets to  
know them all. He could write a sym-  
phony on Pottstown's early morning ca-  
phony. The day begins with muted  
sounds, the shriek of a distant train's  
whistle, the expulsion of air from the  
roaring tractor's brakes, the trailer-  
tractor bouncing over the street's con-  
crete cracks. A faint light breaks the  
darkness and there's a furtive screech-  
ing as the milkman scratches for the  
gate hinge. His footsteps are heavy, as  
if he pogoed on rubber heels. Bottles  
clink. There's a snap of the milkbox top,  
a whirr! of the starter, and the  
milkman's off, the first visitor of the day.  
It's 4 a.m. and sleep won't come . . .

FAR OFF IN THE DISTANCE—  
(it must be blocks away) rise a  
crashing and clattering that can't  
be manufactured except by tossing of  
garbage cans. It moves closer.

The progress of the garbage truck  
can be charted by the increasing din.  
Right under the casement window  
the lumbering, noisy dumptruck  
comes to a stop. "Wait a minute,  
Eddie, until I scrape the dirt off the  
roof!" The command is issued in a  
loud voice, just as if the whole town  
were awake. "Raise the dump can  
a little," shouts Eddie. "All the way  
up! Now back a little! Hey, you're  
going to dump everything on the  
street!" The buzzing hoist must be  
moving up and down. There's a loud  
crashing of garbage tops, an explo-  
sion of tossed, empty cans. It's a  
little after 5 o'clock now . . .

★ SOON THE beautiful golden rays of  
the morning sun will peek over the map-  
les in the East. Songbirds anticipate  
the dawn. They're chattering in the ash  
tree. A robin whistles enticingly to his  
mate. There's an eerie rasp from a cat-  
bird. The field doves coo in mournful  
tune. The town's sounds are beginning  
a crescendo now. Automobile starters  
are kicked off with spring-breaking sud-  
denness. Motors are gunned. The first's  
the sound of the milkman inching through  
the darkness. Then the Firestone worker.  
The jeweler, the telephone man. Fingers  
of light are streaking through the  
sky. And there's the early bird with his  
lawn mower. No sunstroke will ever  
fell him. But his clatter stamps him as  
the most industrious on the block . . .

CHILDREN are up now. There's  
the ambitious Paderewski who prac-  
tices his piano lessons long before  
schooltime. It's only 7 now, but he's  
off to the monotonous repetition of  
the Barcarole. "Slow-lee o'er the  
waw, aw, ters riding . . . Whoops!  
There's a flat! . . . Now back over it  
again. "Slow-lee o'er the waw, aw,  
ters riding!" . . . Wrong again. . . .  
Now back! Now a little forward. Now  
back! But he's not the only musician  
the neighborhood boasts. Up the  
street a cornetist blasts his reveille  
with a discordant attempt at "Blest  
be-ee the tie-i that binds" for his  
next Sunday school exhibition . . .

★ THAT OFFICE WORKER down the  
street takes over the noise-making spot-  
light with the surprise of a crash of cy-  
mbals. It's the ripping open of his garage  
doors, the jet-engine zooming of a car  
in reverse, the grinding of gears and the  
wham! of a later-goer to his daily  
chores. Soon school children's busy  
buzzing fills the street. Their starched  
dressing fairly crackle in the cool morn-  
ing air. Their chatter rivals the magpie's  
as they relish the happenings of yester-  
day, as they rehearse their lessons for  
today. The left-at-home small fry watch  
silently from the high seats on their tri-  
cycles, their cozy security of the express  
wagons. Envy clouds their eyes. If  
only they were big enough to join the big  
parade! But that's soon forgotten. Soon  
a new, shrill chorus fills the street's  
cavern. "Hey, Eddie, I'll play with  
you!" . . . "Come on over Ginny, and  
bring your dolly." . . . Ho, Hum! The  
new day is here and another 24 hours' op-  
portunity for peace and goodwill.

## YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

FOR GENERATIONS, asthma suf-  
ferers have been migrating to hot, dry  
climates like that of Arizona, Texas, and  
Colorado. Family homes have been  
broken up, and businesses sold in this  
movement to the southwest.

Although this climate is beneficial to  
many persons having severe asthma, it  
is not a panacea for all. Many patients  
would do as well with competent man-  
agement at home, as they would in the  
new environment.

Contrary to popular belief, hot, dry  
climates do contain pollens to which an  
asthmatic person can easily become  
sensitive. Also, these parts of the  
country are far from dust-free.

Whether or not the climate will help  
the person suffering from asthma de-  
pends upon the cause of his disease.

Certain types of asthma may be due  
to a form of subconscious mental con-  
flict. The mental effect of almost con-  
stant sunshine and no storms can be  
favorable for these patients. The relief  
from many of the tensions of living in  
other parts of the country may also be  
of help. Of course, new tensions may  
appear.

In those patients whose asthma is due  
to repeated respiratory infections, the  
fact that these infections are fairly in-  
frequent in hot, dry climates, will tend  
to minimize and lessen the asthmatic at-  
tacks.

Some attacks may be directly asso-  
ciated with drastic weather changes.  
That is why a doctor, who sees one pa-  
tient with asthma sensitivity caused by  
weather, is liable to see many of this  
type in the same evening.

Fresh paint applied a month ago gives a new look to this 15-year-old home of Mr. and Mrs. Ernst H. Struckmann at 261 Maplewood drive. The house is white, with shutters painted what Mrs. Struckmann forthrightly termed "fire en-

gine red." The shutters had been green.

The house, which was built by Paul L. A. Keiser, Pottstown contractor, is bigger than it looks from the front. It has 11 rooms.

Downstairs are the living room, dining room, kitchen

and dinette, which they use except for more or less formal meals. Upstairs are four bedrooms and two baths.

The porch was enclosed in 1945. The shrubbery has been added to over the years.

The Struckmanns have two children, Suzanne, 8, and Billy, 5.

The father is general production manager and vice president of Mrs. Smith's Pie company.

## DRIVER CHARGED WITH HIT-RUN

Trapped After Flat Tires, Damages Disable Auto

Flat tires helped prove the undoing of a 27-year-old Pottstown area man who was accused of hit-run driving early yesterday.

William Robert Kidd, Pottstown RD 4, was arrested by Jeffersonville State police as he was parked along a side road about two miles from the scene of a hit-run crash along Egypt road in Audubon.

His 1952 sedan had an estimated \$800 damage, police reported. Apparently, the damage plus the flat tires made it impossible for the car to continue.

Kidd is accused of plowing across a lawn into the car of Charles Reinl, Audubon, which was parked on Reinl's lawn. The hit-

car, a 1949 sedan, had an estimated \$500 damage.

In addition to the hit-run charge, Kidd was charged with operating while his license was suspended.

Brought before Justice of the Peace Arthur Horrocks, Norristown RD 3, Kidd was unable to post the required \$1000 bail and was committed to Montgomery county prison, Norristown.

## Egypt Reports Building Ten Arms Factories

CAIRO, Egypt, Sept. 15 (AP)—Col. Gamal Salem, a member of the Army revolutionary council, said in a nation-wide broadcast tonight that Egypt is building ten arms factories.

Three of these are in full operation already; another four will start production before the end of next year and the remainder will be finished by 1955, he said.

Informed sources said these factories include a late model rocket plant built under the guidance of German war-time rocket experts.

The Smithsonian Institution says cockroaches will eat almost any kind of foodstuff.

## Moscow Announces Plan For Department Store

LONDON, Sept. 15 (AP)—Russia's biggest department store will open in Moscow in November, Moscow radio said today.

The broadcast said the new store will be three times as big as the largest store in Moscow at present—the Central department store—and will sell 30,000 commodities.

## Grass Fire Quelled On West King Street

A grass fire at the Pottsgrove Manor property, West King street, which firemen believe was set by an irresponsible person, was doused in 15 minutes by members of the Good Will company yesterday afternoon.

Chief Robert Roth reported the fire probably was started by an "irresponsible person."

Nine members answered the call at 4:25 p. m. They drove to the scene in the pumper, service truck and ambulance and returned 15 minutes later.

Indian tanks and the booster tank were employed to wet down flames which were fanning out toward a home.

Desk Sgt. Russel B. Hummel relayed the call from borough hall to the Good Wills.

## Blood Donors to Get Chance to Replenish Supply of Globulin

Relatives of a Stowe polo victim have become the first Pottstown area recipients of Red Cross preventative treatment against the dreaded disease.

And Pottstown blood donors will be given the privilege of replacing the blood supply needed for gamma globulin, short-term immunization treatment tomorrow when the bloodmobile pays another visit to the borough.

The Red Cross crew, nurses and doctors will be on hand at the YWCA from 1 to 6:30 p. m. At least 75 additional donors are needed to make this blood day a success. Seventy-five have signed.

The polo victim which prompted the first local use of gamma globulin was Sharon Crater, 13, daughter of Mr. and Mrs. John W. Crater, Grovetown road and West High street.

She was stricken at Promised Land lake in the Poconos while vacationing with her family this Sept. 7, and admitted to Montgomery hospital, Norristown.

INNOCULATED with gamma globulin against polio were her brother, Jeffrey, 6; her aunt and cousin, Mrs. Doris Church, and daughter, Judy, Printz apartments, 247 High street, and another aunt and cousin, Mrs. Ruth Crater and daughter, Cathie, Pottstown RD 2.

Physicians who will assist at tomorrow's blood day are Dr. George M. Longaker Jr., Dr. Frederic M. Walp and Dr. Arthur F. Mann.

# Area Dairy Farm Paid Visit by Crown Prince of Japan

Akihito, crown prince of Japan, visited a dairy farm southeast of Pottstown in Northern Chester county yesterday.

Accompanied by his Japanese entourage and by State department representatives, he spent two hours on the farm near Anselma owned by Robert Ballinger.

A typical American dairy farm was one of the things Akihito wanted to see, and Ballinger's farm was chosen because he is acquainted with State department officials.

Akihito

The crown prince and his party were shown around the farm by Ballinger and Joseph Kennel, who farms the property for Ballinger.

The 180-acre farm, Norwyn, has 60 head of Holstein cattle.

The young prince had little to say and few questions to ask during the visit, which included lunch at the farmhouse.

# LET US SHOW YOU EXACTLY WHY IT PAYS TO SWITCH TO MERCURY

### DISCOVER YOUR SAVINGS ON ORIGINAL COST

You get more for your present car. Mercury's soaring popularity lets us operate at a higher volume, lower profit per deal. We can afford to give far-better-than-average trade-in allowances.

You get more new car for your money. Mercury prices start below some models of "low-priced" cars. Yet you get luxury features unmatched in cars costing far more than Mercury! You even save on optional power features—up to 22% on power steering! And only Mercury in its class offers you a 4-way power seat that adjusts up and down as well as back and forth.

### SEE HOW YOU SAVE ON OPERATING COST

You save by the mile. Compare Mercury's past 4-year record for economy (with overdrive) in official tests. (We'll be glad to show you the figures.) You'll discover that no other car can match its consistent record. You save by the gallon. You can always use regular gasoline. You save by the year. Mercury's long life and stamina cut maintenance to a rock-bottom low. (91% of all Mercurys ever built for use in this country are still on the road!)

### COMPARE YOUR FUTURE SAVINGS ON TRADE-IN VALUE

Mercury consistently tops its class for trade-in value. (We have authoritative market reports that prove it.) The reason? People recognize extra value. They know that Mercury's years-ahead styling will protect their investment best by staying newer-looking longer. They know that Mercury's performance is proven V-8 performance—Mercury is the only car that has always used V-8's.

Why not stop around at our showroom, or phone us, today? Let us show you exactly—with figures, features, and at the wheel—why it will pay you to make your next car a Mercury.

In addition to his teaching duties, Tyrer coached basketball and was adviser to the Senior class. He will teach English and coach the varsity basketball team. Mr. and Mrs. Tyrer will occupy the apartment in 3 East of the middle school.

Mrs. Isaac Thomas will serve as assistant librarian.

## Area Dairy Farm Paid Visit by Crown Prince of Japan

Akihito, crown prince of Japan, visited a dairy farm southeast of Ludwig's Corner in Northern Chester county yesterday.

Accompanied by his Japanese entourage and by State department representatives, he spent two hours on the farm near Anselma owned by Robert Ballinger.

A typical American dairy farm was one of the things Akihito wanted to see, and Ballinger's farm was chosen because he is acquainted with State department officials.

The crown prince and his party were shown around the farm by Ballinger and Joseph Kennel, who farms the property for Ballinger. The 180-acre farm, Norwyn, has 60 head of Holstein cattle.

The young prince had little to say and few questions to ask during the visit, which included lunch at the farmhouse.

## US Court Grants Delay In Immigration Hearing

PHILADELPHIA, Sept. 15 (AP) —

The US District court today granted a delay in a scheduled immigration hearing regarding the citizenship of Abraham Mink, 55, reputed Reading gambling figure. Mink was under subpoena to appear tomorrow before Karl I. Zimmerman, district director of the US Immigration and Naturalization service.

But his counsel, Jacob Kossman, asked Judge George A. Welsh to quash the petition of the agency, arguing that the Immigration service has no authority or jurisdiction to question an American citizen about his citizenship.

A PREVIEW of what the well dressed Pottstonian will be wearing in the coming months, is modeled by Mrs. Will Prince (left) and Mrs. S. Richard

Brown (right). Mrs. Prince's afternoon outfit features a black jersey neck top, with the very new white kid French cuffs, combined with a chromespun taffeta skirt.

Mrs. Brown practices for her part in the Century Club fashion show by modeling a black wool sheath trimmed with black fox fur. Both wear complementary cocktail hats from the Ellis Mills store.

—Mercury Staff Photo  
CLUB PRESIDENT, Mrs. John A. Barlow, is shown wearing a purple wool dress with ermine trim. Her hat is off-white beaver with a dash of orange at the brim.

A gold and rhinestone, trimmed brown wool jersey is one of the outfits to be worn by Mrs. Harold Buckwalter. A sand colored beaver pillbox completes her costume.

Beginning at 2:30 today these and other fashions will be shown at Lakeside Inn, Route 422, Limerick. Dresses, coats and suits are being shown by Viola Grow. Furs are by Margaret Fray.

## WSCS of the First Methodist Church Schedules Flower Show for Tomorrow

Gardeners and flower lovers from this area will be interested to know that the Flower Show and Supper sponsored by the Women's Society of Christian Service has been scheduled for tomorrow.

Open to the public, the show will be held at the First Methodist church.

Displays of flower arrangements will be placed in the lobby of the church school building, while the individual blooms and exhibits of three of a kind will be shown in fellowship hall.

Under each variety there will be two classes, single bloom, and three blooms or sprays.

The following flowers will be included in the judging: asters, azaleas, calendulas, cosmos, coxcomb, large and small dahlias, large and small marigolds.

Nasturtium, single and ruffled petunia, scarlet sage, scabiosa, snapdragons, verbenas, large and small zinnias, roses (hybrid teas and floribundas) and African violets.

Arrangements may be entered under any of the following classifications: an arrangement in any container not intended for flowers; best arrangement of flowers in a bowl, basket or vase.

Best display of flowering shrubs; best arrangement, not one color but one color predominating; best miniature not over three inches.

Dining table arrangements, flowers, vegetables or fruit. The table will be supplied by the church, but exhibitor must take his own table cover.

Best arrangement of flowers for a hall table; best dry arrangement of flowers and leaves.

The rules for the flower show are as follows: all flowers must be grown by the exhibitor; exhibits must be placed by 11:30 a. m. to be judged; no person shall have more than one exhibit in any class.

In an arrangement the container is judged with the flowers; exhibits must remain in place until closing time.

The prizes will be: first, gold award; second, blue award; third, red award; honorable mention, green award.

The show is opened to the public at 3 p. m. and supper will be served from 4 to 7.

Committee for the show includes Mrs. Samuel Harner, Mrs. Alfred Bewley, Mrs. Carl Kessler, Mrs. E. O. Lloyd, Mrs. Howard Kenney.

Mrs. Raymond McMonigle, Mrs. Clarence Pike, Evelyn Rahn, Mrs. Merrill Umstead, Mrs. Harry Spare, Mrs. Ralph Schlichter and Alice Marquette.

Judges of the show will be: Richard Chillas Jr., president of the Germantown Horticulture society; Mrs. Griscom Bettle Jr., Wynnewood, and Mrs. G. A. Dick, Shillington.

A PREVIEW of what the well dressed Pottstonian will be wearing in the coming months is modeled by Mrs. Will Prince (left) and Mrs. S. Richard

Brown (right).  
Mrs. Prince's afternoon outfit features a black jersey neck top, with the very new white kid French cuffs, combined with a chromespun taffeta skirt.

Mrs. Brown practices for her part in the Century Club fashion show by modeling a black wool sheath trimmed with black fox fur. Both wear complementary cocktail hats from the Ellis Mills store.

—Mercury Staff Photo  
CLUB PRESIDENT, Mrs. John A. Barlow, is shown wearing a purple wool dress with ermine trim. Her hat is off-white beaver with a dash of orange at the brim.

A gold and rhinestone trimmed brown wool jersey is one of the outfits to be worn by Mrs. Harold Buckwalter. A sand colored beaver pillbox completes her costume.

Beginning at 2:30 today these and other fashions will be shown at Lakeside inn, Route 422, Limerick. Dresses, coats and suits are being shown by Viola Grow. Furs are by Margaret Fray.

## WSCS of the First Methodist Church Schedules Flower Show for Tomorrow

Gardeners and flower lovers from this area will be interested to know that the Flower Show and Supper sponsored by the Women's Society of Christian Service has been scheduled for tomorrow.

Open to the public, the show will be held at the First Methodist church.

Displays of flower arrangements will be placed in the lobby of the church school building, while the individual blooms and exhibits of three of a kind will be shown in fellowship hall.

Under each variety there will be two classes, single bloom, and three blooms or sprays.

The following flowers will be included in the judging: asters, azaleas, calceolarias, cosmos, coxcomb, large and small dahlias, large and small marigolds.

Nasturtium, single and ruffled petunia, scarlet sage, scabiosa, snapdragons, verbena, large and small zinnia, roses (hybrid teas and floribundas) and African violets.

Arrangements may be entered under any of the following classifications: an arrangement in any container not intended for flowers; best arrangement of flowers in a bowl, basket or vase.

Best display of flowering shrubs; best arrangement, not one

color but one color predominating; best miniature not over three inches.

Dining table arrangements, flowers, vegetables or fruit. The table will be supplied by the church, but exhibitor must take his own table cover.

Best arrangement of flowers for a hall table; best dry arrangement of flowers and leaves.

The rules for the flower show are as follows: all flowers must be grown by the exhibitor; exhibits must be placed by 11:30 a. m. to be judged; no person shall have more than one

exhibit in any class.

In an arrangement the container is judged with the flowers; exhibits must remain in place until closing time.

The prizes will be: first, gold award; second, blue award; third, red award; honorable mention, green award.

The show is opened to the public at 3 p. m. and supper will be served from 4 to 7.

Committee for the show includes Mrs. Samuel Harner, Mrs. Alfred Bewley, Mrs. Carl

**READY FOR TOUR** — Several Pottstowners are among the hundreds of antique car fanciers taking part in the Glidden cross-country tour in Ohio this week.

Here they are shown as they greeted Roger S. Firestone, president of Firestone plastics division, who was principal speaker at the send-off dinner for the tour drivers in Cleveland on Monday.

Mr. and Mrs. William Pollock are seated in the 1907

Pottstown-built Chadwick touring car.

Those standing in front are Congressman Paul W. Shafer, of Michigan; Firestone, Mr. and Mrs. William J. Boden Jr.; and Dr. Jay Moody, Newport, R. I., president of the Veterans Motor Car Club of America.

The tour, which tests "reliability" of the old cars, includes stops at Columbus, Ohio; Dearborn, Mich.; and Detroit, Mich., where the tour will end on Saturday.

## Antique Car Owners Are 'Somewhere' In Ohio in Revival of Glidden Tour

Pottstown's most fearless antique car owners are chugging down a highway somewhere in Ohio today, testing their machines for "reliability."

Mr. and Mrs. William J. Boden Jr. and Mr. and Mrs. William Pollock are the local young people in the old cars.

They are among the owners of 341 antique cars taking part in the eighth annual revival of the Glidden tour.

Sponsored by the American Automobile association, the cross country reliability tour began in Cleveland, Ohio, on Monday morning.

ROGER S. FIRESTONE, president of the Firestone plastics division, was principal speaker at a send-off dinner there for the tourists.

In his talk he expressed his pleasure at seeing many members of the Antique Automobile Club of America, who visited Pottstown the past year.

"My brothers and I are happy that the Firestone company has been able to help in the revival of the Glidden tour by manufacturing the old non-skid tires that officially went out of production in 1920, and in making them available to you," he said.

Firestone recalled that his family has always been interested in the Glidden tour.

## Quick Relief from Pile Irritation

40 years ago a Buffalo druggist created an ointment to relieve itching smarting piles. It brought such quick, cooling, soothing, astringent relief that its fame spread across the land making Peterson's Ointment a favorite in thousands of homes. Ask your druggist today for 45c box or 70c applicator tube. Peterson's Ointment delights or money back.

## Symphony Orchestra To Start Rehearsals

Pottstown's Civic Symphony orchestra will begin rehearsals next Tuesday.

Rehearsals will be held each Tuesday in the Moose auditorium at 8 p. m., with Kenneth Morse conducting.

All musicians of the Pottstown area are invited to participate and become members of the symphony, the music committee of Moose Lodge 369 announced.

No fee is required to become a member, the committee added.

The lodge, sponsor of the symphony, has a musical library on hand and free symphony concerts will be given in the Moose auditorium for the public.

## WEATHER —

(Continued From Page One)

skies for a short time but no damage was reported locally.

Lightning, did strike a tree and spread into a field near Red Hill. Firemen from the Red Hill Fire company answered the alarm with both trucks at 10:35 o'clock.

Firemen who had the blaze under control by 11 o'clock reported no damage.

The weather man calls for some cloudiness today. Thursday fair and moderate.

## Local Kiwanis to Meet With West Chester Club

Pottstown Kiwanians will journey to West Chester tomorrow for a joint meeting with the Kiwanis club there at 6:15 p. m.

Because of the large number of Second graders, this grade will be split into two sections this term.

Half-day sessions for all eight grades will be the schedule for the first week of school. First graders will have half days throughout the term.

Some grades will meet in the school cafeteria until the new basement room is completed and 40 new desks installed there.

## Oyster Supper Planned By Lutheran Brotherhood

The Brotherhood of New Hanover, Lutheran church at a special meeting last night planned to hold its third annual oyster supper Saturday, Oct. 3, in the parish house.

President Wilmer Hollowbush announced that the regular monthly meeting of the Brotherhood will be held Monday, at the church to complete arrangements and assign committees.

## ASSISTANT DA DIES

PITTSBURGH, Sept. 15 (AP) — A heart attack caused the death today of Assistant District Attorney Frank Butler, 50. He is a former Pittsburgh reporter and a World War II veteran.

In the early 1800s New York and Montreal were two of the larger cities of America and freight between them moved by water via the Hudson and Lake Champlain.

## LAST SCHOOL IN AREA TO OPEN

**Consolidated Building In Skippack Will Get Underway Today**

Skippack's W. J. Wright Consolidated school will open today. It is the last to begin the new term in the Pottstown area.

Opening of the school was postponed from Sept. 8 because renovations were incomplete.

While a new classroom in the basement is still not ready for use, the directors decided that further delay would confuse the school's schedule.

Board President C. Kepler Tyson announced that three new teachers will be on hand for the opening.

They are Mrs. Francis J. Laverly, Washington Square, who will teach Fourth grade; Mrs. Kenneth Scheid, Norristown, Seventh grade; and Mrs. Melville Thims, Jeffersonville, Second grade.

All are experienced teachers, Tyson said.

ENROLMENT will probably be higher than the past year, the board president said, but the number of First graders (50) will be lower than the past year's (63).

Because of the large number of Second graders, this grade will be split into two sections this term.

Half-day sessions for all eight grades will be the schedule for the first week of school. First graders will have half days throughout the term.

Some grades will meet in the school cafeteria until the new basement room is completed and 40 new desks installed there.

## POTTSGROVES —

(Continued From Page One)

town toward the small outlying districts.

He recalled that a year and a half ago, the Lower Pottsgrove board turned down suggestions that it move away from Pottstown by merging with Limerick township.

On the other hand, he said, discussions among Pottstown and Pottsgrove leaders the past Spring on broad merger questions had gotten nowhere.

If Lower Pottsgrove is to go along, he said, "I know that our board will want to be in on it from the beginning."

Donnon pointed out that the surrounding townships, while growing rapidly, still are small, and that a modern, broad educational program at the junior-senior high levels requires fairly large-scale operations.

The two board presidents not in favor of merging with Pottstown conceded that eventually they might be forced into it by the State, which has been pushing mergers hard in the past few years.

IN WEST Pottsgrove, Harp recalled, the board had gone ahead with plans more than a year ago to set up an authority that would build a much-needed elementary school.

But the State has steadfastly refused to approve these plans, and West Pottsgrove still is overcrowded, with both elementary and high school pupils in the high school building.

"We're hanging in mid-air," Harp said, "We're getting nowhere fast."

He said "The State doesn't want to appropriate this money to individual schools (as opposed to merged schools)." But on the

other hand, he said, "They haven't told us definitely what they want us to do." He emphasized "what."

He termed the over-crowding "a serious problem," but said that once a new elementary school is built, West Pottsgrove should not have any junior-senior high school problem for awhile.

IN UPPER Pottsgrove, Fadler said, the two-room addition opened this year will take care of its school population problem for awhile. He added quickly, "Understand I don't say how long we'll be all right. Every time you turn around, there're more houses going up here in the township."

Donnon, while saying that he felt that school districts in the same general community, as Pottstown and the Pottsgroves are, should not hesitate to cross boundary lines, added that there are valid reasons for township school boards hesitating to join a merger.

He noted that Pottstown's Senior High school is out-moded. He said that Pottstown's stalled plan to build a memorial gymnasium at the junior high school would not go over well with many township taxpayers.

The memorial gym plan, which would have brought 12 classrooms to the present junior high gym, died on the vine—again because of State resistance.

The State said that it didn't want to risk having such greatly expanded facilities built in Pottstown, only to find that junior and senior high school pupils from outlying districts, who now come to Pottstown, were withdrawn to some consolidated high school elsewhere.

The surrounding townships now

have 269 pupils in the junior high. The borough has 900.

IN EFFECT, the State was telling Pottstown that it would have to get a merger movement going or do without new buildings.

The alternative for Pottstown, and surrounding townships, is to have the school districts float their own bond issues, but the boards have been reluctant to attempt this, because it might be voted down at a referendum or might put the districts into greater debts than they are allowed by law.

Complicating the Pottstown picture still further is the fact that a Catholic high school for Pottstown is expected to be completed within two years, which would take pupils from the borough senior and junior high schools.

## Yom Kippur Rites - Scheduled by Jews

Yom Kippur, most sacred day of the year in Judaism, will be observed by Pottstown's Jewish community on Saturday.

It will be the Day of Atonement, the final day of the ten-day penitential period beginning with Rosh ha-Shonoh.

Congregation Mercy and Truth will begin its observance of Yom Kippur at sundown on Friday night.

Candles will be lighted in the homes of members and a three-hour service will begin in the synagogue at 6:50 o'clock.

Dr. Emil Schorsch, rabbi, will deliver a sermon on the topic "The Balance of History" at the service.

Members of the congregation will observe a 24-hour fast in connection with the holy day.

### Antique Car Owners Are 'Somewhere' In Ohio in Revival of Glidden Tour

Pottstown's most fearless antique car owners are chugging down a highway somewhere in Ohio today, testing their machines for "reliability."  
Mr. and Mrs. William J. Boden Jr. and Mr. and Mrs. William Pollock are the local young people in the old cars.  
They are among the owners of 341 antique cars taking part in the eighth annual revival of the Glidden tour.  
Sponsored by the American Automobile association, the cross country reliability tour began in Cleveland, Ohio, on Monday morning.  
ROGER S. FIRESTONE, president of the Firestone plastics division, was principal speaker at a send-off dinner there for the tourists.  
In his talk he expressed his pleasure at seeing many members of the Antique Automobile Club of America, who visited Pottstown the past year.  
"My brothers and I are happy that the Firestone company has been able to help in the revival of the Glidden tour by manufacturing the old non-skid tires that officially went out of production in 1929, and in making them available to you," he said.  
Firestone recalled that his family has always been interested in the Glidden tour.

They spent last night in Columbus, Ohio. Today they will head for Dearborn, Mich. Tomorrow they will end the tour with a parade in Detroit, Mich.

## TALKS SLATED BY DELEGATES ON FLAGG STRIKE

Services for President Of Firm Scheduled Tomorrow

Contract negotiations between union and company representatives of the Stanley G. Flagg company, Stowe, scheduled for tomorrow, will be held despite the death of company President S. Griswold Flagg.

The negotiations, originally slated for the Warwick hotel, Philadelphia, have been rescheduled for the Bellevue-Stratford hotel. The sessions will get underway at 11 a. m.

Services for the 67-year-old president of the steel firm, who died from a heart attack Monday-afternoon in Bryn Mawr hospital, will be held at 2:30 p. m. tomorrow in Bryn Mawr.

At the same time memorial services will be conducted by the Rev. George A. Lineker in Christ Episcopal church. Members of the Flagg Quarter Century club, supervisory, office and other employees and friends are invited to attend.

ALTHOUGH THE marathon strike, which saw 800 steel workers walk off their jobs this past Aug. 1, has entered its seventh week, employees at the plant had a good opinion of Mr. Flagg.

Thomas Carter, 305 East Vine street, a 30-year employee at the firm, said, "He was a friendly and decent man. I knew him for 30 years and often talked to him. I hadn't seen him as much in recent years."

"I last remember him in the office about eight weeks ago," Roy Eagle, 323 Vine street, Stowe, explained. "Yes, Mr. Flagg was a good man. Why he was the first president of West End Fire company many years ago."

"I respected the man and always got along with him well," Russell P. Yost, 109 East Race street, head of the guards at the big steel plant, and a 33-year employee said. "I always thought he was a good man to work for. He was fair minded. Whenever anyone went to him he was willing to listen."

UNION REPRESENTATIVES at tomorrow's session will include members of the bargaining committee headed by President Clarence Matz and Vice President Raymond Wilkinson and William Robbins, staff representative.

The firm will be represented by Ralph A. Lind, labor consultant, Stanley P. Elliott, director of personnel and assistant general superintendent, and Alden J. Ramsdell, assistant to Elliott.

Charles Schmidt of the State Mediation bureau will meet with rival parties.

Tomorrow's session will be the second attempt to settle the long strike.

This past September 3 negotiators from both sides failed to make progress in the first conference since the beginning of the strike.

The company offered an 8 1/2-cent hourly wage boost, the same figure previously suggested.

Union representatives want more than the 8 1/2-cent settlement of the industry because of what they term a lag in pay over the years at the Flagg firm.

## Friends Pleas Save Youth From Jail In Killing of Chum

PITTSBURGH, Sept. 15 (AP)—Friends and neighbors of 16-year-old Robert Laverick put in good words for him today and he got off with a six-year probationary sentence for killing his pal.

Laverick told Judge A. A. Nelson the shooting a year ago of his friend, Dale Weaver, also 16, wasn't intentional. The youth was almost in tears as he testified that a blast from his shotgun fatally wounded his chum. They had quarreled in a "clubhouse" in nearby West Elizabeth.

The Cambria county judge, after hearing counsel for both sides request leniency, complied. He said:

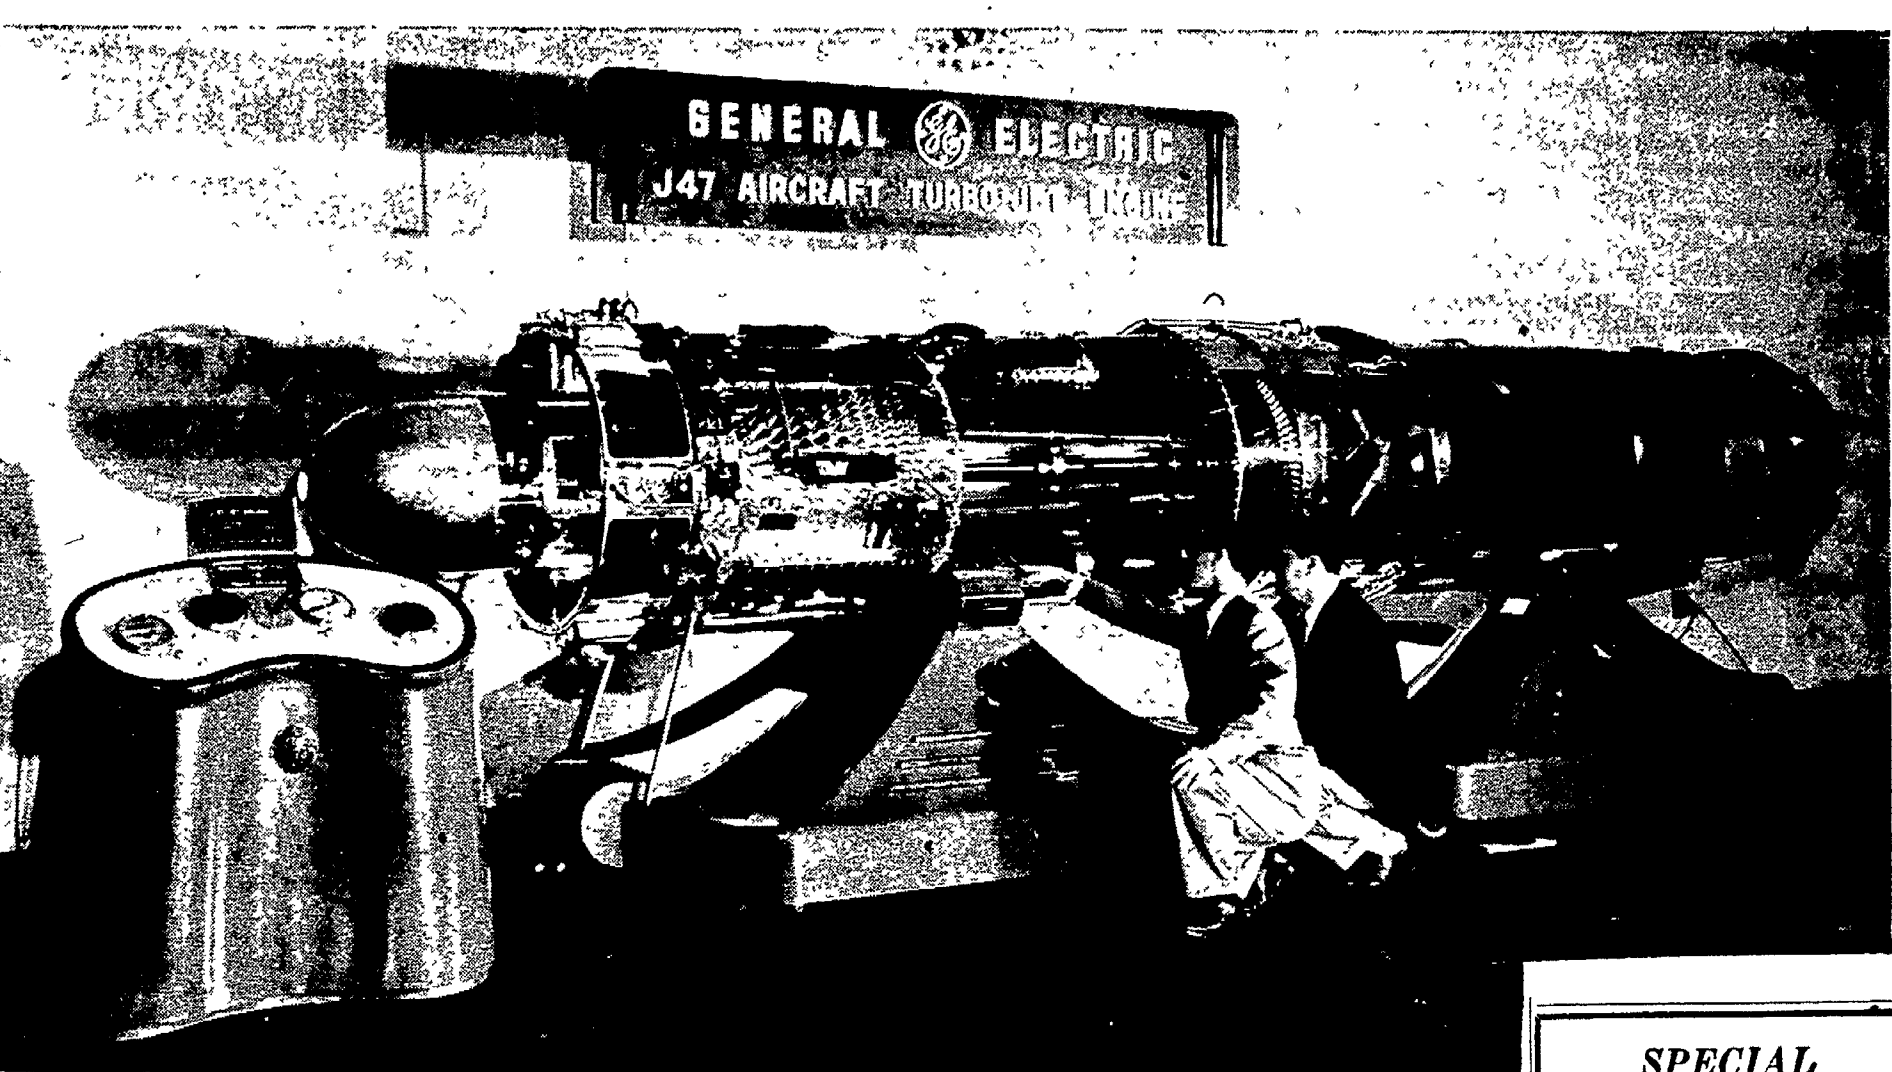

"Robert, you are very fortunate. This demonstration on the part of your friends and neighbors has left a profound impression with me. Their wishes and suggestions with regard to the sentence will be carried out."

## Jacobs Plant to Exhibit Jet Engine At Armory Here Beginning Monday

Pottstown will have a look at a jet fighter plane engine in slow-motion action at the exhibit Jacobs Aircraft Engine company is holding in the armory at 261 King street Monday through Wednesday.

This was reported yesterday by Floyd J. Sisto, vice president and general manager of Jacobs, which has arranged to have the Air Force send the J47 jet engine from the Air Force's Dayton, Ohio, headquarters.

Jacobs makes several of the most important components of this engine for General Electric company. The J47 is the engine that powers the F86 Sabrejet fighter, which has been nicknamed "The MIG Killer" for its performance in battles with Communist planes over Korea.

The jet engine on exhibit has been cut away to provide a behind-the-walls look at its inner workings. An electric motor will run the engine in slow motion through its operational cycle.

THE EXHIBIT, which will occupy two-thirds of the big armory, will be open the three days from 2 p. m. to 4 p. m. and from 6 p. m. to 9 p. m. It is free and open to the public.

There also will be Walt Disney color films on the history of flying and jet propulsion, and a display of engines built by Jacobs during its 25-year history, from the first two cylinder engine to the present seven-cylinder radial engine, which powers the Cessna 193 "Business Liner Executive."

These radial engines are built entirely by Jacobs. There also will be displays of the intricate assemblies and gears that Jacobs makes for jets and other work supplied to the Air Force.

Four airmen of the Air Force will be on hand to explain the big jet engine's operations, while

Autocar Plant Sale Announced by Brokers PHILADELPHIA, Sept. 15 (AP)—Sale of the Autocar plant in suburban Ardmore to the Land Hold-

ing corporation at a reported price of \$2,000,000 was announced today by Boyd T. Barnard, president of the Jackson-Cross company brokers.

Autocar, now a division of the White Motor company, following a recent merger, is scheduled to move its operations by next May to a \$2,000,000 plant it will build at Exton in Chester county.

Autocar, located in Ardmore, since 1900, employs about 1200 persons.

Man Claims Rights To 'Flying Saucer' PATERSON, N. J., Sept. 15 (AP)—A suit seeking to establish exclusive property rights to the "Flying Saucer" was filed in Superior court today.

Bruno Nagler a White Plains, N. Y., manufacturer, claims the "Flying Saucer" is his and sale of what he called an "infringing product" is diminishing its value.

Nagler wants \$2500 in damages from McCrory stores, Passaic, and a permanent injunction barring the firm from selling the "Flying Prop," which he contends "closely resembles the distinctive design" of the "Flying Saucer."

McCrory must show cause in Superior court, Hackensack, Sept. 25, why it should not be made to stop selling the "Flying Prop" or using its trademark.

The "Flying Saucer" and the "Flying Prop" are helicopter-type toys.

## TALKS SLATED BY DELEGATES ON FLAGG STRIKE

Services for President Of Firm Scheduled Tomorrow

Contract negotiations between union and company representatives of the Stanley G. Flagg company, Stowe, scheduled for tomorrow, will be held despite the death of company President S. Griswold Flagg.

The negotiations, originally slated for the Warwick hotel, Philadelphia, have been rescheduled for the Bellevue-Stratford hotel. The sessions will get underway at 11 a. m.

Services for the 67-year-old president of the steel firm, who died from a heart attack Monday afternoon in Bryn Mawr hospital, will be held at 2:30 p. m. tomorrow in Bryn Mawr.

At the same time memorial services will be conducted by the Rev. George A. Lincker in Christ Episcopal church. Members of the Flagg Quarter Century club, supervisory, office and other employees and friends are invited to attend.

ALTHOUGH THE marathon strike, which saw 800 steel workers walk off their jobs this past Aug. 1, has entered its seventh week, employees at the plant had a good opinion of Mr. Flagg.

Thomas Carter, 305 East Vine street, a 30-year employee at the firm, said, "He was a friendly and decent man. I knew him for 30 years and often talked to him. I hadn't seen him as much in recent years."

"I last remember him in the office about eight weeks ago," Roy Eagle, 323 Vine street, Stowe, explained. "Yes, Mr. Flagg was a good man. Why he was the first president of West End Fire company many years ago."

"I respected the man and always got along with him well," Russell P. Yost, 109 East Race street, head of the guards at the big steel plant, and a 33-year employee said, "I always thought he was a good man to work for. He was fair minded. Whenever anyone went to him he was willing to listen."

UNION REPRESENTATIVES at tomorrow's session will include members of the bargaining committee headed by President Clarence Matz and Vice President Raymond Wilkinson and William Robbins, staff representative.

The firm will be represented by Ralph A. Lind, labor consultant, Stanley P. Elliott, director of personnel and assistant general superintendent, and Alden J. Ramsdell, assistant to Elliott.

Charles Schmidt of the State Mediation bureau will meet with rival parties. Tomorrow's session will be the second attempt to settle the long strike.

This past September 3 negotiators from both sides failed to make progress in the first conference since the beginning of the strike.

The company offered an 8½-cent hourly wage boost, the same figure previously suggested.

Union representatives want more than the 8½-cent settlement of the industry because of what they term a lag in pay over the years at the Flagg firm.

### Friends Pleas Save Youth From Jail In Killing of Chum

PITTSBURGH, Sept. 15 (AP) — Friends and neighbors of 16-year-old Robert Laverick put in good words for him today and he got off with a six-year probationary sentence for killing his pal.

Laverick told Judge A. A. Nelson the shooting a year ago of his friend, Dale Weaver, also 16, wasn't intentional. The youth was almost in tears as he testified that a blast from his shotgun fatally wounded his chum. They had quarreled in a "clubhouse" in nearby West Elizabeth.

The Cambria county judge, after hearing counsel for both sides request leniency, complied. He said:

"Robert, you are very fortunate. This demonstration on the part of your friends and neighbors has left a profound impression with me. Their wishes and suggestions with regard to the sentence will be carried out."

### Jacobs Plant to Exhibit Jet Engine At Armory Here Beginning Monday

Pottstown will have a look at a jet fighter plane engine in slow-motion action at the exhibit Jacobs Aircraft Engine company is holding in the armory at 261 King street Monday through Wednesday.

This was reported yesterday by Floyd J. Sisto, vice president and general manager of Jacobs, which has arranged to have the Air Force send the J47 jet engine from the Air Force's Dayton, Ohio, headquarters.

Jacobs makes several of the most important components of this engine for General Electric company. The J47 is the engine that powers the F86 Sabrejet fighter, which has been nicknamed "The MIG Killer" for its performance in battles with Communist planes over Korea.

The jet engine on exhibit has been cut away to provide a behind-the-walls look at its inner workings. An electric motor will run the engine in slow motion through its operational cycle.

THE EXHIBIT, which will occupy two-thirds of the big armory, will be open the three days from 2 p. m. to 4 p. m. and from 6 p. m. to 9 p. m. It is free and open to the public.

There also will be Walt Disney color films on the history of flying and jet propulsion, and a display of engines built by Jacobs during its 25-year history, from the first two cylinder engine to the present seven-cylinder radial engine, which powers the Cessna 193 "Business Liner Executive."

These radial engines are built entirely by Jacobs. There also will be displays of the intricate assemblies and gears that Jacobs makes for jets and other work supplied to the Air Force.

Four airmen of the Air Force will be on hand to explain the big jet engine's operations, while

On the opening day of the exhibit, at 12:15 p. m., Jacobs will be host to the Minute Men and other Pottstown guests at a luncheon in the armory. David Jamison, of General Electric's jet engine plant, will speak on "The Future of Jet Propulsion."

The exhibit, Sisto noted, is in conjunction with the 50th anniversary of powered flight.

Opener Friday at Lansdale  
Trojan Line Has Size, Lacks Experience

Finding replacements for Bob Sutton, Ron Downie, Jack Babel and Bill Garrow is one of the major tasks confronting coach Heeb Meyers as he molds his 1953 Pottstown High football team.

The above named quartet were such steady Senior performers the past year, that Meyers never had to worry about finding relief for them. Now those holes must be filled and although the size is there, the experience is lacking.

Jack Babel, Milt Wensel and Bill Fisher are the only returning linemen who saw enough service to rank them as veterans.

Wensel, the huge Junior, is working hard to pare his weight down to the 200 mark, the weight at which he played last year. He'll resume his double duty again this season, playing end on offense and guard on defense. He should be able to plug up the center of the line against enemy runners.

Larry Jones is in the running for the right end post on offense along with Wensel. Either could start when the Trojans open Friday night at Lansdale.

Lin Bieler, the tall Senior has the inside track on the offensive left end post. He saw some service in both his Sophomore and Junior years.

The important defensive end posts will be held down by Flip Smoyer and Mac Shirey. Smoyer, who is one of the co-captains, is an offensive fullback, and Meyers' experiment of trying him at a terminal on defense has worked out fine. Smoyer is one of the shortest players on the squad, but he has shown the ability to tackle in the open and stymie running plays.

SHIREY is making his first varsity appearance and is expected to be one of the better defenders. When the defense goes into a five-man line, Mac will drop back to the wing and play in the short secondary. His ability to snare passes gives the Trojans some much needed help in their aerial defense game.

Fisher was a steady performer on defense in '52 but this year he

Turtle Dove Season  
Brings Out Hunters

Unless you have a keen eye and a quick trigger finger, you had better not go out gunning for turtle doves.

Richard E. Blair, deputy game protector, offered this advice last night following the opening day of small game season in Pennsylvania.

"The dove is one of the trickiest birds to shoot, and unless you have the two qualifications listed above then there is no use going after the fleet-winged birds because you will only be wasting ammunition," he added.

Blair was unable to go into the field yesterday to make a survey of game shot, but pointed out, "Judging from past experience, you can bet there were some doves killed."

A SPOT CHECK of local sporting goods stores last night revealed that a number of hunters were out gunning, but no figures were available on the number of doves bagged.

With regard to numbers killed, Blair said, "That would be hard to predict, however, I'll be going out Saturday to make a complete four-day survey."

He explained that hunting during the week is usually light, but on Saturdays it's heavier.

"What also makes it difficult to get an accurate count is that dove hunters drive around in their cars and follow the flights of the birds with the hope of finding a flock," he said.

Stengel Serves Notice '54 Yanks to Be Better Than Ever

NEW YORK, Sept. 15 (AP)—Casey Stengel served notice to the rest of the American league today that the Yankees are going to be "better than ever next year."

Now that he has his record-breaking fifth straight pennant, the grizzled New York manager is going after No. 6 with a vengeance.

"In 1954 we could have the best team we ever did have," said Casey happily. "It will be a pleasure for me to be back managing it, too. Yes sir and yippee."

"Sure, at one stage of my career here I did think of quitting. It was at the end of the 1951 season. But now, after five straight, my interest is at its peak."

"What would I do out at Glendale if I were to quit? Where in the world of sport is there a more interesting job than I have?"

Then Casey, who has one more year to go on his two year contract, discussed his 1954 team. The present club clinched the pennant earlier than any of his other four flag winners.

"THIS TEAM is still improving," said the 62-year-old manager. "My infield will be stronger. Phil Rizzuto showed he hasn't slipped,

Stock Pilots Drive for Money - Some for Fun

By BILL BRADLEY

"What's the matter, buster, you nuts or something?"

That's probably the first question you would ask a stock car driver. Then if you were still on your feet and still had your teeth, the second question would probably be, "Why do you do it?"

And that's the jackpot question. The fact that these guys, some of them with families, go out a couple of times a week and risk their necks in a sport where one mistake can make mincemeat out of them, doesn't matter—they just do it. It's what makes them do it that's important.

To begin with, there seem to be three kinds of chauffeurs. A lot of them fall into the middle class, the enthusiastic money-conscious class. These are the boys who drive for both love and money. The other two classes are the cynic, who rides just for the long green, and the guy who drives for the simple reason that he likes it.

But to get back to the \$64 question. Why will a guy put on a crash helmet and strap himself into a battered souped-up crate that could easily become a flaming coffin?

THE ANSWERS were short and sweet.

Curt Sherman, of Reading, leaned against his car, and without cracking a smile, said, "I run for the buck, not the kicks."

The Jeffersonville ace, Ed Markoski, took the opposite view point. "Racing is a hobby with him, but not a profitable one. 'If I had to depend on this for a living,' he said, 'I'd go broke.'"

"Collecting stamps is too calm," Markoski continued, "much in the same vein as Linfield's contribution to the Sanatoga oval, George Gregory, who said, 'Everyone has a hobby, and this is it. It's my sport. It's what I live for! I just couldn't see golf, baseball, or football.'"

**RUMORS START RING RHUBARB**

NEW YORK, Sept. 15 (AP)—Rumors that Roland La Starza's manager would try and freeze heavyweight champion Rocky Marciano out of a return bout if the title changes hands Sept. 24 stirred up a hot fuss between the two ring pilots today.

The return bout controversy, which had been simmering for a while, broke out in the open when Harry Markson, managing director of the promoting International Boxing club, put the question directly to Jimmy De Angelo.

Markson told the manager that he had heard from "two good sources" that De Angelo planned to ignore the six-month return bout contract if La Starza won the title in the Polo Grounds.

De Angelo, who has been feuding with Al Weill, Marciano's manager, said "I'm not admitting it and I'm not denying it."

De Angelo admitted he had signed a return bout contract but he added "contracts have been broken before."

**Added Attractions Make Valley Forge Dog Show Big Hit**

The Valley Forge Kennel club show at Collegeville next Sunday will offer more than the average dog show as many added attractions will brighten the program.

Primary, of course, will be the more than 500 top show dogs that will compete for the coveted Valley Forge prizes. On display at the Superior Tube grounds just east of Collegeville, will be dogs representing 67 different breeds in the five groups.

Champions and near champions from many sections of the country will be rated by 22 judges, including the queen of American judges, Mrs. W. Hartley Dodge. She will judge best in show. Mrs. Dodge sponsors the Morris and Essex show each Spring on her estate at Madison, N. J. This is the biggest dog show in the world.

One of the most exclusive features of the Valley Forge show is its Lady and Her Dog parade. In this novel event, each woman who is entered with her dog, dresses in costume signifying the country from which her dog comes, or in a dress that denotes the type work the dog does.

THE PARADE is at 3 o'clock, and last night Arthur Ritch, show chairman, said it will be on television.

George Skinner, Philadelphia TV star, will be one of the judges, and he will bring along his popular mechanical aide, Mr. Rivets, who will serve as a steward.

Pottstown's top entry in the show will be Ch. Allen's Glory of Spring, the pug owned by Mrs. Fred Greenly and trained by her husband. Judging the toy group, in which the Greenly pug will compete, will be Mrs. Henrietta B. Kerner, of Huntington Station, Long Island, N. Y.

**Veck to Propose Franchise Shift**

CHICAGO, Sept. 15 (AP)—An American league committee tomorrow will hear President Bill Veck's latest proposal to shift his St. Louis Browns to another city, most likely Baltimore.

The four-man group's conclusions were not expected to be made public until a full meeting of club owners, possibly during the World Series.

The committee was appointed at a league meeting before the All-Star game in July as a sort of screening group to study any plans Veck may have to shift the Brownie franchise.

Veck last Spring was turned down by the league in an effort to move the impoverished Browns to Baltimore. Recently, he was quoted saying six other cities were interested in giving the Browns a new home.

# Trojan Line Has Size, Lacks Experience

Finding replacements for Bob Sutton, Ron Downie, Jack Babel and Bill Garrow is one of the major tasks confronting coach Heeb Meyers as he molds his 1953 Pottstown High football team.

The above named quartet were such steady Senior performers the past year, that Meyers never had to worry about finding relief for them. Now those holes must be filled and although the size is there, the experience is lacking.

Jack Babel, Milt Wensel and Bill Fisher are the only returning linemen who saw enough service to rank them as veterans.

Wensel, the huge Junior, is working hard to pare his weight down to the 200 mark, the weight at which he played last year. He'll resume his double duty again this season, playing end on offense and guard on defense. He should be able to plug up the center of the line against enemy runners.

Larry Jones is in the running for the right end post on offense along with Wensel. Either could start when the Trojans open Friday night at Lansdale.

Lin Bieler, the tall Senior has the inside track on the offensive left end post. He saw some service in both his Sophomore and Junior years.

The important defensive end posts will be held down by Flip Smoyer and Mac Shirey. Smoyer, who is one of the co-captains, is an offensive fullback, and Meyers' experiment of trying him at a terminal on defense has worked out fine. Smoyer is one of the shortest players on the squad, but he has shown the ability to tackle in the open and stymie running plays.

SHIREY is making his first varsity appearance and is expected to be one of the better defenders. When the defense goes into a five-man line, Mac will drop back to the wing and play in the short secondary. His ability to snare passes gives the Trojans some much needed help in their aerial defense game.

Fisher was a steady performer on defense in '52 but this year he

# Turtle Dove Season Brings Out Hunters

Unless you have a keen eye and a quick trigger finger, you had better not get out gunning for turtle doves.

Richard E. Blair, deputy game protector, offered this advice last night following the opening day of small game season in Pennsylvania.

"The dove is one of the trickiest birds to shoot, and unless you have the two qualifications listed above then there is no use going after the fleet-winged birds because you will only be wasting ammunition," he added.

Blair was unable to go into the field yesterday to make a survey of game shot, but pointed out, "Judging from past experience, you can bet there were some doves killed."

A SPOT CHECK of local sporting goods stores last night revealed that a number of hunters were out gunning, but no figures were available on the number of doves bagged.

With regard to numbers killed, Blair said, "That would be hard to predict, however, I'll be going out Saturday to make a complete four-day survey."

He explained that hunting during the week is usually light, but on Saturdays it's heavier.

"What also makes it difficult to get an accurate count is that dove hunters drive around in their cars and follow the flights of the birds with the hope of finding a flock," he said.

PHILADELPHIA, Sept. 15 (AP)—Villanova college athletic director William Dudley announced today he expects Philadelphia's 100,000-capacity Municipal stadium will be filled for Saturday's Villanova-Georgia game.

# Stengel Serves Notice '54 Yanks to Be Better Than Ever

NEW YORK, Sept. 15 (AP)—Casey Stengel served notice to the rest of the American league today that the Yankees are going to be "better than ever next year."

Now that he has his record-breaking fifth straight pennant, the grizzled New York manager is going after No. 6 with a vengeance.

"In 1954 we could have the best team we ever did have," said Casey happily. "It will be a pleasure for me to be back managing it, too. Yes sir and yippee."

"Sure, at one stage of my career here I did think of quitting. It was at the end of the 1951 season. But now, after five straight, my interest is at its peak."

"What would I do out at Glendale if I were to quit? Where in the world of sport is there a more interesting job than I have?"

Then Casey, who has one more year to go on his two year contract, discussed his 1954 team. The present club clinched the pennant earlier than any of his other four flag winners.

"THIS TEAM is still improving," said the 62-year-old manager. "My infield will be stronger. Phil Rizzuto showed he hasn't slipped,

will be called on for fulltime duty. He'll play tackle both ways and when the five-man line is operating, he will be an end. It's a safe bet that this Senior lineman will make as many tackles as any man on the team.

Working with Fisher as an offensive tackle will be Larry Lawler. A steady and heady performer, who has had some varsity experience, the 190-pound Junior will team with Wensel in the middle of the line on defense.

Another of the co-captains, Joe Rettew, will probably have to sit out the Lansdale game. He has a shoulder injury that puts him on the doubtful list for Friday. He would have been one of the offensive guards and a linebacker on defense.

In his place, Earl Hunsicker will get the offensive call.

JOE SCHUTZ is another of the newcomers who has moved into a two-way berth. This 190-pound Junior will talk it up from a defensive tackle spot and offensive guard post.

Keystone man in the line is the third co-captain, Jack Babel. Returning for his third year on the varsity, Babel will be at center on offense and until Rettew's return, he will back up the center of the line.

Joe Lipko and Larry Jones will probably split the other linebacker's duties, with Bill Kerr, Jim Kirk, Wils Bedell, Don Keifrieder and Jim Porter all ready for secondary defensive duty.

Some of the reserve linemen are Sophomore Marsh Sager, Tom Troutman, and newcomer Don Pogwist.

# Pilot Plant Wins Against Plastics

Duke MacDonald's home run in the first inning set the pace for the Pilot plant last night, as it downed the Plastics, 12-9, in the first game of a best out of three series for the Firestone league championship.

The Pilots poured across four runs in the opening frame and were never headed after that, although the Plastics tried to come back in the sixth when three men scored.

Will Souder was the heavy hitter for the winners, belting out a double, a triple, and a homer in four trips to the plate. Irv Jenschke, Pilot shortstop, added to his average with a double and a triple.

Joe Ellis set the pace for the Plastics, connecting for a double and a circuit clout. Chonku collected the only other extra base hit for the losers, a triple.

The series will continue tomorrow at the Firestone field.

# Stock Pilots Drive for Money - Some for Fun

By BILL BRADLEY

"What's the matter, buster, you nuts or somethin'?" That's probably the first question you would ask a stock car driver. Then if you were still on your feet and still had your teeth, the second question would probably be, "Why do you do it?"

And that's the jackpot question. The fact that these guys, some of them with families, go out a couple of times a week and risk their necks in a sport where one mistake can make mincemeat out of them, doesn't matter—they just do it. It's what makes them do it that's important.

To begin with, there seem to be three kinds of chauffeurs. A lot of them fall into the middle class, the enthusiastic money-conscious class. These are the boys who drive for both love and money. The other two classes are the cynic, who rides just for the long green, and the guy who drives for the simple reason that he likes it.

But to get back to the \$64 question. Why will a guy put on a crash helmet and strap himself into a battered souped-up crate that could easily become a flaming coffin?

THE ANSWERS were short and sweet.

Curt Sherman, of Reading, leaned against his car, and without cracking a smile, said, "I run for the buck, not the kicks."

The Jeffersonville ace, Ed Markowski, took the opposite view point. Racing is a hobby with him, but not a profitable one. "If I had to depend on this for a living," he said, "I'd go broke."

"Collecting stamps is too calm," Markowski continued, much in the same vein as Linfield's contribution to the Sanatoga oval, George Gregory, who said, "Everyone has a hobby, and this is it. It's my sport. It's what I live for! I just couldn't see golf, baseball, or football."

centerfielder."

Then he discussed the one possible weak spot in his preview of '54.

"Our pitching for next year will be a little aged."

He was referring to Ed Lopat, Allie Reynolds and Johnny Sain (all three will be 36 next year) and Vic Raschi (who will be 35).

"But I expect we'll strengthen our pitching," said Casey. "I've got players to trade and we may have to sacrifice to help our pitching. But Whitey Ford was great this year and Steve Kraly should become a winner."

As for Johnny Mize, his pinch-hitter de luxe, Casey said "the way he hits he can go on for nine more years. He'll be just ready for the Series with Brooklyn, won't he?"

# RUMORS START RING RHUBARB

NEW YORK, Sept. 15 (AP)—Rumors that Roland La Starza's manager would try and freeze heavyweight champion Rocky Marciano out of a return bout if the title changes hands Sept. 24 stirred up a hot fuss between the two ring pilots today.

The return bout controversy, which had been simmering for a while, broke out in the open when Harry Markson, managing director of the promoting International Boxing club, put the question directly to Jimmy De Angelo.

Markson told the manager that he had heard from "two good sources" that De Angelo planned to ignore the six-month return bout contract if La Starza won the title in the Polo Grounds.

De Angelo, who has been feuding with Al Weill, Marciano's manager, said "I'm not admitting it and I'm not denying it."

De Angelo admitted he had signed a return bout contract but he added "contracts have been broken before."

CLERC, another Pottstownian, is a jack-of-all-trades who has been in the business for two years. Leclerc takes part in anything promoter George Marshman can hand out. He started with stocks but switched to such events as novice racing and the destruction derby, and stayed with them ever since.

Why? "I love it," he said simply. The non-drivers also had something to say about stock car racing.

Ralph Gephart, a special police officer at the Sanatoga black top, had his own opinion of the sport. He looked at it from a practical angle. Gephart said there are always kids who hit the road after a race acting like they were driving in the feature event. But he added that these were in the minority.

Bob Marshman, the promoter's man who drives the track ambulance, hopes to hit the speedways himself pretty soon, and has already been in races a couple of times. His ambition is to pilot mid-gates, but he'll drive "anything with four wheels on it," which eliminates motorcycle racing, one phase of the speed game that leaves him cold.

# Spring City Has 9 Lettermen Back

With the opening whistle less than two weeks away, Spring City coach Eben "Bud" Cleveland is molding his team around nine returning lettermen, three of them Seniors.

Kent Addis, center, and Bill Bainbridge, fullback, co-captains for the Pirates this season, and Bill Jones, a guard, are in their last year of varsity play.

Four of the returning lettermen are Juniors: Bobby Stipa, quarterback; Dave Finkbinder and Wayne Seeley, ends; and Bob Saylor,

tackle. Only two Sophomores who sport a varsity letter will return to the grid wars this fall, Kenny Edwards, a fullback, and Ronald Black, a tackle.

The 38-man squad is still working on fundamentals, those basic but important items of blocking and tackling. The timing is a little off, Cleveland said, but the Pirate mentor attributes this to the fact that the units haven't worked together enough.

MOST OF THE SQUAD is seasoned rather than experienced, according to Cleveland. He then explained that an experienced man is a letterman, and a seasoned man is one who has played but not enough to win the varsity emblem.

This year the emphasis is on a well balanced offense and defense, and so far no one particular attack has been stressed, but there is an apparent weakness in passing again, a carry-over from the past year.

Addis and Bainbridge should be the "shining lights" this year, the Spring City skipper said. They know what to do at the right time because of their previous varsity experience.

One of Cleveland's biggest worries will be a lack of first line reserves, which could be the difference when the Pirates open up against Governor Mifflin, a team which will have two games under its belt, on Sept. 26.

# Navy Lineman Predicted to be Tops This Year

NEW YORK, Sept. 15 (AP)—Football writers and broadcasters figure that Steve Eisenhauer, Navy lineman, will make the switch from two-platoon to single platoon in All-America style.

The football experts have predicted the 200-pounder from Sheffield, Pa., will be the nation's top lineman when all the blocks and tackles will have been made in December and will be returned to his spot on the All-America team.

Forty-two of 177 voters said Eisenhauer would be best. Sixty others split their votes exactly between guard J. D. Roberts of Oklahoma and Ed Meadows of Duke, a tackle. Joe D'Agostino, Florida guard, was fourth with 15 ballots.

IT WAS Eisenhauer, key player in Navy's five-man defensive line last year, who remarked "Now I find out if I am a defensive guard or a football player" when the 1953 NCAA rules killed platoon football.

# Added Attractions Make Valley Forge Dog Show Big Hit

The Valley Forge Kennel club show at Collegeville next Sunday will offer more than the average dog show as many added attractions will brighten the program.

Primary, of course, will be the more than 500 top show dogs that will compete for the coveted Valley Forge prizes. On display at the Superior Tube grounds just east of Collegeville, will be dogs representing 67 different breeds in the five groups.

Champions and near champions from many sections of the country will be rated by 22 judges, including the queen of American judges, Mrs. W. Hartley Dodge. She will judge best in show. Mrs. Dodge sponsors the Morris and Essex show each Spring on her estate at Madison, N. J. This is the biggest dog show in the world.

One of the most exclusive features of the Valley Forge show is its Lady and Her Dog parade. In this novel event, each woman who is entered with her dog, dresses in costume signifying the country from which her dog comes, or in a dress that denotes the type work the dog does.

THE PARADE is at 3 o'clock, and last night Arthur Ritch, show chairman, said it will be on television.

George Skinner, Philadelphia TV star, will be one of the judges, and he will bring along his popular mechanical aide, Mr. Rivets, who will serve as a steward.

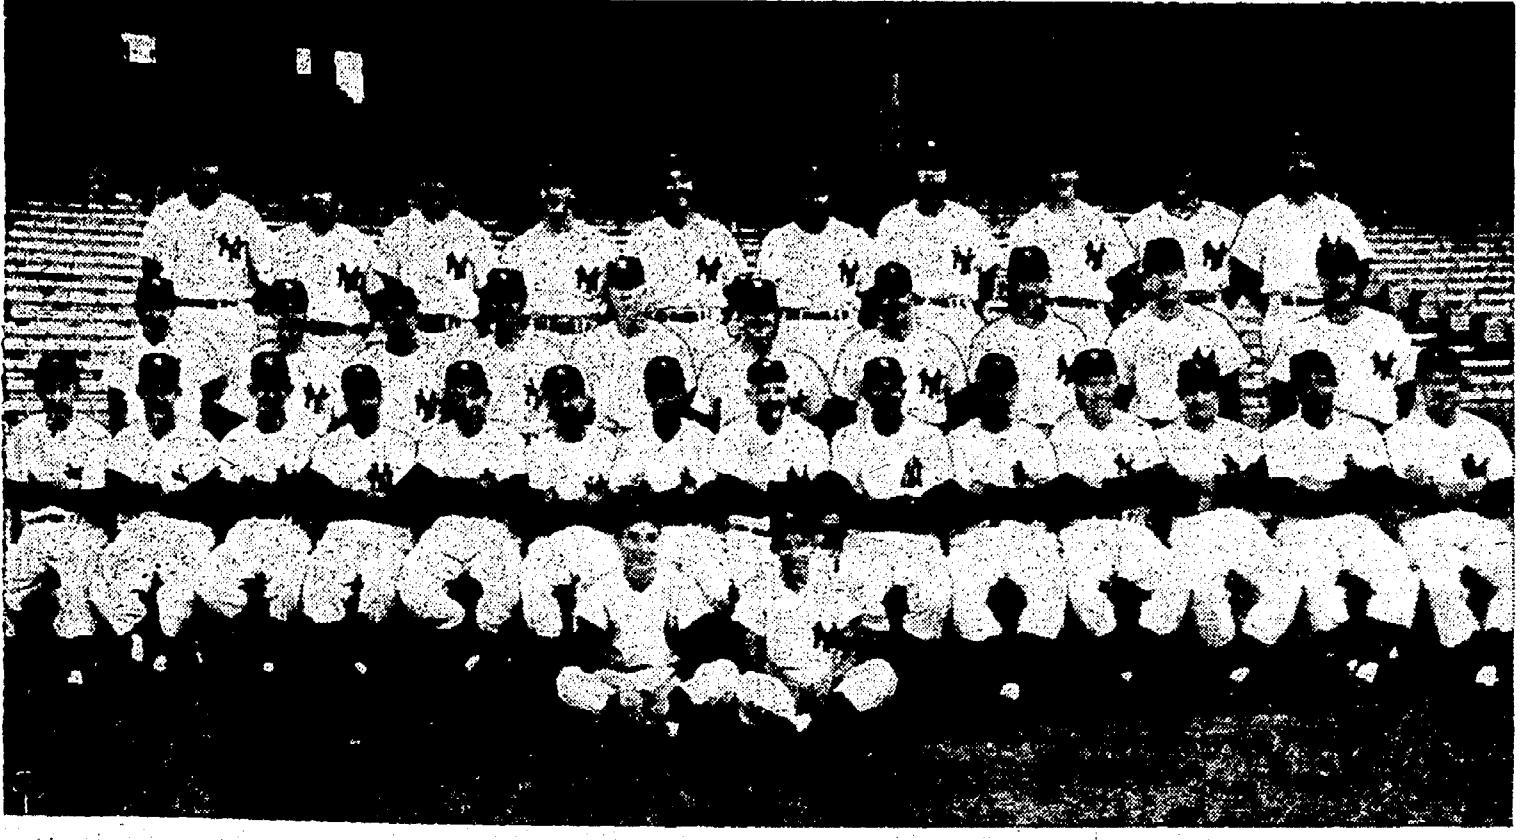

Pottstown's top entry in the show will be Ch. Allen's Glory of Spring, the pug owned by Mrs. Fred Greenly and trained by her husband. Judging the toy group, in which the Greenly pug will compete, will be Mrs. Henrietta R. Kerner, of Huntington Station, Long Island, N. Y.

### Bob Lemon Beats Yanks for 20th Win

NEW YORK, Sept. 15 (AP)—Al Rosen's run-scoring single in the first inning gave Bob Lemon and the Cleveland Indians a 1-0 victory over the New York Yankees today as the rival clubs closed out their season series with 11 victories each. Lemon scattered seven hits for his 20th triumph to best rookie Steve Kraly in a pitcher's duel. The young Yankee southpaw yielded only four hits, but two of them came in the first inning for the lone run of the game.

It was Lemon's fourth triumph over New York. Early Wynn also scored four and Mike Garcia gained the other three.

Lemon was hit the 20-win circle five times in the last six years, top achievement for sustained performance in recent league history.

Bob scattered seven New York hits in outpitching Kraly, rookie left-hander. Kraly held the Tribe to four singles but gave up the run in the first inning when Bobby Avila and Rosen made two of those after a leadoff pass to Al Smith.

### Streak Ends at 10

## Roberts' 22d Win Halts Cubs, 4-2

CHICAGO, Sept. 15 (AP)—Two streaks ended here today as Robin Roberts pitched the Philadelphia Phillies to a 4-2 victory against the Chicago Cubs, snapping the Cubs' 10-game winning string.

Roberts yielded eight hits and snuffed a personal four-game losing streak. It was Robin's 22nd triumph against 14 losses.

After the Cubs placed the tying runs aboard in the ninth on successive singles by Ralph Kiner and Hank Sauer, Roberts ended the game by fanning Randy Jackson and getting Joe Garagiola on a fly to Richie Ashburn.

Ralph Kiner slammed his 34th homer of the season and Hank Sauer his 17th in a fruitless effort to make it 11 straight wins for the Cubs.

Roberts' control was superb. He walked none and fanned five.

The Phils took a 2-0 lead in the second on a double by Granny Hamner and singles by Del Ennis, Smoky Burgess and Willie Jones.

against Paul Minner, Chicago's starting and losing pitcher. Roberts cracked his first homer of the year in the fourth and the Phils added their last run in the eighth when Ennis doubled and scored on a single by Hamner.

### Pirates Rout Braves' Burdette For 7-5 Victory

PITTSBURGH, Sept. 15 (AP)—The Pittsburgh Pirates chased Lew Burdette with a three-run spurt in the eighth inning tonight to beat Milwaukee 7-5 before 32,145 fans at County Stadium.

Burdette, seeking his 15th win, was nicked for 10 hits including back-to-back home runs by Frank Thomas and Preston Ward during a rocky sixth inning which yielded three runs. The first Pirate run scored on three first-inning hits.

### Williams Has 2 Hits

## White Sox Blank Bosox Behind Keegan

BOSTON, Sept. 15 (AP)—Right-hander Bob Keegan limited the Red Sox to three hits, including a pair of singles by Ted Williams, today while hurling the Chicago White Sox to a 6-0 shutout in their 1953 Boston finale.

Keegan, who now has a 5-5 record, walked only one batter and retired the last 17 in order. While the Chicago flinger was turning in his highly effective performance, the White Sox pounded lefty Maury McDermott for 12 hits. The latter was seeking his 18th victory but wound up with his ninth setback.

The White Sox settled matters in the second inning by scoring twice as Sherm Lollar and Keegan sandwiched Nelson Fox' double with singles. Then two more Chicago runners scored in the fifth on singles by Chico Carrasquel and Minnie Minoza, Sam Mcle's double and an infield out.

Keegan set the stage for a third Chicago two-run rally by singling with one out in the ninth. He advanced on a passed ball and a Carrasquel single. After Ferris Fain fouled out, Minoza dropped a single into left to drive in Keegan and move Carrasquel to third.

As a brief shower broke, Carrasquel scored on a double steal with Minoza. The latter was nailed

### Snider's 39th Homer In Pinch Role Beats Cards in 9th, 4-3

ST. LOUIS, Sept. 15 (AP)—Duke Snider's pinch-hit two-run homer in the ninth inning gave the National League Champion Brooklyn Dodgers a 4-3 victory over the St. Louis Cardinals tonight after the Cards had taken an eighth-inning lead on Stan Musial's home run.

Snider blasted his 39th homer of the year after Don Thompson singled with one man out. Musial's tie-breaking homer in the eighth was his 26th of the year and his 100th run batted in.

It was Brooklyn's first victory since clinching the pennant.

Clem Labine, who came on in relief of starter Bob Milliken, was the winner, his 10th victory against 6 defeats. Stu Miller went the route for the Cards and suffered his seventh loss against seven victories.

Brooklyn scored in the second on Thompson's first homer of the year and in the sixth on singles by Junior Gilliam and Pee Wee Reese and a double by George Shuba.

The Cardinals scored in the second on Ray Jablonski's triple and a single by Del Rice and added one run in the sixth on Musial's single and Jablonski's double.

Milliken retired from the game after five innings with a sore finger on his pitching hand.

### Spahn, Lopat ERA Leaders; Roberts, Ford Rank 2d

NEW YORK, Sept. 15 (AP)—Veleach. LOPAT, who also is setting the American league pace in pitching percentage with a 15-3, .833 won-lost mark, has been solved for 47 earned runs in 168 frames. The White Sox holds down third, having 35-year-old moundman issued 73 earned runs in 248 innings for a 2.65 era. Then come teammate Allie Reynolds, who has the next earned run honors last season, and Virgil Trucks of the White Sox in fourth with 2.96.

Another Yankee lefthander, Spahn, aiming for his second earned run crown, has allowed 58 earned runs in 239 innings. The willowy 32-year-old hurler whose won-lost record this season is 20-7, captured the earned run title in 1947 with 2.33. This is the fifth time he has been a 20-game winner with the Braves.

Runnerup to Spahn in the National league earned run listings is Robin Roberts of the Phils. The durable righthander has permitted 94 earned runs in 314 innings for a 2.69 average.

Rookie Bob Buhl of the Braves ranks third with 2.77, having given up 44 earned tallies in 143 innings. Teammate Lew Burdette is fourth with 3.11, followed by Carl Erskine of the Dodgers and Harvey Haddix of the Cards tied for fifth at 3.21.

### Redlegs Edge New York, 4-3 Baczewski Wins

CINCINNATI, Sept. 15 (AP)—Cincinnati edged the New York Giants 4-3 tonight and narrowed the gap between the two second division clubs to two games. Fred Baczewski pitched the sixth-place Redlegs to victory, while Ruben Gomez hurled for the fifth-place New Yorkers.

Ted Kluszewski, injured by a pitched ball several weeks ago, was forced out of the lineup after he swung at the ball in the second inning. Klu, big first sacker, has led the Redlegs in the runs-batted-in department, but by his turn at bat his teammates already had knocked in sufficient runs to down the Giants.

The four runs were accumulated in the second on a quartet of singles, a walk and sacrifice.

Davey Williams knocked in New York's first two runs in the top of the second on a low liner. Back-to-back doubles by Bobby Thomson and Monte Irvin produced the third Giant run in the sixth.

## Try and Stop Me

By BENNETT CERF

THE PROFESSOR fastened his eyes on the son of a railway express official and demanded, "If molecules can be split into atoms, and atoms into electrons, can electrons be broken up any further?" "There's one chance," replied the student knowingly. "You might try shipping them to somebody in a package marked 'Fragile.'"

This could have been one of Harry Hershfield's boyhood favorites: Why was Pharaoh's daughter like a brook? Because she got a handsome prophet from the rushes on the banks!

Two neighboring restaurant proprietors were engaged in a terrific feud. A would-be peacemaker told each: "Why don't you fellows grow up? Here you are in the same business and you even think alike—about each other!"

**WILD LIVING**

The 'door of the ladies' hair-dressers shop opened and in came a meek-looking little man, twisting his hat nervously in his hand. One of the assistants approached him:

"What can I have the pleasure of—she cooed.

"Er—could you spare a blonde hair for my shoulder?" he stammered. "I want to make my wife jealous."

# Do You Remember?

Those grand old days when Pottstown and area was in its infancy—Here's another photo that may recapture a few moments of eternity for you, a picture to stir your memory and let you catch a glimpse of the past.

—From Collection of Garth Herd

Pottstown's hopes of becoming a steel-making, as well as steel-fabricating center were rising daily in the days nearly four decades ago when this photograph was taken of Eastern Steel company shops under construction on the south side of West High street, where now only a huge slag pile and a few stone pilings remain to mark the dream.

## Church Brotherhood Will Sponsor Movies On St. Paul's Life

The Brotherhood of St. John's Evangelical Lutheran church, Boyertown, will hold its monthly meeting on Monday at 8 p. m., at which time the members will witness the first in a series of motion pictures on the life of St. Paul.

These films will be shown at regular meetings, held on the third Monday of each month.

All members of the Lutheran congregation are invited to see this series of films and any members of the congregation interested in joining the Brotherhood are invited to remain for the regular business meeting which will follow the film.

The films are professional movies and will be shown at each meeting from now until next Spring. Ray Ritter, president, has urged all members and friends to attend.

## Dr. C. B. Dotterer Honored by Lodge

Dr. Charles B. Dotterer, 143 College street, veteran Boyertown physician, was honored recently by Boyertown Lodge 741, Free and Accepted Masons, on the occasion of his 50th anniversary as a member of the Masonic fraternity.

Dr. Dotterer became affiliated with the organization in September, 1903, while a resident of Ziegler, when he joined Warren Lodge 310, Free and Accepted Masons, Collegeville.

He came to Boyertown in 1907, following the death of Dr. Samuel M. Todd. Dr. Dotterer became a charter member of the lodge in Boyertown when it was organized in November of 1925.

Officiating was the Rev. A. C. Schenck, pastor of St. James church. Interment was in St. James cemetery.

Bearers were John Mohl, Thomas Jenkins, Russell Wilson, Clarence Snyder, James Beattie and Thomas McAfee.

Stowe Driver Gets Jail Term for Using Car Without License

By Staff Correspondent

NORRISTOWN, Sept. 15—Albert Williams, 28, of Stowe, was given an optional sentence by Judge E. Arnold Forrest yesterday after he entered a guilty plea to a charge of driving an automobile after suspension of his operator's license.

Williams was sent to prison for three months, but the court provided that if he pays a fine of \$300 and the costs any portion of the jail sentence not served will be suspended.

Williams was arrested on Sunday afternoon, Aug. 16, while driving in Pottstown.

He said his one-year-old child was ill and that he was seeking a doctor and took the chance of driving his car. His license had been suspended for speeding in 1948 and had not been restored because he could not furnish proof of financial responsibility.

The defendant had served 21 days and 15 days previously on similar offenses.

VIADUCT ORDERED REPLACED  
HARRISBURG, Sept. 15 (P)—The Public Utility commission has ordered a viaduct across Erie Railroad tracks in Great Bend, Susquehanna county, to be replaced with a \$150,000 concrete and steel span.

**EDWARD F. BARTELT**, fiscal assistant secretary of the US Treasury department, addressed 80 guests at the Montgomery County savings bonds campaign dinner last night at the local Firestone Tire and Rubber company plant cafeteria.

Others in the photograph, seated left to right, are: Roger S. Firestone, industrial chairman, savings bonds committee for Montgomery county; D. L. Helfferich, vice president of Ursinus college; Ernest T. Handley, general plant manager, and John T. Whiting, Norristown area industrial chairman.

## NEW SCHEDULE —

(Continued From Page One)

geants should be entitled to a little more money. The man on the desk has to do the thinking for every man on the shift. He's got to act fast when there's a fire, an accident or breakdown. And if anything goes wrong he's got to take the rap. Personally I think it's a responsible job and should rate more money.

"Several years ago two members of the civil service commission told me they would be willing to waive the required examination and grant us the extra rate and money."

Patrolman John Kirlin, who recently was appointed constable, said the no outside work clause would not appreciably affect him.

Leuthold said, "I think you've got to stipulate no work at all or any work you want to do. You can't start drawing lines. That's when you get in trouble."

Burgess Griffith and police committee have kicked the schedule idea around for a number of years. Promise has followed promise. Excuse has been piled on excuse but the majority of the force still works most of the time at night.

Paul P. Kohler, Second ward Democrat, charged the no outside work clause is "un-American" at Monday's stormy council session.

## BOND DRIVE —

force of 353,000 fine American citizens."

Barfelt said there are many close ties between the citizens of this community and the US Treasury in Washington, D. C. "You are partners with us in the financing of our government in times of national need."

IN TELLING his audience that the purchase of bonds is a counteraction against inflation, Barfelt said, "When we buy United States savings bonds we are lending the government money in a way that does not produce inflation."

Each dollar that is loaned the government this way cuts down the number of dollars it has to borrow from sources which are inflationary, Barfelt explained.

THE SPEAKER outlined three points in which the government is strengthened through the purchase of bonds.

(1) The government is making a determined effort to reduce expenditures and balance the budget at the earliest practicable date.

(2) It has geared its debt management program into the requirements of a sound money system.

(3) It is making every effort to get a wider distribution of the public debt.

"So the eyes of 3000 counties will be on you during your 'One Month for America' campaign."

Among those present were the following active chairmen of the Montgomery county savings bond committee:

D. L. Helfferich, over-all county chairman; Edward V. Bove

and Henry V. Firestone, co-local chairmen, Ernest T. Handley, Pottstown area chairman; Mrs. C. R. Elcker, Pottstown area women's chairman.

Also, C. J. Keiser, Pottstown area retail chairman, and Henry A. Bell, Pottstown area banking chairman.

## Committee Chairman Named for Troop 15

George Strunk is the new committee chairman of Grace Lutheran Boy Scout Troop 15.

His appointment was announced last night after the meeting of the church brotherhood, which sponsors the troop.

Strunk replaces Curtis Borneman, who will be advanced to a higher post in the district Scout administration.

I. George Shaner, brotherhood president, appointed a committee at the meeting to prepare the "back to church" campaign that will begin on Sept. 28.

Committeemen are Melvin Sell, Harold Eschbach, Richard Albright, Albert Erb, Joseph Hutt and Earl Elliott.

Jesse Houck will head a committee in charge of the Sept. 26 noondown to be held at the YWCA for church members.

that a deal was in the making whereby the country club would give the borough a tract of its land, suitable for the tank site, if the borough would assume the costs to be charged against the country club for street construction on North Adams street.

The only deal Sotter spoke of last night was that the board had accepted the borough's offer Sotter said the purchase price was in the neighborhood of \$27,000.

Sotter explained that the land the borough is interested in lies at the end of the golf course driving range and measures 327 feet along Jackson street and 212 feet deep.

## Lions Club Members See Travelogue Film of West

John H. Longaker, local attorney, took Lions club members on a make-believe trip to the West last night by way of the movie screen.

About 60 club members saw the color pictures of his 1952 trip to California, Oregon and Washington.

Longaker presented the hour-long travelogue during the program at the weekly dinner meeting in the Eagles home.

S. Wagner Evans, vice president of the club, was in charge of the meeting.

or more in diameter, Russell said. "Even when the holes are filled and the sod replaced," he explained, "the spots will brown off and the green will have to be re-seeded."

RUSSELL said he couldn't give an accurate estimate of what it will cost to repair the number 6 green, which is a short-water shot.

He did say, though, that the type of grass (bent grass) used on golf greens is both expensive and hard to grow.

The green is the one at the corner where the club drive meets Jackson street.

"The rocks on the green were the kind of red shale they dug up when excavating along

"Jackson street for a gas line," Russell revealed.

He said that he thought the vandals were young boys from new housing projects in the neighborhood, one of which is on North Adams street.

"I believe this vandalism results from lack of playgrounds for the youngsters," Russell remarked. "They don't have a regular place for recreation and no supervision in their play. The result is that they get into mischief."

Russell said he has not taken any action against the vandals, other than ordering them off the club property.

"If this mischief keeps up, though, we may have to take stronger action as an example to future offenders," he added.

## MERCURY SENDS TWO NEWSMEN TO COVER EX-PRISONER STORIES

NORMAND POIRIER

Flying with the Prisoner of War families to San Francisco this morning are two Mercury newsmen. They are Staff Writer Norman Poirier and Photographer Maurice Himes.

They will cover by word and picture every angle of the return of the two prisoners of war, Capt. Joseph O'Connor and Lt. Frank Kuzmich, and the reunions with their families.

These pathos-filled stories and pictures will appear exclusively in The Mercury beginning tomorrow. Look for them!

## WESTWARD HO!

# O'Connors and Kuzmechs Are Off!

By NORMAND POIRIER  
(Mercury Staff Writer)

For the anxious families of Pottstown's two released prisoners of war, zero hour of Operation Reunion came suddenly this morning at 3 o'clock.

As you read this, the families of Capt. Joseph L. O'Connor and Lt. Frank Kuzmich — prisoners of war for a total of more than 1700 long days — are on their way to a dramatic reunion with their loved ones in San Francisco, Calif. After switching the departure

date back and forth several times to coincide with the plans of the Army in Tokyo, the party finally left from The Mercury this morning at 3 a. m.

At 8 a. m., the party of eight will board a United Airlines DC-6 luxury airliner at LaGuardia airport in New York for the final leg of a long-awaited journey.

ALL OF Pottstown has an interest in this flight because it was made possible through the heartwarming way in which borough and area residents contributed to The Mercury's Prisoner of War fund.

Included in the party will be Mr. and Mrs. John Kuzmich, Congo road, near Gilbertsville, parents of Lt. Frank Kuzmich, 25-year-old

flyer who was a prisoner for two years.

Those who'll greet Capt. O'Connor with open arms will be his mother, Mrs. Thomas L. O'Connor, Spring City; Mrs. Marjorie O'Connor, Pottstown RD 4, his wife; seven-year-old Lee Ann O'Connor, his daughter, and three-year-old Patrick Michael O'Connor, his son.

Besides this correspondent, Mercury Staff Photographer Maurice Himes will accompany the Kuzmechs and O'Connors.

THE MERCURY circulation department cars will pick up the O'Connors and Kuzmechs early this morning and drive them to The Mercury office for the departure.

Mercury Photographer Eugene Orlando will accompany the party

as far as LaGuardia airport to get two families by their contributions, graphic photos of the take-off. Last-minute preparations were and in all parts of the country rushed through yesterday when the Mercury learned directly from The Army in Tokyo that Capt. O'Connor would be leaving Tokyo by plane yesterday.

He'll be flown on Navy transport with 24 other hospitalized ex-prisoners of war, the Army said, and should arrive at Travis Air Force base—55 miles north of San Francisco sometime Friday.

Lt. Kuzmich, who left on the troopship USS Brewster on Sept. 7, should dock at San Francisco Port of Embarkation on Sunday, according to Army authorities in San Francisco.

BESIDES the hundreds in Pottstown and the area who helped the

The Cates and Becker company, through general manager George Royer, donated the use of a station wagon to drive the party to LaGuardia this morning. They also furnished a driver, Robert Deer, Pottstown RD 2, a salesman for the firm. These services were volunteered free.

John W. Storb, local travel agent, did a fine job of getting the best travel and hotel accommodations—though his job was made almost impossible by the numerous switches and the final last-minute notice. And he donated all his services gratis.

## SESSION URGED ON JOINING OF POTTS GROVES

Local School Board's Binder Urges Action

## SEES NEED FOR INQUIRY INTO FACTS AND COSTS

Despite the lack of favor with which school board presidents in two of the three Pottsgroves regard joining Pottstown on the high school level, the man who brought the question out in the open again said yesterday he thought a meeting on the topic is needed.

Carl M. Binder, Pottstown school director, who raised the broad question of merger at Monday night's board meeting, said:

"The State is figuring us as one unit. The county is figuring us as one unit. They're stymied, and we're stymied."

He urged a meeting "to explore the situation, to get the facts, get the costs, get everything."

Binder said he didn't have any preconceived ideas whether consolidation was "the right way now of doing it or not the right way."

## Area Low Spots Adorned By Early-Morning Fog

The Pottstown area resembled the moors of some quaint country in Europe yesterday morning.

Fog drifted lazily over the hills, and it hung thickly in the low spots. The sun spread only a dull red glow at dawn.

A cheery landscape appeared as the fog evaporated and the day warmed up. Farmers' crops ripened a little more as the sun's rays caressed them.

Some farmers remarked that heavy fog in the morning is a tip-off on more hot weather. They weren't far wrong at that. Yesterday's high was a Summer 78.

Today will be a little cooler, with the high in the low 70s. Tomorrow it will warm up again. Some clouds will be around both days.

## THE WEATHER

For Eastern Pennsylvania: Partly cloudy and somewhat cooler, highest 65-70 North and low 70's South portion today. Tomorrow, some cloudiness and warmer.

## \$2000 Needed For Success of Prisoner Fund

The gang's leaving for the West coast today, but don't let that stop you from contributing to the Prisoner of War fund; contributions still are needed urgently.

"Operation Reunion"—aimed at giving the Pottstown area's two released prisoners of war the swift possible reunion with their loved ones—passed the \$1300 mark yesterday.

But to insure the prisoners of war families the comforts to which they are entitled, more than \$2000 is needed.

Mail your contribution today, to the Prisoner of War fund, Pottstown Mercury, or bring it directly to The Mercury office.

Yesterday's biggest contributions came from second shift workers of Doehler Jarvis division—\$59 and \$44.25 respectively.

AMONG the heart-warming messages that accompanied donations yesterday were these:

"From a mother who was glad her son returned from the South Pacific—J. S."

"I appreciate this opportunity to be a little help to those fellows who suffered so much for us. Glad to help, South Pottstown."

"I am Mrs. Betty Snyder, a GI's bride from Boyertown. My husband is now in Korea, serving with the 25th Infantry division."

Here are yesterday's contributions (unless otherwise noted, contributors are Pottstowners):

## Griffith-Party Rift Seen as Cause Of Failure to Clinch Board Candidate

Cracks of dissension in Pottstown's Democratic party structure are widening.

Political observers report the biggest rift in party ranks is between Burgess William A. Griffith, seeking re-election for a third term, and council and ward leaders.

Democratic failure to endorse a third school board candidate is one result of the feud between Griffith and younger and more liberal party leaders.

The Burgess doggedly has refused to compromise on his personal choice for the third school board post.

In council Monday night the Burgess deserted fellow Democrats and voted with Republicans on the

## Vandals Are Warned By Brookside Club

Authorities at Brookside Country club have planned a get tough program with vandals.

Anyone caught damaging greens or any portion of the golf course in the future will be prosecuted.

If the vandals who dug up Green 6 Tuesday on the neatly manicured links are apprehended they will be prosecuted.

This was the promise made by Gerald L. Russell, club manager, who last night estimated damage to the butchered green at \$75.

He reported, "We've just about repaired the green. They're able to play on it."

Plainclothesman Lewis M. Borgiet, who is handling the investigation, reported, "I'm continuing to check on the case. There are no suspects so far."

## GOP LEADING IN RACE FOR SCHOOL POSTS

Demos to Enter Election With Names of Only Two on Ballot

## WRITE-IN POSSIBILITY IS SEEN AS REMOTE

Pottstown Democrats have given the Republicans a long head-start in the race for school board posts in the November election, it was learned yesterday.

There are three school directors to be elected, but the Democrats will go into the election with names of only two candidates on the ballot.

This would guarantee the GOP at least one school director post before the polls open. The only way the Democrats could win would be with a write-in or sticker candidate.

Victory this way, political observers said, is never more than a very remote possibility in a general election in Pottstown.

The Democrats' trouble started the past Spring, when only two nominating petitions were filed. Their third candidate was to be named by write-ins.

The write-in winner was the Rev. Laurence T. Beers, pastor of First Baptist church, who got 67 votes.

The Rev. Beers announced he was not going to run. The Democrats talked about getting together and naming another candidate, but nothing happened.

THE BAPTIST pastor did not, however, send a formal notice of withdrawal to the Montgomery county election bureau, it was reported by Calvin W. Rigg, chief clerk of the bureau.

The Rev. Beers' name would have remained on the ballot, whether he liked it or not, if it had not been for a loyalty oath required of all candidates.

He did not take the loyalty oath, so his name automatically was stricken from the ballot. The deadline for taking the oath was Aug. 31. The deadline for the Democrats' naming a substitute candidate was Sept. 9.

The two Democrats who filed petitions, and the three Republicans who did the same thing, did not have to make a special move to sign the loyalty oath after the primary because the oath now is part of the nominating petition.

The loyalty oath requirement went into effect this year.

## Seventh Annual Norco Farm Show Expected to Top Attendance Records

The seventh annual North Coventry Farm and Products show Sept. 30 and Oct. 1 is expected to shatter the all-time attendance record of 2000 set the past year, it was reported yesterday by Neal Burtner, show manager.

A big reason for the past year's record attendance, he said, was that more animals were added to the exhibit. This year there will be still more live animal exhibits, ranging from bees to beef steers and from guinea pigs to sheep.

The two-day show will be held in the North Coventry elementary building auditorium

## Stubborn Bees Still Swarm

—Mercury Staff Photo

Ever hear of bees swarming for six weeks at a time—and so late in the season? W. O. Cressman, 395 Kline avenue, Hanover Heights, points to a swarm in one of his apple trees that has been operating there that long.

They only leave the swarm

to gather nectar from nearby wild flowers, he says, and store it in three honeycombs in the same tree.

Cressman keeps several hives of bees, but says it's too late to coax this swarm inside.

The bees haven't been troubled with rain very much, but what will they do when Winter comes?

## Council Group Favors Rotating Shifts For Policemen, But Lacks Jurisdiction

Council's police committee favors an equitable, rotating work schedule for all police officers, but the committee has no jurisdiction over the schedule.

Chairman Earl R. Strange said last night, "The committee can't do anything about it."

Responsibility for the work schedule rests in the hands of Burgess William A. Griffith,

who police say promised "long, long" ago to correct the "unequal" schedule.

Officers charged Tuesday night the biggest contributor to bad morale and jealousy on the force is the present schedule which allows several men to work all day work and compels the remainder of the force to work ten weeks of night work for two weeks of day work.

STRANGE explained, "I worked out a schedule several years ago and gave it to the Burgess. He had said at that time anyone with a workable schedule should give it to him."

"I had a schedule which I thought would be satisfactory. I gave it to him and he said he would look it over. That's the last I ever heard of it."

Stanley Zawaski, Fourth ward Democrat, said, "I'm definitely in favor of three, eight-hour shifts for police, but I'm against outside work."

Officers said Tuesday, in commenting on the salary ordinance, passed by council Monday, they were not against the no outside work provision of the new law, but they pointed out there would be no need for the provision if the three, eight-hour, rotating shift system were initiated.

CHARLES S. Grubb, Ninth ward Republican, and GOP candidate for tax collector, reported, "I think the proper way to handle work on the force would be in three, eight-hour schedules. But I doubt if it ever will be done by the present administration."

## Stowe Man Hit By Car as He Walks to Flagg's

A 64-year-old Stowe man, walking to picket duty, was injured severely last night when struck by a car only a few blocks from his home. The car was driven by a Philadelphia.

The injured man, Stanley N. Yarmush, 519 West Vine street, was crossing Route 422 near the front of the strike-bound Stanley G. Flagg company plant where he was going to stand the 8 to 12 o'clock tour on the picket line.

Yarmush, the father of five sons, has worked as a laborer at Flagg's for the past 30 years. One of his sons, John, also works at Flagg's.

He was rushed to Pottstown hospital in the Good Will ambulance.

He was admitted to the hospital suffering from shock, with injuries reported as a fracture of the lower right leg and abrasions of the forehead and nose.

HIS SON, Stanley F., said last night, "He had just left the house a few minutes earlier. He was going over to Flagg's to stand picket duty."

"He'd been going over for the 8 to 12 trick for the past couple of weeks."

West Pottsgrove Police Chief James Guadagno, who investigated the accident, reported the driver of the car was William Roy Schmidt, 60, of Philadelphia.

Guadagno said Yarmush was crossing from the north side of the street to the south when he was struck. Schmidt was heading east on Route 422.

He told police, "He stepped out directly in front of me. I tried to avoid hitting him but it was too late."

Chief Guadagno was assisted in the investigation by Sgt. Thomas A. Lawler and Motor Patrolman Paul I. Galloway, of the Pottstown police force.

## Contract Impasse At Flagg Company Remains Unbroken

The contract impasse between union and firm representatives of the Stanley G. Flagg company, Stowe, continued yesterday at a meeting of rival negotiators in Philadelphia.

For the third time the company offered a general 8 1/2-cent hourly wage boost and for the first time added a pension offer to go into effect in 1954.

Members of Flagg Local 2326, United Steel Workers (CIO), bargaining committee rejected firm proposals.

The sessions were held in the Bellevue-Stratford hotel with William Robbins, USW staff representative, and Charles Schmidt, of (Continued on Page Sixteen)

## Engine Cutback May Have Effect On Jacobs Plant

The Air Force announced yesterday it would soon cancel orders for several thousand jet engines, but an official of the Jacobs Aircraft Engine company here said last night he didn't think the cut would affect the local plant.

Air Force Secretary Harold E. Talbott said that orders for from 2000 to 6000 jet engines would be canceled for a saving of from \$400,000,000 to \$600,000,000.

HARDEST hit by the cancellations will be the General Electric corporation, Talbott said. GE will take a large cut in J-47 engines for the B-47 Stratofortress bomber.

About 50 percent of Jacob's production is involved with those same J-47 engines and General Electric. The local firm has been making component precision assemblies for the engine for GE since 1950.

BUT FLOYD J. Sisto, vice-president of the firm, said last night that he thought the Air Force announcement was about cuts that had already been made.

"I don't think, at the moment, that the announcement will have a drastic effect on our plant," he said. "I think the announcement is just making something public that has already taken place."

He explained that the local plant and GE had received cuts in their orders about two months ago. At that time, the production was cut down so that deliveries would stretch through 1955.

"I may be wrong," he said, "but I think this announcement is about those cuts. I don't think it's about any new cuts."

More than 800 employees of the plant, meanwhile, would be waiting to learn exactly what cuts the Air Force secretary was talking about.

With more than 50 percent of production geared to the manufacturing of the jet engines, more heavy cuts in the J-47 engine might seriously affect the plant.

### Five Man Group to Probe Charges Against Library

PITTSBURGH, Sept. 16 (AP)—A five man committee will investigate charges that the Mount Lebanon library has too many pro-Communist books.

The public library board named the committee last night after Mrs. Kathryn M. Mitchell voiced the charges. She is a Mount Lebanon housewife with a doctor's degree in economics from the University of Pittsburgh.

The 17-man board said: "It is hoped that the committee will be able to present a report at our regular meeting in October and, if it finds that the library has been lax in any respect, corrective measures will be taken."

### Mayor Impellitteri Reported Ready for Independent Ticket

NEW YORK, Sept. 16 (AP)—Mayor Vincent R. Impellitteri became a potential Independent mayoral candidate today, after his primary defeat by Robert F. Wagner Jr., and his New Deal Democrats.

Legal decks were cleared for the incumbent mayor to desert the Democratic banner and run for re-election in November on the Independent party. The same maneuver won him office three years ago.

Impellitteri however, was keeping his future plans to himself.

Wagner showed surprising party strength to defeat Impellitteri almost 2-to-1 yesterday, piling up a plurality of 169,179 in unofficial returns. The vote was 350,474 for Wagner and 181,295 for Impellitteri. Two other candidates trailed far behind.

The light vote — only about 25 percent of the 2,135,000 registered New York Democrats turned out — was expected to favor Impellitteri, an incumbent with a hard core of party strength.

However, Wagner won handily, carrying four of the city's boroughs and losing only in State Island by an insignificant margin. Most of the Wagner ticket rode to victory with him.

However, while I crawl upon this planet I think myself obliged to do what good I can in my narrow domestic sphere, to all my fellow creatures, and to wish them all the good I cannot do.—Earl of Chesterfield.

## The Last Link

It would be utter folly for an auto manufacturer to expect his dealers to sell the company's 1914 models today. An authority on chain retailing recently pointed out a fact not so apparent—that retailers are industry's representatives at the point of sale to the consumer, and that they have to change just as do the products they sell.

In retailing, for example, there is a constant drive to keep pace with current developments in styles, packaging, store design, display techniques, advertising approaches, sanitation, customer convenience, etc. The change is constant, but, in many cases, so gradual that most people don't realize it. It would be just as impossible to sell 1914 groceries or clothes in a store of that vintage today as it would be to sell those 1914 automobiles in competition with the latest assembly line models.

The development of attractive, efficient retail stores with their large volume of business and consequent low margin of profit has been the final link in the chain making possible our high standard of living. Of what use would our tremendous production system be without retail outlets to match?

Mass distribution stores are in absolute necessity in modern America. Lively competition gears them to the desires and needs of the consumer.

## Too Hot to Handle

THE American Stores of Philadelphia have demonstrated that vigilance and a dogged determination to not be "held up" is the price of freedom from repeated armed terrorism. Its stand against "hold-up" artists has benefited all areas in which it operates.

Between March 8, 1949 and June 18, 1953, it had a total of 48 gun-point hold-ups of store managers, one half of which occurred in the last three months of 1949.

At this point President William Park of the company took up the challenge of the underworld in deadly earnest. He went out to get arrests. Of the 48 gun-point robberies the law has convicted 28 criminals who confessed to holding up 42 of the store managers, as well as similar jobs against other retail merchants. This left only six of the crimes unsolved. As to sentences imposed in the 42 cases, there were two electrocutions, three life imprisonments and a wide range of substantial prison commitments.

When there is cooperation between the civilians injured and the law there is real progress in crime prevention. The downward curve of crime experiences with American Stores shows this. The company has become "too hot" for the underworld to handle, and it is determined to fight against crime with an aggressiveness that will command the respect of the underworld.

## Biggest Bite

WHAT takes the biggest bite out of your day's pay? The answer is taxes, direct and indirect, according to a novel chart issued by the Tax Foundation.

The Foundation took for its example a wage earner working eight hours a day and with an income of \$4500 a year, all of which he spends. Then it figured out just how much of his working time is needed to meet each category of expense.

The tax burden, it found, accounted for two hours and 34 minutes of each day's gainful work—far more than for food, housing, clothing, recreation, or any other item.

We all kick at the high cost of living. It would make more sense if we kicked at the high cost of government and demanded that something be done about it.

## Will of the People

SENATOR Styles Bridges has issued a report on the record of appropriations of the first session of the 83rd Congress. One part of it deals with reductions in appropriations as compared with the past. And here the Senator makes this heartening statement:

"Reductions were based on the will of the people that further encroachments by government on private enterprise were no longer to be tolerated, except in those areas where private enterprise was unable or unwilling to function or when, dictated by national security or national interest, private enterprise could not operate."

We need a lot more of that kind of thinking in government today.

## Grampaw Oakley

Editor, The Mercury,  
Dear Sir 'n' Brother:

Wal, I see by The Mercury where the Prisoner of War families are flying to San Francisco. They'll go over Chicago, where they'll get good tail winds from the hot air released from the Democratic talkfest.

Chicago has been host to more political conventions than any other town. No wonder it's called the Windy City!

And say: People, according to a recent editorial, aren't interested in politics. That's wrong. It's just the politicians who don't interest them.

Hopin' you air the same,  
GRAMPAW NED OAKLEY

## READERS SAY:

# Policemen Are Right! Don't Delay Ordinance

## Cops Are Right

To the Editor: Those police officers are right!

The thing to do is rearrange the working schedule. Have three eight-hour shifts, instead of the present haphazard arrangement.

You'll not only raise the morale, but you'll prevent police officers from working on other jobs, unrelated to their duty of protecting Pottstown's citizens from the burglars who are day by day piling up more and more unsolved cases.

Pottstown KEED-MINDED

## What's the Idea?

To the Editor: Don't adopt the burgess' tactics. Don't delay.

Let's get that ordinance passed to avert icebox tragedies in Pottstown.

What was the big idea of council's getting the burgess in on the study of the ordinance?

If the matter is put into the burgess' hands, it means delay—maybe months, maybe years! Yipes, maybe even decades.

In the meantime, the iceboxes will be entombing our youngsters. Every day, this type tragedy occurs pretty often. Let's avert it before it happens.

Pottstown SAFETY-MINDED

## \$5000 Bungler

To the Editor: I notice under that new ordinance passed by council, the chief of police gets \$5000 per year.

Five thousand to bungle his job such as the bicycle license deal in which Pottstown's youngsters are permitted to break the law!

Five thousand to plan a working schedule such as the one the policemen are

complaining about, the schedule that's lowered their morale and prompted that jealously that your news story brought to light the other day!

I think I could put that \$5000 per year to better use.

Maybe buy the burgess a ticket to South America.

Pottstown READER

## When Will School Be Ready?

To the Editor: I wonder if anybody knows just what the delay is on the completion of the new school they are building in New Hanover township. This is why I ask about it.

Last year when I paid my taxes I asked the tax collector when the new school would be done. He said that he was told that it should be ready for this term which started last week. Well, it isn't ready, and far from it. This last Spring we had very wet weather which they said would delay it at least a month.

I realize this and some unseen thing can come along and make it bad—that the contractors will need a little more time, but I heard that it would take a couple of months longer. That was quite a while ago.

Now I hear that it will not be completed till the new year. This sounds very disgusting; because if it goes till new year, it will go a lot longer than that.

I wonder if the taxpayers of New Hanover and Upper Frederick and Swamp also Fagleyville know that under conditions they will have to pay a lot of uncalled taxes. They will have to pay the other schools for their use until this new school is ready. This does not make sense to me.

Why pay more than necessary? There must be a reason for this delay, and I would like to know what it is. Perhaps there can be something done about it, and there should be.

Perkiomenville FOR ACTION

## Shocked at Bachelor

To the Editor: I was shocked to find that there are such wolves in sheep's clothing in Pottstown as Don J. ("Bachelor Speaks," Readers Say, Sept. 9)

Such men are as much of a danger to the American home as the Communists, in my opinion.

I am the proud mother of three lovely daughters, and have a fine husband who turns over his pay every week.

It's a good thing most American men are like him and not like Don J., who probably spends all his money on himself.

I hope none of my daughters ever meets this bachelor. A young innocent girl often falls for some such handsome ne'er-do-well with a smooth line of blarney. Then when she yields to him he leaves her to a fate worse than death.

Monocacy A MOTHER

## Great Work

To the Editor: It's about time the school directors looked ahead.

It was fine work on the local school board's part to vote a study on possibilities of merging the Pottsgroves with Pottstown.

They have only laid the groundwork, to be sure. But it is a definite start toward the only solution to end overcrowding of schools and keep school taxes at a minimum.

Great work men!

# The Voice of Broadway

By DOROTHY KILGALLEN

## Let's Play Postoffice

Dear Miss Kilgallen:

I was delighted to notice in a recent column that you described Jack Buchanan and Fred Astaire as "classy." No doubt you noticed the perfect tailoring and correctness of their tails—both made in Saville Row, without a doubt.

Jack Buchanan is one man who can wear tails. I remember seeing him in "Tonight's the Night," in London when he got his first chance to understand George Grossmith, and how he could wear tails then!

I also remember when Fred Astaire came to London with his sister Adele and they did a wonderful dance together called the "Umpa Trot."

THEY TOOK London by storm, but his tails were badly made then. He soon changed and had R. W. Forsyth of Regent street tailor him and he has never looked ungroomed since he buys his tails in London.

Can't you put on a campaign to get the American man to dress in tails when he takes a lady out for the

evening instead of the awful "tuxedo" as they are called instead of dinner jacket? Let's have a gay winter in New York.

If only some tailor would have dressing rooms with showers for men, and give the New York man valet service, picking up their tails, pressing them and having them ready for the next occasion so the busy New York man could have no excuse for not dressing. Austin Reed, of London, has done this for over 25 years to my knowledge.

MY HUSBAND was one of the best dressed men, and it used to be fun to hop in a cab and meet him at Austin Reed's, dash over to the Cafe Royal in Regent street, have cocktails and dinner, then go to the theater, sit in the second row of the stalls and see a Jack Buchanan show. One enjoyed going to the theatre that way instead of the way it is done here.

The next morning, Austin Reed's valet service car would pick up everything—white tie, shirt, studs and suit—and everything was perfect for the next occasion even if it were the next night.

How about it, Dorothy? You are the girl who can do something about a gay winter.

Sincerely yours,  
AGNES M. ROBINSON  
New York city.

## The Worry Clinic

By DR. GEORGE W. CRANE

LOIS B. is in a common dilemma.

"Dr. Crane, I don't know what to do," she said, and began to cry.

"I'm in love with a girl in the army. He is now home on furlough, but goes back in a few days.

"He says he loves me with all his heart. But he insists that I give myself to him to prove my love for him.

"I've argued against it, but he keeps demanding that I do as he wishes.

"He says all girls do that, anyway, and he will never believe I love him unless I do give in to him.

"So what should I do? He means everything to me and I don't want to lose him."

SO I TOLD Lois about another girl named Beth who was propositioned in the same manner.

And Beth finally succumbed. It was during the first half of her senior year in high school.

She became pregnant. She had to drop out of school before graduation. This almost broke her parents' hearts, for they had sacrificed and skipped as poor folks do to give their daughter the breaks.

They had lived in the hope she would graduate and finally marry happily.

Beth told her boy friend about her condition. He callously informed her that it was her problem, and deserted her entirely.

So Beth was ostracized socially and forced to have her baby out of wedlock, which is an injustice to the baby, as well as to her parents.

WOULD YOU girls take a gun and hold up a bank or rob a store or kill a person just to "prove" your love for a boy friend?

Then why should you think you must submit to illicit sexual demands to "prove" your love?

Instead, why don't you take the initiative and see that your boy friend proves his love for you, as by treating you as a gentleman should?

Girls, if your boy friend ever demands that you "prove" your love for him by illicit sexual affairs, then you can be sure at the outset that he does not love you: Oh, he may protest loudly, but that's sales talk!

He is simply trying to inflate his juvenile ego by a sexual conquest so he can think he is a great big he-man.

## ALL AROUND THE TOWN

### Sleight-of-Hand...

### Off to See Son...

★ **DOUBLE DARING** — Henry "Frenchy" Le Clerc, who's one of the daring Sanatoga speedway drivers, has found a boy in his neighborhood who's very daring, in another and less pleasant way. Early the other morning, he looked out of home on Lincoln avenue near Franklin street and saw a youth riding off suddenly on a bicycle. At the same time, Le Clerc noticed that one of the fender guards was missing. Le Clerc jumped into his clothes, jumped into his car and scoured the neighborhood in a vain search for the young thief. A few hours after he returned, the boy returned and took the other fender guard. Le Clerc said his and neighbors' cars also have lost side-view mirrors and hood decorations. He's reported it to police.

★ **PLANNING AIR TRIP** — MRS. GEORGE A. LINEKER, whose husband is rector of Christ Episcopal church, will return this weekend from Maryland, where she has been visiting a daughter, MRS. RICHARD CREAHER. On Oct. 2, she'll begin a flying trip to Ft. Riley, Kans., for a visit with their son, CAPT. BRUCE LINEKER, who's been in the Army since 1945. She'll be accompanied by another daughter, Virginia Lineker.

★ **TWIRLING PRACTICE**—Ellena Faye Steinman, daughter of Mr. and Mrs. Willis J. Steinman, 414 Jefferson street, East Greenville, is attending the Bucknell university camp band in the Poconos, one of the few such camps in the country. Miss Steinman, a twirler, was a member of the band of Upper Perkiomen High school, from which she was graduated the past year. . . Two Pottstown area young people have registered at Lebanon Valley college, Annville. They are Charles W. Rhoads, 256 King street, and Thomas H. Shewell, Lumber street, Green Lane. . . Estelle C. Cheney, daughter of Mr. and Mrs. Gilbert C. Cheney, 833 North Franklin street, has transferred from the University of Massachusetts to Ursinus college, Collegeville. When she entered the Massachusetts university, where she made the dean's list, her family lived in Somerset, Mass. . . She'll be a Sophomore at Ursinus.

★ **CONVENTIONEER**—DR. ALICE E. SHEPPARD, Pottstown physician, leaves Pottstown today on a trip that will take her to the convention of the Medical Society of the State of Pennsylvania, which opens Sunday in Pittsburgh. A delegate from the Montgomery County Medical society, she will serve on the convention's reference committee. . . MR. AND MRS. DONALD PARSONS, Parkersford, are combining a honeymoon trip with a family visit in Denver, Colo. . . While there, they are visiting her brother and sister-in-law Airman 1/c Warren Mauger, Parkersford. . . SAM STRAUB, High and Hanover street haberdasher is on a trip to the West Coast, making Berkeley, Calif., his headquarters.

★ **CHAMP POPULAR** — William B. Twaddell, Fourth ward Democratic councilman, who engineered the continuation of Federal rent controls for the borough this past Spring, and then received his eviction notice after controls expired this past month, has had 11 offers to rent. Twaddell has been ordered from his 456 High street apartment. He explained, "I've had 11 offers. I don't have to be out until Oct. 31 and I'll have a place to go and it'll be in the Fourth ward." Twaddell is a candidate for re-election.

## YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

THE RUPTURE or dislocation of the "shock absorbers" of the spine, the intervertebral discs, causes most of the cases of sciatica.

The damage to the disc can occur at a time long preceding the symptoms, but is nonetheless the guilty factor.

Between the bones of the spine in the low back are jelly-like substances, the discs. Due to injury, excess weight, or the presence of weakness at birth, the ligaments and tissues that hold this jelly-like substance between the vertebrae weaken and the disc pushes itself out.

This causes pressure on the nerves that pass through the spinal canal, and thus produces the painful and often disabling symptoms.

The chief complaint is prolonged low back pain which travels down the back of one of the legs, sometimes reaching the heel. The pain is usually worse on coughing, sneezing, or movement of the bowels.

There may be numbness in areas of the foot or legs due to the pressure on certain nerves. It is most often seen in people employed in heavy work, between the ages of thirty and forty-nine.

X-rays may show a narrowing of the spine between the vertebrae where the disc is present. These X-rays may have to be taken in numerous positions for an exact diagnosis to be made.

Sometimes, special X-rays, in which a dye-like substance is injected into the spinal canal, are taken in order to prove the presence of the offending disc.

The disease is usually helped by rest on a bed in which a board is placed between the mattress and the spring. Supporting corsets, and the use of drugs to prevent spasm of the muscle of the back are also beneficial.

Sometimes the muscles must be forcibly relaxed by putting the person into traction with his leg pulled by weights.

In some cases, surgery is resorted to, when there is no response to medical treatment, although the results from surgery have not been too promising.

## QUESTIONS AND ANSWERS

S. R.: Will the giving of penicillin prevent a measles rash from erupting?

ANSWER: There is no evidence that penicillin will affect measles in any way except to prevent certain complications, such as pneumonia, from developing.

## Hollywood

By EDITH GWYNN

HOLLYWOOD, Sept. 16 — Susan Hayward's returned from her siesta in Hawaii with nary a word that's new on the situation between her and Jess Barker. There seems scant hope these two will get together. It's no secret Jess would like to move back home. It's also no secret that when Susie makes up her mind — it's made up! Soooo Jess doesn't seem to have much chance. . . Ann Sheridan looped into town from Mexico—but just to talk TV business about a series to be filmed below the border; and to sell her big house in the San Fernando Valley. She hasn't been able to dispose of it yet! . . . Dan Dailey and Gwen O'Connor are twining around the pubs again—after quite a lapse.

★ **ACTOR-MEGGER**, Vittorio de Sica (best known for "Bicycle Thief") is due for a film-town visit too. He also did a picture with Jennifer Jones, yet to be released here: "Terminal Station," already a hit in Europe. De Sica is presently acting opposite sexy Silvana Mangano in an Italian picture, the title of which we can neither spell nor pronounce. . . The Gene Autrys are planning a long tour. Whether this will kill the rampant rumors about their domestic doings, who knows? . . . Well, that date has rolled around again — and even the clock has been going tick-tick! . . . It's also the time when your income becomes "a collector's item."

Speaking of \$\$.—No movie star could boast the earnings Spike Jones and his band have stacked up these past months! Spike's "take" from county fairs alone would make most men feel like millionaires! . . . Doris Day, Robert Cummings and Phil Silvers start "Lucky Me" in Warner-Scope this week. . . David Brian has joined Jane Russell's religious group. They meet regularly for readings and discussions. . . Uncontrollable urge: To introduce visiting Costa Rican Consul, Stanley Maduro, to famed florist, Stanley Madeiros. . . Robert Bray, coming along fast, has made four big films in a row. Last two being "Caine Mutiny" and "Rose Marie," with Ann Blyth. . . Joe di Maggio came down from San Francisco again—just to see Marilyn Monroe. And when di Maggio is in Hollywood, nobody sees either him OR M.M.!

## How's Your Mind?

THE ANSWER, QUICK!

1. Who was Massasoit?

FOLKS OF FAME—GUESS THE NAME

1. This Greek philosopher is noted for his school, where he taught both men and women. He was born in 341 BC in Samos, but founded his school in Athens. He taught and lived with his pupils near the Dipylon, or gate of Athens, from whose waters he irrigated his garden. Although he held that pleasure is the chief good, he led a simple and temperate life with his pupils. He is said to have written over 300 volumes on Natural Philosophy, Atoms and the Vacuum, Love, The Chief Good, etc., most being lost. He was a materialist and argued that we should not fear death, since "when we are, death is not; and when death is, we are not." In his will he left his garden to his pupils. He died in 270 BC. Can you identify him?

2. You have seen him on the stage and radio and in motion pictures. He was born in New York City on Oct. 1, 1909, and attended the University of Pennsylvania. His first job was in Wall street, but he made his debut in Cherry Lane theater in New York. Later he played in "Bell for Arano," then did a good deal of work in radio—eight years in "The Goldbergs," then "Crime Doctor" with Orson Welles' Mercury theater, on the air and on stage. Who is he?

# MODEL PLANES WILL BE SHOWN IN EXHIBITION

Armory Show Includes  
Units Used in  
AF Research

An exhibit of Air Force model airplanes used in engineering research, identification training and film production will join a full-sized jet engine in the exhibit in the armory at 261 King street Monday through Wednesday.

Announcement of the exhibit's additional feature was made yesterday by Floyd J. Sisto, vice president and general manager of Jacobs Aircraft Engine company, which is sponsoring the exhibit.

There will be more than a dozen models displayed in a section seven feet deep and nine feet high.

Among them will be an F80 Shooting Star jet fighter used in wind-tunnel testing. There also will be a simulated aircraft field, with models moving on a rotating track around the hangars.

FOR would-be aircraft spotters, there will be a series of push-button tests with transparencies of actual ships.

Sisto announced Tuesday that the exhibit's highlight will be a cut-away version of a jet engine from an Air Force fighter plane, moved in slow motion through an operational cycle by an electric motor.

He also reported there would be a display of complete engines made by Jacobs, which makes important components of the General Electric jet.

## 3 Chairmen Named By Commerce Group

Three committee chairmen for the Pottstown Chamber of Commerce were named by Thomas A. McCaslin 3d, president, at the directors meeting at noon yesterday at Brookside Country club. Henry N. West was chosen head of the steering committee for Business Education Day which will be Oct. 21.

Melvin L. Feroe was named head of an enlarged committee for publicizing Pottstown, and Joseph A. Kelly was appointed fire prevention committee chairman.

It was announced that Carl M. Binder, State counselor, would attend the State Chamber meeting Oct. 22 in Philadelphia, and James S. Wilke, national counselor, said Congressman Samuel K. McConnell Jr. would be invited to visit a Chamber meeting.

## Do You Remember?

Those grand old days when Pottstown and area was in its infancy—Here's another photo that may recapture a few moments of eternity for you, a picture to stir your memory and let you catch a glimpse of the past.

Patronize Pottstown Mercury Advertisers

A statue of a Civil War soldier stands above an ingenious arrangement of drinking fountains, with his back to what now is the B. E. Block and Brothers furniture store on the northwest corner of High and Charlotte streets.

When this photo was taken, Binder's drug store was on the corner and Kepner and Romich furniture store was next to it. Furman Binder, a son of F. Brooke Binder, the founder, recalled that the store was there from 1911 to 1931.

There were drinking fountains on three levels on the statue. The little basin faintly visible at the statue's lower right corner was for dogs. The larger basin farther up the left side was one of three for horses.

Hidden from view, facing the sidewalk was one for humans. Binder's drug store now is at 307 High street; Kepner and Romich, at 139 High street.

In those days, the Seneca club, which produced outstanding local basketball teams, was on the second floor.

### Three Mass X Ray Days Scheduled for Pottstown

Three mass X-ray days have been scheduled for Pottstown next month, it was announced at a luncheon meeting of the Pottstown Tuberculosis society yesterday.

On Wednesday, Oct. 21 from 1 p. m. to 8 p. m. the unit will be stationed at the YMCA for the general public. The next day the unit will examine students of the Pottstown Junior High school, and on Monday, October 26, examinations will be conducted at The Hill school.

Examinations, made for the detection of tuberculosis symptoms, are made in Pottstown each fall. More than 1000 examinations were made on the mobile unit's last

## MAN RECEIVES SEVERE BURNS

Area Resident Hurt In Flaming Blast From Heater

A Pottstown area man was burned severely on his chest when he opened the door of a tenant's kerosene space heater early in the morning to see what was the matter with it.

Lloyd Stauffer, Douglassville RD 2, near Earlville, was in "good" condition yesterday in Pottstown hospital. He was expected to be released by today.

Mrs. Marvin Stauffer, a sister-in-law who lives close by, said that he and his wife were awakened early Tuesday by kerosene fumes.

Finding nothing wrong with his heater, he went to the other half of the house, rented to Arlys Henley.

OPENING the door of the heater, he was almost knocked over by a blast of flames. He had serious burns of his chest and arms, and his eyebrows were singed.

The sister-in-law reported that the rush of oxygen when the door was opened apparently ignited kerosene that had accumulated because of faulty functioning of the stove.

### Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little PASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get PASTEETH at any drug store.

### ARTHRITIS PAINS GONE!

Mrs. Carrie Groff, 322 S. Reading Ave., Boyertown, Pa. writes: "I had very stiff knees and hands and much pain in them. It was difficult for me to go up and down the stairs and walking was very painful and tiring. Since I have used Crownhill Mineral Water I am now relieved of all these troubles."

## Prisoners Testify On Riot Destruction

BELLEFONTE, Sept. 16 (AP) — Two prisoners at the Rockview State prison today described to a jury scenes of destruction during three days of rioting at the prison the past January.

They were called as prosecution witnesses at the trial of 15 prisoners on riot charges after Dep. Atty. Gen. Edward Friedman estimated damage at the prison during the outbreak at \$100,000.

The prisoner-witnesses testified that some of those on trial started fires, broke down doors and burned mattresses. One of the witnesses, Cortiss Kline-

felter, York county, said he didn't "lift a finger" to take part in the rioting.

Wives of three Rockview employees testified they moved out of the prison area during the rioting because they were afraid.

## Stock Market Recovers For Second Straight Day

NEW YORK, Sept. 16 (AP) — The Stock Market went through its second straight recovery session today in a quiet manner.

The average gain today added to that of yesterday exactly equals the severe loss of Monday when the Market hit a new low for the year.

### Man Without Country Locked in Ship Cabin

MARSEILLE, France, Sept. 16 (P)—Michael Patrick O'Brien, the sea-borne man without a country, was kept locked in a cabin aboard the liner Bretagne today while French police puzzled over what to do with him.

Italy refused to let him land when the French vessel touched at Genoa yesterday. That made a total of eight countries that have barred him. He spent nearly a year on the Hong Kong-Macau ferry, rejected at both China sea terminals until he was given transit through Hong Kong by the British authorities on the promise to keep going.

A sponsor offered to set him up in Brazil and he went there—by air across Asia and Europe and in the Bretagne across the Atlantic.

### Ex-Hill School Head Harlan Wendell Gets US Health Position

Harlan L. P. Wendell, son of Dr. and Mrs. James I. Wendell, former Hill school headmaster, has been appointed as consultant to the secretary of the US Department of Health.

The 29-year-old Pottstown man will advise Secretary Oveta Culp Hobby on the newly created department's information program.

He received a year's leave of absence from his post at DuPont with the information division of the company's public relations department.

He joined DuPont in 1948 as a plant publication editor and in 1950 was transferred to the public relations department in Wilmington.

He was educated at The Hill school and graduated from Yale in 1947. He received a Masters degree in business from Harvard the following year.

### Ghandi's Son Chooses Jail Instead of Fine

JOHANNESBURG, South Africa, Sept. 16 (P)—Manilal Gandhi, son of the late Indian leader Mohandas K. Gandhi, said he will serve a 50-day jail sentence rather than

pay a 50 pound (\$140) fine for his participation in a demonstration hold a location set off for Africans to defy South Africa's rigid racial segregation laws. Gandhi withdrew an earlier appeal to have the fine lifted. Gandhi, 60, was convicted the past Feb. 4 at Germiston, in the Transvaal, on charges of entering

### School Board Elects Five Teachers, Authorizes Improvement Projects

Boyertown school board elected five teachers, heard reports on finances and enrollment, and authorized two improvement projects at its meeting last night.

The new teachers are: Janet M. Bechtel, daughter of Mr. and Mrs. Russell Bechtel, Bally, and a 1948 graduate of Boyertown High school. She will teach Second grade at the Washington school.

Mrs. Anne E. DeTurk, 221 East Fourth street, Boyertown, Second grade.

Ruth W. Howell, graduate of Reading High school, First grade.

Mrs. Eleanor C. Weiss, Fourth grade.

Harry D. Steckel, Sixth grade at the Lincoln school. He was graduated recently from Kutztown State Teachers college.

The board approved Elizabeth S. Casselberry for school nurse. She is a 1935 graduate of Temple university.

IMPROVEMENTS authorized last night include painting of the wire fence around the Washington school by Charles O. Johnson and a new surfacing project on the Lincoln school ground.

An asphalt surface two inches deep will be put down. It will cover 342 square yards.

Charles Gabel, Boyertown contractor, was low bidder on the project with an offer of 90 cents a square yard. Total cost of the asphalt surface will be \$307.80.

The other bid was for \$1 a square yard.

### GRANGE PLANS FLOAT IN PARADE

Sanatoga Groups Make Preparations for Event To Note Halloween

Sanatoga Grangers decided last night that they will enter a float in the community Halloween parade on Oct. 30.

Vernon Rapp, who was made chairman of the float committee, promptly offered the use of his tractor to pull the float.

Master Lewis Brant named three members to serve with Rapp. They are Mrs. Luther Shutt, Edward H. Scheffey and Mrs. Betty Rahn.

The 55 Grangers at the meeting also decided to donate funds to finance the parade.

Sponsor of the parade, the first to be held in Sanatoga, is the PTA, with the co-operation of the Grange and other community organizations.

LAST NIGHT'S lecture period was in charge of new member O. C. Bearcraft, who is president of the Montgomery county safety council.

Bearcraft introduced Jacob Wunderlich, Pottstown Automobile club executive, and Martin Kiggins, State trooper from Jeffersonville barracks, who discussed safety on the highways.

Kiggins also showed a safety movie titled "A Day in Court."

Waitress Talks Man Out of Holdup; She Then Calls Police

KENOSHA, Wis., Sept. 16 (P)—A holdup was thwarted when a waitress talked the gunman into pocketing his weapon and lending her a dime so she could call police.

Milton Hall, 23, Muncie, Ind., pleaded guilty to a charge of armed robbery and was ordered held in the Kenosha county jail under \$5000 bond pending pre-sentence investigation.

Police said Hall entered a West side lunch room and produced the gun. They said Mrs. Margaret Gresham, 20, convinced Hall to give up his plan, poured him a cup of coffee, borrowed a dime from him, and called police.

Mrs. Gresham told police Hall left to drive around in his car and came back and had another cup of coffee before officers arrived to arrest him.

Authorities said Hall told them he needed \$500 to pay alimony.

### Parents, Wife Await Sergeant's Second Return From Korea

Sgt. Donald G. Cisick, 318 Cherry street, is one of the few men in the Army who has the distinction of leaving Korea twice in a brief military career.

He served on the rocky little peninsula for six months before the outbreak of hostilities.

His first departure was made from the country before the bombs and shells began to fall.

He left Korea for a second time for San Francisco this past Saturday.

The 26-year-old career soldier is the son of Mr. and Mrs. George Cisick. His wife Rose, of Havre de Grace, Md., has been living at the Cisick home, awaiting her husband's return, for the past six months.

Sgt. Cisick was graduated from Pottstown High school in 1945 and worked briefly at the Doeber-Jarvis division before enlisting in the Army.

His second assignment to Korea began 17 months ago.

Greeting him on his return will be his parents, wife and son, Michael, who will celebrate his third birthday anniversary next month.

### State Safety Group Hears Expert Talk On Use of Gas Lines

HARRISBURG, Sept. 16 (P)—A Houston, Tex., natural gas expert said today special technical improvements have kept the safety record of cross-country transmission lines at a record high.

Stanley Owens, safety director of the Transcontinental Gas Pipe Line corporation said such pipe lines are designed from the beginning "to be as safe as human ingenuity can make them."

Addressing the annual Pennsylvania Industrial Safety conference, Owens said:

With a record of practically 100 percent of continuity of service behind them, these lines have reduced to a minimum the possibility of damage to public property or personal injury to the public.

Gas transmission lines, he added, have a combined mileage exceeding that of railroads.

"Attention to safety begins in the steel mills where special alloy steels have been developed for fabrication," Owens said.

He said X-ray examinations of pipes and welds preclude defects and imperfections. A welder who lets a flaw pass by him is automatically fired, he said.

Gov. John S. Fine opened the two-day conference with a disclosure that the Commonwealth is making regular safety inspections of industries using radioactive materials.

## SECOND POLIO CASE OF YEAR REPORTED HERE

Beech Street Boy's Condition Seen 'Good'

Pottstown's second polio case of the year—that of an eight-year-old Beech street boy—was reported yesterday.

The victim is Wesley Carter Davis, son of Mr. and Mrs. Wesley E. Davis, 741 Beech street, a fourth grade pupil at Jefferson school.

His condition in the isolation ward of Montgomery hospital, Norristown, was described yesterday as "good." There has been some "weakening" of the muscles, but no definite paralysis, hospital authorities reported.

In the same hospital is Sharon Crater, 13-year-old daughter of Mr. and Mrs. John Crater, High street and Gross-town road, Stowe, who was admitted the past Sept. 7. Her case was not a serious one, and she was reported yesterday as improving steadily.

The first polio case in the borough was that of Irvin Davidheiser Jr., 5-year-old son of Mr. and Mrs. Irvin Davidheiser, 154 Sunrise lane. His case did not require hospitalization and he was continuing to improve at home yesterday.

THERE have been five other cases earlier this year in the Pottstown area—Boyetown, Royersford, Birchville, Collegeville RD 2 and Birdsboro.

The Davis boy first complained of feeling ill the past Sunday, his mother reported. The next morning the family physician was called, and on Tuesday, a spinal tap was taken at Pottstown hospital that led to a definite polio diagnosis.

The child went to Montgomery hospital Tuesday night. His early symptoms were a temperature, headache, back ache and a general listless condition.

Since the 8-year-old is an unusually active child, it was the listlessness that first indicated to his mother that he was seriously ill.

The fourth grader last attended Jefferson school the past Friday.

AS has been true in the previous polio cases, gamma globulin has been injected into the member of the family eligible to get it—the Davis' 10-year-old daughter, Beverly.

Under rules drawn up by the Government agency that allocates the scarce gamma globulin, persons over 30 are not eligible to get it except in the case of pregnant women.

Younger persons, to be eligible to get gamma globulin, have been "intimately exposed" to the polio case for 12 consecutive hours.

The district office in Norristown of the State Department of Health said yesterday that children who have simply been in the same school or classroom with a child who contracts polio are not eligible for gamma globulin.

THE DAVIS case was the 22d case so far this year, it was reported by the Montgomery County chapter, National Foundation for Infantile Paralysis. There were 76 cases in the same period of the past year.

The Davis boy was in fairly good spirits when he went to the hospital, his mother reported, but he had two requests that he hoped could be filled, at least before he returned home.

He wants a lizard and he wants some silk worms. He's been collecting insects for several years.

Mrs. Davis added, "He has his best friend with him—the Bible—so I'm sure everything will go all right."

## O'Connors and Kuzmechs Off!

(Continued From Page One)

ficer at the Port of Embarkation in San Francisco, James Sullivan, turned out to be a long-lost friend of The Mercury's—an ex-newspaperman—so that provided an inside track with the Army.

Numerous telephone calls back and forth to Sullivan assured the two families the carpet of a royal welcome.

The public information officer at the Travis Air Force base, George Hatfield, also turned out to be a great help—co-operating with The Mercury on every minute detail of the complicated arrangements.

AS FOR the Kuzmechs and O'Connors, who've been packed and ready to set sail for the past week, there was only one emotion.

"I can't believe it's really here," Mrs. O'Connor said, her eyes wide in excitement and anticipation. The Kuzmechs, a couple in their mid-60s who have never flown before, were nervous as they waited in the early morning dark for the trip to get underway.

It was a long trip ahead for them. But they smiled bravely and agreed "It's worth anything to see my boy quick."

For the three-year-old Patrick Michael O'Connor (his father hasn't seen him since he was 17 days old), the whole thing was a cause for great excitement and wonder. He kept asking where the plane was and when he'd be able to get in it.

The Kuzmechs and O'Connors will have the finest accommodations.

THE FLIGHT will be a first-class luxury flight, with only one stop, in Chicago. The plane leaves LaGuardia at 8 a. m. and arrives at San Francisco at 4:30 p. m.

The group will be served breakfast on the way to Chicago and lunch between the Windy City and San Francisco.

Accommodations are all set at the Alexander Hamilton hotel in San Francisco, one of the city's finest.

Each of the six persons was insured for \$5000 by Jacob R. Sotter, insurance agent.

If Capt. O'Connor arrives on Friday, as slated, he'll have three days with his family. The Kuzmechs will spend Sunday and Monday with their son.

The return trip will start Monday night. Again on a United Airlines luxury liner, the party will wing its way back East, this time to Philadelphia.

FOR THE two families, the past week has been almost as hectic as the 33 days they spent waiting for word of their sons' releases from prison camps.

The operation originally was set for the past Sunday, when it was learned that Capt. O'Connor would be flown from Tokyo on that day.

But at the last minute, the trip was called off. Capt. O'Connor was being held at a hospital in Tokyo.

The trip was scheduled again for tomorrow, with only the State mediation bureau, attending.

## FLAGG STRIKE —

(Continued From Page One)

The State mediation bureau, attending.

YESTERDAY'S OFFER, presented by firm representatives, Ralph A. Lind, labor consultant, Stanley P. Elliott, director of personnel and assistant general superintendent, and Alden J. Ramsdell, assistant to Elliott, included a provision that the contract run until August 1955 without a wage re-opening clause.

The union has demanded a 16-cent an hour wage boost, a pension plan and co-operative wage study (CWS) program, similar to CWS plans in other plants.

No date was set for a future negotiation session. Among those representing the union were President Clarence Matz and Vice President Raymond Wilkinson.

The strike at the big plant began this past Aug. 1.

## Pet Disposal Problem

MULLENS, W. Va., Sept. 16 (AP)—Enoch Cook complains that a wide spot in the road near his house is becoming a dumping place for unwanted dogs and cats.

Since the community has no humane society, Cook says it's his unpleasant duty to dispose of the animal waste. He suggests that the pet desecrators also leave a bag containing some .22 calibre bullets "if they want me to share in their unkind deeds."

Games were played and prizes, trapping equipment, were awarded by Roth.

A new Den, 5, and the new den mother, Mrs. Ivan W. Hess, were welcomed.

## COUNCIL GROUP —

(Continued From Page One)

tor Patrolman Paul I. Galloway and Desk Sgt. Russel B. Hummel denounced the present schedule in discussing the new salary ordinance Tuesday night.

Police were satisfied with the new salary schedule which will provide patrolmen with \$4000, sergeants \$4500 and the chief \$5000.

Patrolmen will be paid on the basis of \$3500 per year for the first six months, the probationary period.

In the early days of New Mexico, vintage French wines were imported at high prices for military receptions although New Mexican wines were considered excellent.

# US, 15 Allies Resolve to Stand Firm On Limiting Korea Peace Conference

UNITED NATIONS, N. Y., Sept. 16 (AP) — The United States and its 15 Allies in the Korean war decided unanimously at a closed meeting today to stand firm on the UN decision to limit the Korean peace conference to belligerents.

Diplomatic sources reported this development as the Soviet bloc gave firm notice in the 15-member steering committee of the Eighth UN assembly that the Russians will fight to the last against any attempt by the United States to revise the UN charter.

## RED CHINA REPLY ON CONFERENCE RELAYED TO US

Swedish Government Forwards Note to US Embassy

STOCKHOLM, Sweden, Sept. 16 (AP)—The Swedish Government announced tonight it has relayed a reply from Red China to the United States on the time and place for the Korean peace conference, but said it "added nothing new to the situation."

A foreign office spokesman said the reply arrived here from Peiping yesterday and was forwarded immediately to the US embassy in Stockholm.

"The reply," the spokesman said, "was very short and contained nothing but a reference to a reply the Chinese sent directly to UN Secretary-General Dag Hammarskjöld in New York earlier this week."

The message sent by Communist China's Premier and Foreign Minister Chou En-Lai to Hammarskjöld suggested that the time and place of the conference be decided only after the United Nations has considered its demand that neutrals be invited to the conference to make it a "round-table" affair.

Diplomatic sources at UN headquarters in New York said the Red note, relayed through Sweden today, included an acknowledgment that Peiping had received Washington's suggestion that the conference be held in Geneva, Switzerland; San Francisco, or Honolulu on Oct. 15.

The United States had asked Sweden to relay the information because that Scandinavian country has diplomatic relations with Communist China.

The Chinese answer is reported to have said Sunday's note constituted a reply.

# Grunewald's Wife Pleads With Judge As 'The Dutchman' Is Led Off to Jail

WASHINGTON, Sept. 16 (AP)—Henry W. (the Dutchman) Grunewald, who won a name as a Washington wirepuller, was sent to jail today as his wife begged hysterically—but in vain—for "just one more chance."

US District Judge Alexander Holtzoff revoked Grunewald's probation, holding he had been guilty of serious violations of its terms.

After the ever impassive "Mystery Man" had been led away to begin serving a three-month sentence for contempt of Congress his wife, Mrs. Erna Grunewald, screaming and weeping, pleaded with the judge to spare him from jail.

"Sorry," the judge finally cut in. "There is nothing I can do."

"Can't you put me into jail?" she shouted.

The judge thereupon indicated he didn't want to hear any more by saying he had given Mrs. Grunewald a chance to make a statement and that she had taken full advantage of it.

Grunewald, 63, said he told the truth to probation officer Edward G. Garrett about an episode in a Jersey City, N. J., apartment Aug. 21, when he and a woman companion, Mrs. Ann Anderson, 46, were found semi-conscious in a gas-filled apartment.

GARRETT TESTIFIED Grunewald had violated the terms of his

probation on at least two occasions, but did not specifically mention the Jersey City incident.

Garrett said Grunewald, who had promised to lead a "clean, honest and temperate life," went from Spring Lake, N. J., to Newark, N. J. Aug. 17 and registered in a hotel under an assumed name.

Garrett told the judge that he had given Grunewald permission to go to Spring Lake, but not to travel elsewhere.

In June, Garrett said, Grunewald, "in an apparent drunken condition," was escorted out of a Washington hotel.

Grunewald's Washington career embraced first name friendships with high Government officials and members of Congress, and earnings for "investigations" running into thousands of dollars.

## King Faisal 2d Accepts Premier's Resignation

BAGHDAD, Iraq, Sept. 16 (AP)—King Faisal 2d today accepted the resignation of Premier Jamal Al Madfa'i.

It was disclosed that the premier had submitted his resignation yesterday. Informal sources said his bad health and some cabinet squabbles were the reason for the step.

# PLEDGES KEPT, BENSON STATES

Secretary Labels Demos' Statements as Being 'Ridiculous'

DENVER, Sept. 16 (AP)—Secretary of Agriculture Benson today labeled as "ridiculous" accusations by Democrats that the Eisenhower Administration is breaking 1952 campaign pledges to the Nation's farmers.

"Anyone who knows the President knows he is not going to break any campaign pledges — and neither is the SECRETARY of Agriculture," Benson told a news conference after a meeting with President Eisenhower.

The accusations that the Eisenhower Administration was running out on its campaign pledges came at Democratic conference in Chicago yesterday.

Speaking later before newsreel and television microphones, Benson said "there have been some charges made by irresponsible individuals" that Eisenhower was breaking campaign pledges to farmers.

At the Summer White House here today, Benson repeated that he has no intention of resigning. He said in reply to questions that there was no basis for reports that he was about to quit his cabinet post.

Benson called the reports "rumors," and added that he and Eisenhower had not touched on the subject at their conference.

White House Press Secretary James C. Hagerty interrupted Benson to say that the White House knew of no basis for the resignation reports, either.

# 28 Are Killed as Airliner Crashes And Burns After Hitting Two Towers

ALBANY, N. Y., Sept. 16 (AP)—All 25 passengers and the three crew members rode to their death today as an American Airlines plane crashed, exploded and burned near Albany airport after striking two radio towers.

The bodies, most of them scorched by flames, were moved to the St. Peter's hospital morgue here. Identification was a slow process.

The Civil Aeronautics administration, Airline officials and State police began an investigation to determine the cause of the crash. The CAA said its report probably would not be issued for several days.

Some witnesses said the Chicago-bound plane, Flight 723 from Boston, seemed to be having engine trouble before it struck two 365-foot towers of Albany radio station WPTZ and dove into a lot eight miles west of Albany. Part of a wing and part of a tail were found near the towers, which suffered only minor damage.

The two-engine Convair had been circling the airport area for about 15 minutes, waiting for ground fog to clear. The plane crashed a half-mile from the radio station towers and 3½ miles from the airport control tower, which said it had maintained radio contact with the plane until a few minutes before it hit.

ABOUT A DOZEN victims were thrown from the plane. Others were trapped in the wreckage. The plane barely missed ploughing into a trailer camp. Sheds near the camp and trees in the area caught fire. Some of the trailers were scorched.

John W. Rodd, 23, an ex-Navy pilot who lives near the scene, said he ran to the door of the plane but flames forced him away. He reported that he had heard the engine cut out and then roar as though the pilot had "gunned it."

Mrs. Alpha Craig, whose trailer-home was scorched by the flames, said she heard the "sound of a motor unnaturally close" but "heavy fog or clouds" prevented her from seeing the crash, 10 feet away. Fearful of being trapped in the trailer, she grabbed her 10-month-old son, roused her husband and fled to safety.

Rescue workers could do nothing but extinguish the flames and sort out the bodies.

Among the victims was Samuel L. Orme, 47, an Albany salesman whose wife, Mildred, 41, was killed June 22 in an automobile accident. They left four children. One—Mary, 20—is a reservation agent here for American Airlines.

Another victim was Thomas J.

They met while they were students at the University of Pennsylvania.

Lopiccolo, 34, of Bristol, Conn., president of the American Research corporation. He was bound for Syracuse, N. Y., as were several of the passengers.

One victim was a student, Irwin Ginsberg, 24, of Brookline, Mass. He was enroute to Syracuse, where he was a Senior in the Syracuse University College of Law.

The airline said none of the passengers was enroute to Chicago.

## Operation Scheduled For Siamese Twins

NEW ORLEANS, Sept. 16 (AP)—Foundation hospital surgeons will attempt tomorrow to separate the siamese twin daughters of Mayor and Mrs. Ashton Mouton of Lafayette, La., hospital officials said today.

The two girls, Carolyn Ann and Catherine Ann, were born July 22 in Lafayette and brought to New Orleans 48 hours later. They are joined at the base of the spine.

# TREASURY CHIEF Warns US On REDS' H-BOMB

But Sees No Reason To Delay Cut in Income Tax

WASHINGTON, Sept. 16 (AP)—Secretary of the Treasury Humphrey said today that Russia's progress with the H-Bomb makes defense stakes "too high to take any chance of being only second best."

Addressing a luncheon meeting of the National Press club, Humphrey defended what he said were careful reductions in defense spending and said the Administration is aiming at a "brand new model" defense program to give the most defense at the least possible cost.

"It is going to take some real work and a real new product," he said. "It won't be done just by putting some additional chrome on the bumper. We have to have a brand new model."

He conceded he was speaking in the language of Secretary of Defense Wilson, and predicted that the former General Motors head will do "a grand job if you just give him a little time."

MEANTIME, Humphrey said, "there is nothing in our present estimates . . . to change our recommendation" that a scheduled 10 percent income tax cut and abolition of the excess profits tax go into effect Jan. 1 as planned.

Answering questions after his speech, the Treasury chief said he is "encouraged and optimistic" about the business outlook and sees no cause for alarm in "business readjustments" so long as they remain scattered.

The chances are, he said in his address, that the treasury will be able to stay within the present 275 billion dollar debt limit, and no special session of Congress will be needed this year to raise the limit.

# President, French Premier to Confer; Bid Seen to Bolster European Army

WASHINGTON, Sept. 16 (AP)—the past week and executive agent Joseph Laniel was viewed in diplomatic quarters today as aimed chiefly at pumping new life into the stalling program for a West European defense Army.

Laniel

some time this fall.

The Eisenhower-Laniel meeting will mark the second time the President has conferred with a French premier since assuming office the past January. He met with Former Premier Rene Mayer the past March just before the French Assembly topped Mayer's government.

Diplomatic officials said today this second top French-American conference will devote its major attention to plans for speeding French approval of the long-projected six-nation European army.

Problems related to the French-Communist war in Indochina also will be discussed, they said, but President Eisenhower and Secretary of State Dulles are reported concerned mainly at this time with pushing ahead with North Atlantic defense plans.

By the time Laniel arrives, accompanied by Foreign Minister Georges Bidault officials believe the plan to virtually double American military aid to France for Indochina will have been nailed down. The US National Security council approved such a step-up

The exact date of Laniel's visit is uncertain. One informed diplomat said he believed that President Eisenhower's crowded schedule and Laniel's commitments may delay the meeting until late October.

Laniel already has made plans to visit Turkey, and in addition he must be on hand for upcoming French assembly debates on domestic and foreign policy problems.

Persons familiar with arrangements for the Laniel visit emphasized the meeting is in no way designed to put heat on the Laniel Government to push the European Army treaty through a reluctant French Assembly.

Rather, they pictured the Eisenhower-Laniel conference as a general review concentrating mainly on European defense which conceivably could add to the French leader's prestige and thus facilitate approval of the European Army arrangement by the French Parliament.

The European Army treaty, which links France, West Germany, Italy, Belgium, the Netherlands, and Luxembourg, was signed 18 months ago, but West Germany is the only country which has completed ratification steps.

## Royersford - Spring City

HARLEY B. BRANDRETH, Rep.

Third Avenue and Main Street, Royersford Phone 158

### Police Chief Asks Help of Residents In Traffic Control, School Child Safety

Concern over a number of unprotected Royersford intersections, the increase in school enrollment and heavier traffic prompted a plea for extra care on the parts of motorists and parents from Royersford Chief of Police Bryson M. Turner.

Chief Turner says:

"A greatly marked increasing number of school children are attending the grade and kindergarten schools here in Royersford and the

police are concerned for their safety. There are 439 pupils, including the kindergarten, marching back and forth each day to school, and with the increasing number of cars running each day, we have a big problem to solve.

"Our school patrol members, who have been doing and are expected to do a good job this year, are again on hand, but the traffic control is out of their hands and they are not allowed to interfere.

"We have about four bad intersections which are most dangerous and with only one officer on duty at a time, all four cannot be directed. The need of about three adults is pointed up.

"Dangerous intersections are Fourth avenue and Washington street, Fourth avenue and Walnut street, Fifth avenue and Main street and Fifth avenue and Washington street. Even Fourth avenue and Main street, where the traffic light is located, will bear adult watching of moving motor vehicles.

"On rainy days, our streets are heavily laden with cars bearing a few children to school. Hundreds of other children stand on the curb many minutes, becoming soaked to the skin, waiting to cross in safety.

"Years ago, when there were no cars, all youngsters marched to school, outfitted with rubbers, umbrella and rubber coat and their safety was assured.

"Today, many cars have come into use and dangers are so great that I am asking every parent to become safety-minded, not only for their own child, but for others. Let us leave our cars home if we can, let us be very careful when we stop the car and leave the child out.

"Let us not be as concerned about the child's walking to and from school in the rain as of some little child being run down and injured for life or possibly killed. In all these words I have given you our problem; it has not been solved. I hope we can do something about it."

"O'Connor sent a message back. They picked it up and telephoned Mrs. O'Connor on Sunday."

At 1:30 p. m. Sunday when Mrs. O'Connor got the telephone call from Mrs. Hicks in California, she was too excited to catch the name of the person calling. The only thing she recalled, though, was that the callers were former Pottstown area residents.

After getting the call Mrs. O'Connor said, of the then unknown "ham" operators. "They were wonderful. They waited while I wrote a message for him. It really made me feel wonderful, the way they were all helping."

Major Hicks, who has been in the Air Force for 13 years, then transmitted Mrs. O'Connor's message back across the Pacific to the captain.

### Judge Levies \$125 Fine On Royersford Motorist

NORRISTOWN, Sept. 16—William DePietropaulo, 23, of 800 Washington street, Royersford, pleaded guilty to a charge of drunken driving before Judge William F. Dannehower yesterday and was fined \$125. In addition, he was placed on probation for one year.

He was arrested June 14 by Officer Uriah Fox, of Royersford, after a chase through the borough streets. The chase ended when the fleeing car hit a service pole on Upper Lewis road.

### Sunday School Class Plans November Roller Skating Party

Busy Bee Sunday school class of Royersford First Evangelical and Reformed church heard reports on various activities at its meeting Tuesday night in the social hall. Mrs. Nora Brunner, president, conducted the session.

After discussing plans for a party for the junior choir, the class decided to hold a roller skating party for the children early in November.

Mrs. Ida Bertz, chairman, reported arrangements have been completed for the annual banquet, Wednesday night, Sept. 30. The destination is being kept a secret.

Reporting for the project committee, Mrs. Ruth Walt said a profit of \$169 resulted from the sale of small gift cards by her committee.

THE FOLLOWING were asked to serve on the October meeting committee: Mrs. Mary Bender, chairman; Mrs. Viola Machemer, Mrs. Doris Rosenberger, Bessie Shade and Mrs. Ruth Walt. This meeting will take place Tuesday night, Oct. 13.

After the meeting, Mrs. H. H. Hartman, class teacher, gave a short talk. The following, whose birthday anniversaries occurred during the Summer months were present:

Elizabeth Cameron, Sara Heller, Alice Strauss, Ruth Walt, Grace Filkins, Bessie Austin and Jennie Foreman.

Refreshments appropriate for a birthday party were served by Elizabeth Weinert, chairman; Kathryn Bertolet, Betty Dreihelms, Jennie Foreman, Doris Kirk, Evelyn Kline, Mabel Krasley, Mary Stahl, Anna Tyson, Sara Moore, Margaret Bauer, Jean Maier, Elizabeth Cameron, Marjorie Hunsberger and Alice Walker.

# Plymouth Hy-Drive

Newest, smoothest, least expensive no-shift driving in low-price field

Thousands of motorists today are enjoying the spectacular performance of Plymouth Hy-Drive

#### It's Smooth

—one flowing motion!  
No noises, jerks or lurches in going from one speed to another. Your car can't up-shift or down-shift on you unexpectedly.

#### It's Powerful

—for a fast, positive getaway.  
There's no racing of the engine to get started, no "winding up."

#### It's Versatile

—holds your car without using the brakes while halting on a hill. You get good engine braking going downhill. You can use the clutch for more exact control in "rocking" out of mud or snow.

#### It's Economical

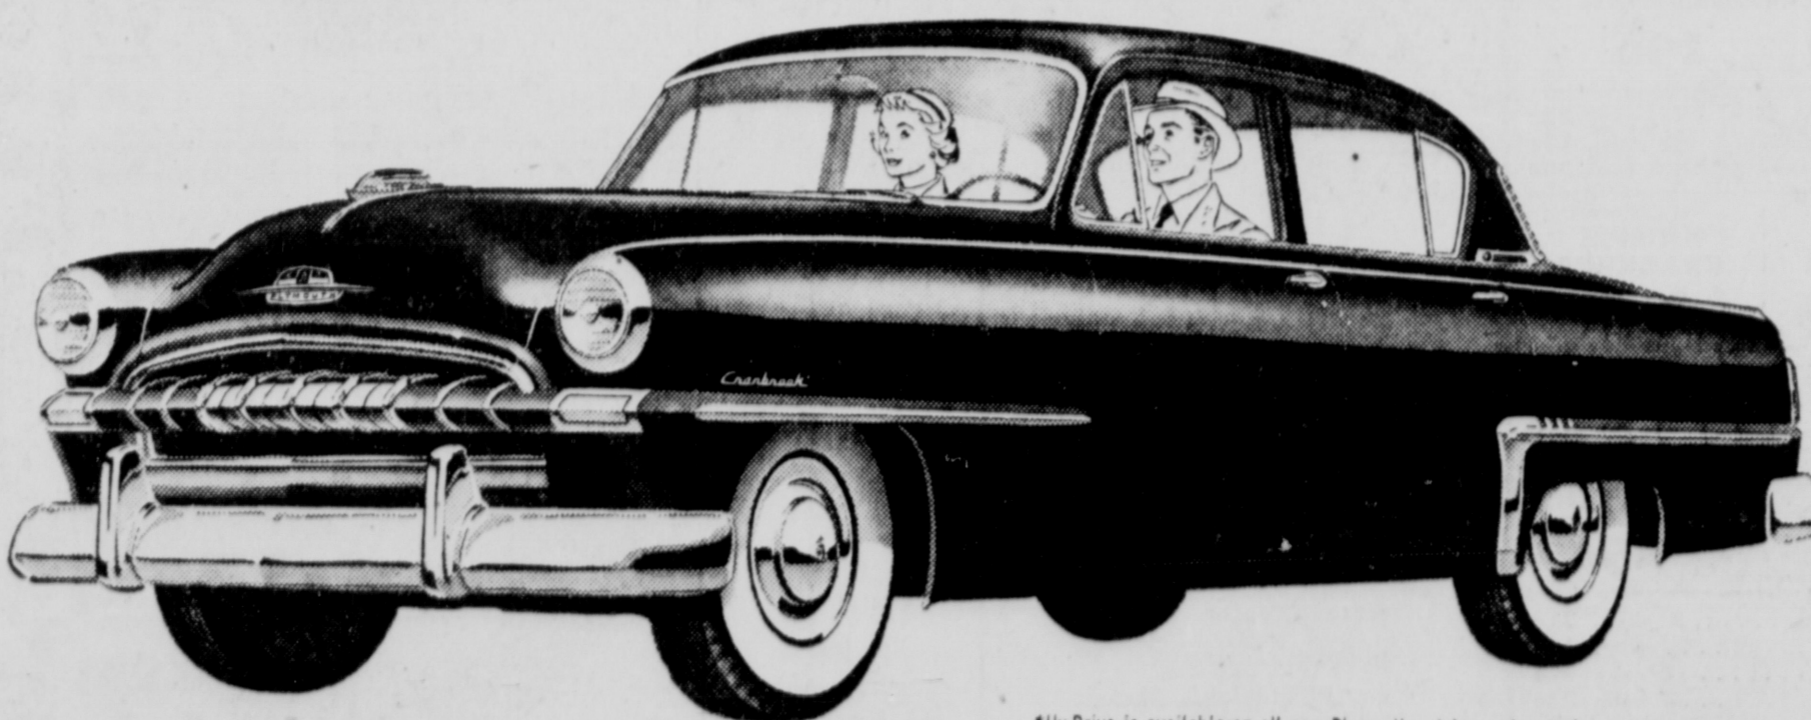

—both in original cost and in upkeep. There's no complicated mechanism to get out of order or to adjust and maintain.

"It saves me around 2 gallons of gas each day," says this rural mail carrier

"Vic" Hammer is a rural mail carrier out of Appleton, Wisconsin. He drives the same route every day. He has 400 boxes, which means lots of starting and stopping. He used to use between 5 and 6 gallons each day.

Recently, Mr. Hammer purchased a new 1953 Plymouth equipped with Hy-Drive\*. He is now using between 3½ and 4 gallons of gas a day on his route.

"I think this is an amazing performance," Mr. Hammer says. "I'm saving around 2 gallons of gas for the route each day. And it's 100 per cent easier serving the route now that I no longer have to shift gears."

# Centurians Set the Fashion Pace With Style Show at Lakeside Inn

Fall fashions were previewed yesterday at the Century club fashion show by about 300 residents of the area.

Scene of the affair was Lakeside Inn, Limerick. Musical direction was provided by Mrs. Jack Wennersten. Mrs. Maurice Mosheim and Mrs. Russell Tyson were in charge of floral decorations.

Mrs. John A. Barlow, Century club president, welcomed members and friends. She acknowledged the efforts of Mrs. John F. W. Ruffin, Phyllis Grow and Earl Custer, who contributed their services to make the show a success.

Viola Grow described the fashions modeled by Mrs. Harry Charles, Mrs. Richard Brown, Mrs. Harold Buckwalter, Mrs. Shandy Hill, Mrs. J. P. Nunemaker, Mrs. William Fosnocht and Mrs. Pearl McGee.

Mrs. William Prince, Mrs. Hugh McDevitt, Mrs. William Manship,

Mrs. Roy Hoel, Mrs. Charles Silver, Mrs. Paul Deifenderfer, Mrs. John Barlow and Mrs. Wilmer Knight.

Mrs. John Dougherty, Mrs. Sam Harner, Mrs. Edward Horn, Mrs. B. M. Smith, Mrs. Robert Spotts, Mrs. Lewis Schwenk and Mrs. Stanley Freese.

Setting the Fall fashion theme was Mrs. Richard Brown wearing a gray flannel suit by Joselli. The ensemble included a short sleeve sweater and a vest in addition to the skirt and jacket. With it Mrs. Brown wore a black fur felt profile hat with jet trim.

The "costume look" was displayed to advantage by Mrs. William Fosnocht who wore a fine worsted suit by Sport Craft. The fully lined jacket covered a smartly tailored dress styled with a scalloped belt and a tucked jersey bodice.

Cottons are a new fashion note—even for winter. Mrs. John Barlow wore a winter cotton tweed

suit styled by Forever Young with a velvet profile hat.

Mrs. Harold Buckwalter's Thomas cotton enhanced with kidskin collar and cuffs. Leather trim, another fall trend, was also noted on Mrs. Paul McGee's black broadcloth suit by Joselli.

A versatile black wool sheath, worn by Mrs. Lewis Schwenk, was designed with a white linen yoke, making it a dress for the office or for the date after hours.

Mrs. Harry Charles modeled a casual one button coat of Strouk Magnolia in the new shade "high tea." It featured saddles stitching on the collar and cuffs and on the front closing.

Suggested for fall evening wear was a nylon tulle gown of ocean blue over matching taffeta worn by Mrs. Harold Buckwalter. Styled with a pick satin cummerbund, the side sweep of the skirt was held in place by a large rose.

These and many other fashions gave the audience an excellent idea of the latest fall trends.

Door prizes were won by: Josephine Swavely, Frances Dwyer, Anna O'Dell, Doris Miller, Mrs. John Dougherty, and Mrs. Raymond Piersol.

Publicity for the event was handled by Mrs. Charles Gutanoff, while Mrs. Leonard Huff had charge of the program.

Mrs. Earl Custer, Mrs. Thomas Storm and Mrs. Wayne Knause headed the hostess committee.

Co-chairmen of the general committee were: Mrs. Hugh McDevitt, Mrs. Leonard Huff and Mrs. Wayne Knause. Committee workers included: Mrs. Edward Hoffman, Mrs. Richard Yocom and Mrs. F. C. Morrison.

## Edna Miller Is Bride of Larry Swenson

Royersford Methodist church was the scene of the marriage ceremony uniting Edna F. Miller and Airman Larry Swenson.

The bride is the daughter of Mr. and Mrs. Japhet B. Miller, 339 Main street, Royersford.

Mr. and Mrs. Erick Swenson, 704 Church street, Royersford, are the parents of the groom.

"Because," "With These Hands," "Oh Perfect Love" and the "Lord's Prayer," were sung by Erick Swenson accompanied on the organ by Mrs. William Rose.

Given in marriage by her father, the bride chose a strapless wedding gown worn with a Chantilly lace jacket featuring a double Queen Anne collar.

Accordian played nylon tulle and Chantilly lace formed the ballerina length skirt. The form fitting bodice was also covered with Chantilly lace.

A pearl seeded tiara formed her headpiece, and her veil was of nylon, embroidered with love birds.

### St. Paul Mothers Plan Night of Square Dancing

Mrs. Ethel Klink presided at a recent meeting of the Mothers' club of St. Paul's Reformed church. Stowe, held in the social room of the church.

Twenty-five members attended the session and planned a Halloween social for Oct. 17. Square dancing is to be a feature of the evening.

Hostesses for the evening were: Mrs. Wilson Mest, Betty Underkoffler and Mrs. Russell Bush.

She carried a Bible topped with a white orchid and streamers.

Attending her as matron of honor was her sister, Mrs. Richard Kline, also of Royersford. She wore a pink taffeta gown fashioned with a full pleated ballerina length skirt.

Pink flowers in a tiara effect formed her headpiece and she carried a bouquet of green chrysanthemums.

Bridesmaids were Peggy Buckwalter, Royersford, and Mrs. Jules Chuck, sister of the bride, also of Royersford.

Their ballerina gowns were of green taffeta and they also wore matching headpieces. They carried pink chrysanthemum bouquets.

A niece of the groom, Linda Swenson, was flower girl for the ceremony. Her gown was of salmon colored nylon tulle. A matching bonnet effect formed her headpiece and she carried a bouquet of assorted flowers matching those of the bridesmaids and the matron of honor.

Carol Swenson, Royersford, the groom's brother, was best man. Ushers for the afternoon were Otto Rosseler, Royersford, and Richard Smith, Eagleville.

The bride's mother wore an afternoon dress of light blue lace with white accessories. The groom's mother was dressed in teal blue with navy accessories. Both wore orchid corsages.

Approximately 100 guests were present at the reception in the Methodist social room.

Following the reception the newlyweds left on their wedding trip to Wildwood. To travel, Mrs. Swenson wore a navy blue suit accented with red accessories. A white orchid corsage completed her outfit.

The bride is a graduate of Royersford High school and was last employed by the Millers' Paint store, Royersford.

Mrs. Swenson also attended Royersford High school, as well as the Pottstown Business school. He

is presently stationed at the Laredo Air Force base in Texas where he is a jet plane mechanic.

Upon returning from their honeymoon the Swensons will reside in Texas.

## Parents Participate in City Council's Round Table Type School of Instruction

A school of instruction in the form of a panel discussion was the highlight of the recent PTA City Council meeting.

Mrs. George Bickel was the moderator. Participating were: Mrs. Joseph Hunsicker, president of the City Council, whose subject was parliamentary procedure; Mrs. William Hurter, membership chairman, who spoke on membership enrollment by local units.

Mrs. Lewis Bast, magazine chairman, whose topic was the National Parent-Teacher magazine; Mrs. Frank Gross, study course chairman, who gave the audience some information about a course for the discussion of the problems of parents and youth; and Mrs. Roland Brauch, publicity chairman, who spoke on the why and whereof of Parent-Teacher association publicity, from the council as well as the individual PTA's.

The discussion was followed by a question and answer session.

It was announced that the 45th convention of the Pennsylvania Congress of Parents and Teachers will have as its theme, "Better Schools for the Child and his Family."

The convention has been scheduled for Oct. 19, 20, 21 at the Benjamin Franklin hotel, Philadelphia. City Council is sponsoring a Clare Tree Major play, "Alice in Wonderland," Sept. 29. It will be given in the Senior High school auditorium.

A committee composed of the following people was appointed by the president to plan amendments to the by-laws of the council: Mrs. Roland Brauch, chairman, Mrs. J. Harold Scherer, Mrs. Eugene Smith and Mrs. Earl Seibert.

# Fetterman Heads Cast Upper Perk Backs Strong Linemen Still Year Away

Four fine backs and a line that is a year away from its peak is a brief summation of the Upper Perkiomen football team this season. Coach Dave Pritchard would be happy if he had another week to drill his Indians before opening the campaign. But instead, after less than two weeks of practice, his team goes against a once-tested Quakertown eleven tomorrow night on the Quakers home grounds.

It is a tough opening assignment but it won't be too much of a surprise if the Indians come home with their first scalp. Quakertown lost to Whitehall, 7-0, in its first game. Like Upper Perk, the Quakers were short of early season practice and can be expected to give a better showing tomorrow night.

If nobody gets hurt, the Perks will have one of the best backfields around. If somebody does get hurt, Pritchard has two boys who can fill in, but after that the pickings are slim.

Terry Fetterman and Del Fritz return from the past year's starting backfield. Fetterman, a three-year man in three sports, has the experience and ability to be a top notch quarterback.

HE KNOWS the Pritchard system inside-out, can fake, is good with either long or short passes and if trapped can stretch his long legs to get him out of trouble. He displayed the latter ability on several occasions in yesterday's scrimmage.

Fritz operates in the left half-back slot. He is the lightest of the backs and probably the fastest.

Bob Smith played defense most of the past season but now he is the Indian's regular offensive right half. At a stocky 175-pounds, Smith can either bull his way into the open or gain running room with some fancy footwork. He looked especially good yesterday running to his left and cutting back in when his interference carried the defensive end wide.

John Brunner, a burly 185-pound fullback rounds out the starting backfield. Brunner was the Perks center the past year but now he rambles through and over opposing tacklers with reckless abandon.

Fetterman will be doing most of the passing but each of the other three is an excellent tosser.

"BRUNNER is a baseball pitcher, you know, and he throws a football exactly like it should be thrown," Pritchard said. "I was toying with the idea of making a quarterback out of him, but Terry (Fetterman) has too much experience to be moved.

Behind the big four is Charlie Miller, a halfback who is in his Junior year, and Sophomore Dick Graber.

Larry York and Dick Conrad, the offensive guards, are the only linemen returning who have considerable experience.

Flanking them will be Carl Winsch, a 6-3, 210 Junior who is still learning, and John Moll, another Junior, who will specialize in offense.

Walt Schmidt, also a Junior, is the offensive center on defense, he will be relieved by Steve Miklos, who backs up the line.

SENIOR JACK SMOYER, and Sam Treichler, a Junior, will hold down the terminals both ways. They are the only first line ends Pritchard has been able to come up with so far.

A shining light in the defensive line is Kenny Bozzelli, a 130-pound ball of fire who stands out in every scrimmage. He is a Junior and will be one of the regular guards on defense.

With Ray Snyder and Ralph Eckenger, assisting, Pritchard figures his team will be okay if nobody gets hurt.

**GOLD ON THE HOOF**—Texola (right), R. De Stefano up, heads the pack over the finish line in second race at Aqueduct, New York. The win made a lot of fans happy since mutual prices on Texola were \$230.50 on each \$2.00 win bet. High priced finish contributed to a \$1200 daily double. Others finishing in the money are External Henry (left), H. Moreno up, third place, and Halcyon Bird (second from left), ridden by Nick Wall, in second place.

### Norris Makes Bid For New York Bout

Emmett "KO" Norris will be making his bid for the big time Saturday night when he hits the comeback trail against Tony Amato in the 10-round windup at the Gabelsville bill park.

The fistie festivities are slated to begin at 8:30 o'clock.

Both Amato and Norris, welterweights, have been up against some of the best in the business. Amato has traded punches with Joey Giardello, and lost a close decision to Joey Giambra, the number four welter in the country.

Norris dropped a match to Carmen Basilio, who later took over Billy Graham for the New York state welter title, and is scheduled for a championship bout with Kid Gavilan next month.

In the brawl with Basilio, Norris hurt his hand, and now, after eight months of inactivity, is trying to work his way back up to the bright lights and big headlines.

A WIN for Norris on Saturday could possibly pave the way for a return match with the Syracuse flash. It would definitely mean an engagement in the Eastern Parkway arena, promoter Jim DiCindio said, but just whom Norris would go up against in the New York squared circle is as yet unknown.

The semi-windup will pit Tommy Marciano, with an unbeaten streak of 16 fights, against Sammy Marin in an eight rounder.

### Flanagan Scores KO Over Moody

CHICAGO, Sept. 16 (AP)—Ring-wise Del Flanagan unleashed a murderous attack to knock out rookie Alan Moody, loser of only one bout in 27 starts, in 2:39 of the seventh round of a welterweight 10-rounder at the Chicago stadium tonight.

The brutal finish ended a string of 18 straight victories against mediocre foes for Moody, who was a 2½ to 1 underdog against the seasoned Flanagan.

Moody, managed by Sam Pian, former pilot of champions Barney Ross and Tony Zale, was making a game fight against the vastly more experienced Flanagan, who registered his 63rd victory in 73 fights. Two of the three officials had Moody ahead when the end came.

IT APPEARED for awhile in the nationally televised bout that Moody, though clumsily missing with both hands, might make a fight of it against the dancing Flanagan.

Moody, a former Chicago Golden Glover, made his best showing in the sixth, but that only served to infuriate the free-wheeling Flanagan.

Moody, managed by Sam Pian, former pilot of champions Barney Ross and Tony Zale, was making a game fight against the vastly more experienced Flanagan, who registered his 63rd victory in 73 fights. Two of the three officials had Moody ahead when the end came.

THE BLOND ATLANTAN, who held only one brief lead at the tenth, had to sink a 10-foot putt to stay alive at the 17th. When it appeared he might even the contest.

### Wildcats Loaded With Passers

VILLANOVA, Sept. 16 (AP)—Villanova will go against Georgia at Philadelphia's Municipal stadium next Saturday night with one top passer and three or four better than average sub tossers.

The Georgia game will be the opener for both schools and is expected to attract a crowd of better than 90,000 to the huge stadium. Sale of a block of 40,000 and more tickets to a supermarket chain as a merchandising stunt promised to send the attendance soaring.

Joe McNicholas, quarterback from suburban Ridley Township, is the Villanova key passing expert but Gene Filipki, former Army back now attending Villanova, and his fellow halfback Ben Addiego, rate right behind McNicholas.

## 1000 Members Sought Tri-County Old Timers Meet Monday to Plan Banquet

The Tri-County Old Timers Athletic Boosters club will get down to brass tacks regarding its forthcoming banquet at a meeting next Monday night.

Chairman Raymond "Pop" Myers has announced that plenty of facts and figures will be presented at that time, and the aim of the club will be made clear to everybody.

The meeting will be held at Borough Hall beginning at 7:30 o'clock. All chairmen and members of the various committees are asked to attend in addition to any other interested parties.

Definite information regarding speakers, prices and the location for the banquet will be given by Myers and other committeemen who have taken the lead in this newly formed organization.

The Old Timers movement has grown by leaps and bounds since early Summer when some of the area's veteran ball players decided to get together for some exercise.

As more and more men showed interest in forming an old timers club, Myers and a few others made some concrete plans and now the organization has a definite purpose in mind.

THE OLD TIMERS hope to raise their membership to 1000 persons. Only nominal dues will be charged and every cent of the money will be spent to help sports in the Pottstown area.

The club does not plan to promote athletic teams and events, but rather support all sports in general. Awards will be set up for the various leagues and a big brother movement will be started with the idea of helping youngsters who can not afford to buy equipment or uniforms.

Most of the veteran sportsmen are behind the club and a rousing banquet is being planned either in November or December.

Myers said last night that the Phillies, Athletics and Eagles, the professional teams of Philadelphia, have all been contacted regarding speakers. The A's and Eagles have promised to send representatives of their teams free of charge. The Phils have asked a fee.

At Monday's meeting it will be decided who will be asked to attend. A definite date of the banquet will also be set.

Teams of some of the local league's have asked the Old Timers if it would be possible for them to attend the banquet instead of holding their own. The Old Timers will welcome all such groups who wish to join forces at the dinner table and make the occasion even bigger than at first expected.

IT WILL BE a good time for league champions to receive their awards and trophies.

Membership cards have been printed and will be distributed at the meeting. A ticket committee will also be named for the banquet.

On the committees that already have been formed are: BANQUET—Daniel Drumbheller, chairman; Dick Lindauer, Buck Rhoads, Mac Shirey and William Cunningham.

FINANCE—Leonard Hatfield, chairman; Lamar Missimer and William Reifsnnyder.

PROGRAM—Buck Rhoads, chairman; Ray "Pidgie" Kepner, Mac Shirey, Hal Shaner, John Eisinger and Carroll "Mush" Bechtel.

All these committee members are urged to attend the Monday meeting.

### STRONG DUKES FROSH TEAM

PITTSBURGH, Sept. 16 (AP)—Duquesne university, which has given up football and concentrates on basketball, announced today that five scholastic basketball stars are entering the institution.

The freshmen are Tom Presko and Robert Schneider, of Pittsburgh, who played for St. Basil High school's Class B Catholic State championship team; Dave Ricketts, Pottstown; Lou Severin, Bellaire, Ohio, and Ruel Tucker, of Paris, Ky.

### Girls to Drive in Sanatoga Bonus Attraction; Benefit Race to be Held

Rain, always a bugaboo for direct-for ambitious females and another of outdoor promotions, some-novice race. The two events, times can prove a friend to the Marshman says, will work hand in fan as well as to the farmer. Such glove this year. In the past drivers is the case at Sanatoga speedway have been reluctant to entrust where thundershowers washed out their cars to the female of the species, thus limiting the field. In the 1953 renewal of the popular attraction, novice and powder puff entries will chauffeur the same cars.

RARE IS THE occasion when a powder puff scrimmage is carried out to its conclusion. The girls always manage to pile up their mounts somewhere in the course of the battle. But so that there will be plenty of starters in the female run, Marshman is contemplating giving the girls their first crack at the cars. That may or may not come to pass, depending how the girls of their purse, Marshman had and novices work it out among themselves.

That trophy will be up for grabs in the first of Saturday night's two events, there will be a regular seven-lap race, including more than 100 laps of the fastest stock the annual "Powder Puff derby" car racing in the East.

# Cubs' Late Drive Topples Phils, 7-4

## Doby Leads Tribe Attack to Down A's, 7-2

CHICAGO, Sept. 16 (AP)—The Chicago Cubs clubbed three Philadelphia pitchers for 11 hits and took advantage of two wild pitches and a passed ball today to down the Phillies 7-4.

Veteran Howie Pollet started and gained credit for his sixth victory. Pollet was lifted for a successful pinch hitter during a game-winning two-run rally in the seventh inning. Bubba Church retired the Phils in order in the last two innings to preserve Pollet's victory.

Bob Miller opened for the Phils and was yanked in the seventh when the Cubs wiped out a 4-3 deficit with a two-run rally. Karl Drews relieved and put the fire out but ran into trouble in eighth when the Cubs pushed over two more runs to clinch the game. Miller and Johnny Lindell, third Phil pitcher, each wild-pitched a run home while another counted on a passed ball.

Willie Jones and Stan Lopata homered off Pollet in the second. Del Ennis and Johnny Wyrostek singled home the other Philadelphia markers.

### Senators Trim White Sox, 4-2

WASHINGTON, Sept. 16 (AP)—The Washington Senators frustrated Virgil Trucks' bid for his 20th victory tonight, handing the Chicago White Sox a 4-2 defeat behind the steady six-hit pitching of Chico Marrero.

Eddie Yost, who was honored by the fans with gifts before the game, hit safely his first two times up to spark the Senators to a pair of runs.

But it was a boot by the usually reliable Chico Carrasquel that gave Washington the deciding score.

That one came in the fourth inning when Jim Busby opened with a single, stole second and dashed home as Carrasquel let Eddie Fitts' hopper roll between his legs.

### Reynolds Wins 12th

### Yanks Gain Split With Brownies

NEW YORK, Sept. 16 (AP)—The five-time champion New York Yankees split a twilight-night double header with the last place St. Louis Browns tonight, dropping the first game 5-3 and then rallying to take the nightcap 3-2 as Allie Reynolds pitched his second straight complete game.

Reynolds, figuring more and more in Casey Stengel's World Series plans, gave up eight hits to four by rookie Bob Turley but he had complete control in the tight spots.

Ed Lopat, who may open the World Series for the Yanks, was charged with the first game loss although the two runs he allowed were unearned because of two Yankee errors. Lopat was struck on the right foot in the fourth inning by a smash off the bat of Don Lehman and had to leave the game. X-rays showed no damage. The loss was only Lopat's fourth against 15 victories.

Reynolds' biggest jam came in the second inning when the Browns filled the bases with none out and he walked Bob Young, forcing in a run. Then he struck out two men and got Bill Hunter on a fly ball.

All of the Yankee runs in the second game came in the sixth inning on singles by Gene Woodling, Willie Miranda and Charlie Silveira plus a pair of walks.

Dick Kokos homered for the Browns in the seventh inning of the second game.

The Yankees used 20 players in the opening contest and wound up with Mantle playing shortstop, the second infield position he's played since coming to the majors. He appeared at third base briefly last season.

PHILADELPHIA, Sept. 16 (AP)—Larry Doby led a 12-hit Cleveland attack with a single and homer good for three runs batted in tonight as the Indians beat the Philadelphia Athletics 7-2 behind the eight-hit pitching of durable Bob Feller.

Doby's third inning single scored Luke Easter, who had also singled and advanced on a groundout. Wally Westlake's triple in the same inning brought Doby home with the Indians' second run.

In the fifth, Al Rosen grounded to Loren Babe but Babe's throw went to Eddie Robinson's head and Rosen moved to second. Doby then hit his 26th homer of the season, scoring Rosen ahead of him.

The final three Cleveland runs were scored in the seventh. With the bases loaded by virtue of two walks and a single, Doby also walked forcing in Bob Avila. Westlake then singled home Billy Glynn and Rosen.

Both Philadelphia runs were scored after two were out in the eighth.

## Nebraska Pits Runners Against Oregon's Passing

LINCOLN, Neb., Sept. 16 (AP)—Nebraska concentrating on a running game. Oregon concentrating on a passing game. That could be the thing that the nation's football fans will see Saturday when the teams tussle in the first of a series of nationally televised college clashes.

The Nebraska stadium is virtually sold out for the game and a capacity crowd of 37,000 is expected.

The teams use different basic forms of attack. With Nebraska it is the single wing, a switch from the "T" the team used last year. With Oregon it is the straight "T" with fair use of flankers.

Nebraska's switch was simply because coach Bill Glassford felt his material better adapted to the single wing.

His key man is short Johnny Bordogna, quarterback last year and left half this campaign. Bordogna is an excellent runner, but had some trouble last year passing from the "T" pocket. Operating from the single wing his passing is expected to be "more passable."

But the main stress on passing is expected to come from Coach Len Casanova's club. His key man is quarterback George Shaw. Shaw, a six footer, truly qualifies as an expert on the matter of football in the air. As a freshman he set an NCAA record for intercepted passes in one year. Then he turned around the next year and set a Pacific Coast conference record of 23 passes completed in one game.

Both those boys wear No. 14. Their replacements are Rex Fischer (13) for Nebraska and Barney Holland (12) for Oregon. When Holland is in the game Shaw sometimes switches to a halfback spot, being a good receiver.

Wingmen likely to play a big part in the passing game are six foot, five inch Emory Barnes (88) of Oregon, who was primarily a defense man up to last year, and Ralph Weddle (88) for Nebraska. Farrell Albright (35) who holds down an Oregon halfback spot also is a favorite target for the Webfoot tossers.

## Coast Reporters To Cover Fight Via Television

LOS ANGELES, Sept. 16 (AP)—Fight fans here will get full treatment, although indirectly, on the Rocky Marciano-Roland La Starza heavyweight title fight in New York Sept. 24.

The match will be screened via direct television at four theaters, and at one the bout will be covered in this fashion:

A regulation pressbench will be set up with typewriters, telephones, shaded lamps and wire facilities for the boxing writers.

The fight will be "judged" by a licensed referee and two judges of the California Athletic commission.

In case of disagreement between the actual officials in New York and the long-range California panel, or the ringside reporters and the television experts, nothing more than verbal and literary fur will fly.

## ELLIOTT, SLAUGHTER, MIZE JOIN SELECT 2000-HIT CLUB

COOPERSTOWN, N. Y., Sept. 16 — Another valuable exhibit has been added to the vast collection in the Baseball Hall of Fame at Cooperstown. It is a combination of three baseballs that have admitted veteran major leaguers to the group of players who have made 2000 base hits or more during their illustrious careers.

These players are Bob Elliott, Chicago White Sox, Johnny Mize, New York Yankees, and Enos Slaughter, St. Louis Cardinals. After those respective players registered the 2000 base hit the ball was removed from actual play and forwarded to the Hall of Fame.

Record books reveal a group of 91 other players who have made 2000 or more base hits, starting in 1876. However, 33 of those 91 belong to the era of long ago or to the major league class that started before the turn of the century. To give an idea, they include among others Cap Anson, Dan Brouthers, Roger Connor, Tommy Corcoran, Lave Cross, Dummy Hoy, Biddy McPhee and Jim O'Rourke, whose backgrounds are unknown to current baseball fans.

Elliott covered a bit of territory in reaching his 2000 base hit, starting with the Pittsburgh Pirates in 1929, moving over to the Boston Braves in 1947, then the New York Giants in 1952. Bob started the 1953 season with the St. Louis Browns with which club he registered number 2000. He served only a brief term with the Browns when he was sold to the White Sox.

Mize is an old trouper. He's probably the only major leaguer who had to wait to reach the ripe age of 40 to get base hit number 2000. This is 1953, yet Big John started his professional career with Greenboro in the Piedmont League back in 1930. Starting in 1936, when he joined the St. Louis Cardinals, he has covered these past 18 seasons in the majors, excluding 1943, 1944, 1945, when he was in the Navy. Mize was sold to the Giants in 1942, was picked up in a cash deal by the

## Screening Committee Approves Brownies' Move to Baltimore

CHICAGO, Sept. 16 (AP)—A shift of the impoverished St. Louis Browns to another city, apparently Baltimore, today was approved by an American league screening committee.

The four-man committee after a three-hour huddle with President Bill Veeck and other Brownie officials said it would ask the full league to permit the Browns' franchise to be switched to a city "to be later determined."

Just before the session, a wealthy Baltimore attorney and a Brownie director issued a statement saying that if the American league approves removal of the Browns from St. Louis to Baltimore, there would be "substantial" Baltimore capital represented in the Browns' ownership.

Last Spring, the league rejected, 5 to 2, Veeck's request to shift to Baltimore at that time.

Another committee meeting, at which a new site probably will be proposed, will be held shortly before the World Series and unquestionably, the league then will act quickly on the matter.

VEECK DIDN'T beam as much as might be expected following the announcement by the committee composed of Charles Comiskey of the White Sox, W. O. (Spike) Briggs of the Tigers, and two substitute members, Will Harridge, league president, and Arthur Friedlund, secretary of the Yankees.

Harridge and Friedlund sat in for Tom Yawkey of the Red Sox and Dan Topping of the Yankees, who were said to be unable to attend.

Talking about a likely shift to Baltimore, Veeck said: "I have nothing to do with the matter. It's up to the club owners." Veeck reportedly shares two-thirds of the Browns' total stock with a group of Chicago associates.

The committee issued this statement after the meeting: "In compliance with the request of the St. Louis Browns, the committee will recommend to the American league that the franchise be transferred to a city to be later determined. Another meeting of the committee will be held just prior to the World Series."

Asked if he still favored a shift to Baltimore, Veeck said: "Yes, I thought I made that evident last Spring. Nothing happened in today's meeting which hurts Baltimore's chances."

## Carries Without Loss

Jack Kistler, fullback for Duke University, carried the ball from scrimmage 72 times in 1952 and didn't lose a yard. He gained 390.

# Minnesota Looms as Big Ten Title Threat

By WALTER L. JONES

MINNEAPOLIS, Minn., Sept. 16 —Fortified by plenty of orange juice (they get it twice a day during the break in practice called "tea time" here) the Golden Gophers of Minnesota should continue on their way back into the upper ranks of the Big Ten conference this season. However, what they face at the start is murder! They open up with Southern California and then meet Michigan State!

Coach Wes Fesler started building this team two years ago, his first here, and with experienced material, although lacking speed and depth to some extent, the Gophers should give most squads a busy afternoon.

The 1952 record wasn't a bad one, if you recall, with your Conference victories, two and one loss.

Fesler, a really happy and contented man here, lost some of that on. "Last year we put him at pleasantry a few weeks back when safety when we were hard-pressed one of the boys he counted on to here, although he was playing of-

give the team an extra lift, Bob McNamara, a rugged 185-pounder from the Hastings, suffered a leg injury while working in a construction ditch and had to undergo an operation.

"I COULDN'T sleep for a week," said the personable Wes in describing this setback. "I'm hoping Bob can make it back in time for he's really a great one. I've been coaching football for 22 years and I've never seen a kid who showed as much in the spot we had planned for him."

That spot is right half, where McNamara would be a running mate to the All-American Paul Giel, one of Minnesota's all-time greats and now captain of the team.

"McNamara never played in the backfield before," Wes went on. "Last year we put him at safety when we were hard-pressed one of the boys he counted on to here, although he was playing of-

fensive end. He was wonderful. I wouldn't trade him for anybody in the conference after what I saw last year."

"We moved Bob to wingback in the spring practice. He really looked good. Then this had to happen. It could have happened to any one of 40 others on this squad and I wouldn't have felt so bad."

McNAMARA, however, is working out on the sidelines, running and throwing. In talking to this reporter he indicated that "I'll be in there when the season opens."

The does may have something to say about it though.

If McNamara doesn't play the right half will be Mike Sullivan, a junior who played defense last year.

With McNamara and Giel as the big guns in the backfield, which has a fine depth at fullback, the Gophers probably would rate with any team in

the conference.

Fesler, in discussing his team's chances, impresses you first with the fine group of boys he has. He puts it this way:

"We'll probably be outplayed by everybody in running, scoring, passing, ability and victories, but no one will out-morale us."

"This is the most experienced team I've had since I've been here," the former Ohio State All-American continues. "We have been an awfully young team the last two years. We played several freshmen when it was allowed because that's all we had. Now they are coming along."

"I'll tell you one thing, though," he continued, "we're going to gain some ground and we're going to score."

ONE BIG QUESTION MARK could be the center position. Two juniors, Jerry Helgeson, 210-pounder, and Charlie Stramschor, 198-pounder, who had never passed a ball in a varsity game prior to the Spring practice, are one-two here. The only experienced center available, Willis Wood, became ineligible but Fesler wasn't too upset by that because he said he thought either Helgeson or Stramschor would have won the first-string job anyhow.

The ends are Jim Soltan, 6 foot 2 inch junior who was second string offensive wingman last year and Phil McElroy, a 6 foot 3 inch junior who was a regular defensive end in 1952. Lettermen are available for second-flight duty here.

At the tackles are Stavros Canakes, a 220-pounder who played for Bernie Bierman in 1950, then went into the service, and Gordon Holz, a 215-pound defensive operator last season. Close to Holz is Ron Hansen, a 215-pound senior.

Behind Canakes is Chuck Kubus, a junior, who also played for Bierman and then went into the service. Kubus is the biggest man on the squad. One of the disappointments here is Percy Zachary, 185-pound senior tackle who made the All-Conference team last year but isn't even rated among the first three this season.

The guards are of the squat type but rough. At the left side is Burnham (Rocky) Elton, a 5 foot 10 inch junior and on the right side is Jerry Rau, a 5 foot 8 inch junior. Harry Coates, a 190-pound senior, is giving Rau a fight for it.

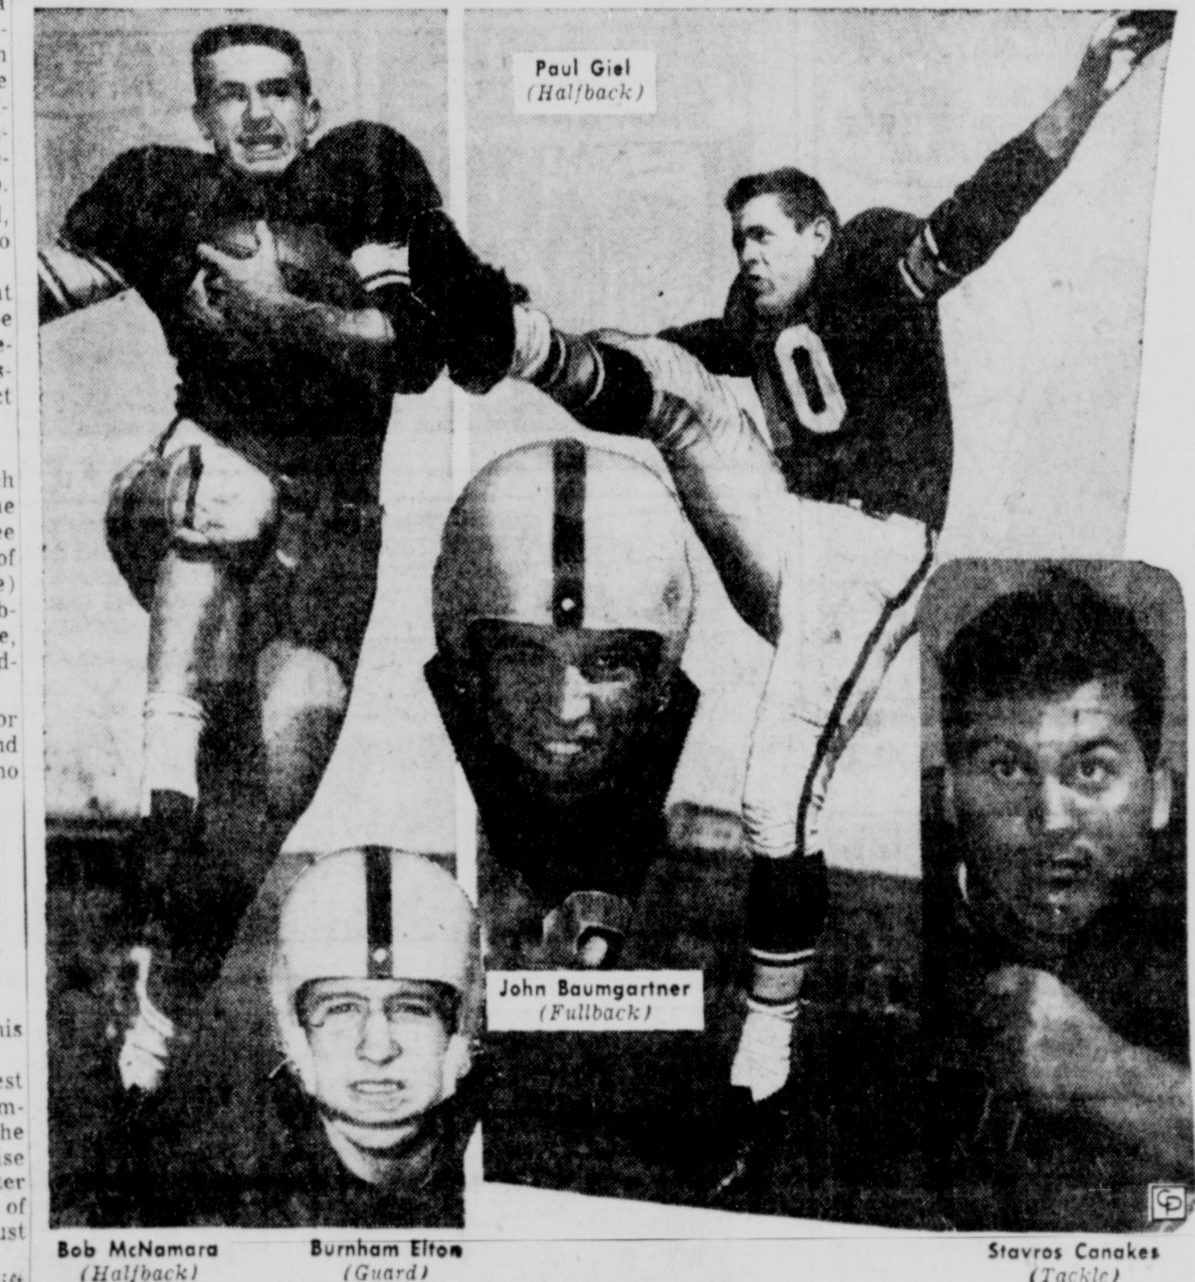

THERE IS a close fight for the quarterback spot involving Geno Cappelletti, a junior who played right half on defense, and Don Swanson, another junior who is a better ball handler but who looked very bad in the squad's first full-scale scrimmage. Cappelletti has won the post, as of this writing.

The glamorous one, Giel, one of the best-liked kids on the campus and one of the most modest, is ready to go again at left half. He is not a speedy runner, but his fakes and cuts are miraculous.

While the depth at the halfback spots is thin, there is a promising youngster coming up to spell off Giel. He is Dale Quist, labelled by Fesler as "the most improved player on the squad."

At fullback Fesler is well fortified. John Baumgartner, 200-pound junior is No. 1. Baumgartner, who is quick and fast, wears a plastic shield over his helmet for he broke his nose for the sixth time this summer when he served as a life guard at a pool and a youngster collided with him.

Following the games with Southern California and Michigan State the Gophers take on, in succession, Northwestern, Illinois, Michigan, Pittsburgh, Indiana, Iowa and Wisconsin. This is the first meeting with the Trojans, the Rose Bowl champs.

## Other Areas Show Decline

# Prosperous Year Seen for West Coast, Midwest Football

NEW YORK, Sept. 16 (AP)—Advance ticket sales indicate college football is headed for a prosperous year in the Midwest and the Pacific coast. But elsewhere attendance may be below the 1952 level as Mr. Average Fan carefully weighs his entertainment dollars.

Predictions of a tight Big Ten conference race plus the

presence of Notre Dame, pre-season favorite for the national championship, help explain the Midwest fervor. Ohio State which drew the most people last Fall, 453,911 for six Columbus games, reports advance sales of both season and individual game tickets are 5 percent higher now than they were at the same time a year ago. However, the Buckeyes play only five home games this season.

Minnesota lists a 40 percent increase in single game purchases and an 11 percent jump in season ticket books—at which rate Gopher ledgers will show an all-time high. Figures from Notre Dame, Michigan State, Purdue and Wisconsin reveal a rise in season ticket sales and estimates are that total sales will be well above last year.

Michigan, second highest drawing card last year at \$96,538, is handing approximately the same volume of season ticket requests with no report on individual game sales.

ON THE PACIFIC slopes a local Los Angeles rivalry between favored UCLA and defending champion Southern California is the major factor in the increased ticket demands. USC indicates season purchases have jumped 36 percent above the '52 level while UCLA boasts a 33 percent hike in the same category.

In other sectors increases over last year appear to be limited to teams with high pre-season ratings. Some of the decline can be attributed to less attractive schedules. But in most cases it seems that fans are holding back their money to see how their favorites fare at the start of the season be-

fore they lay it on the line.

Highly-regarded teams like Georgia Tech, Alabama, Georgia, Duke and Maryland plus Kentucky are the exception in the South where the picture is one of a general drop in advance sales over the rate a year ago.

The story at Penn, last year's third best attraction with 372,000 in attendance, tells the story in the East. The Quakers have eight home games instead of seven this Fall including such visitors as California, Ohio State, Army, Navy and Notre Dame but so far season ticket sales run more than 20 per cent behind the '52 pace.

Villanova's promotional idea of an opening game ticket arrangement with a grocery store chain is the one bright spot along the Atlantic seaboard. Nearly one-hundred thousand fans are expected for Saturday night's opener with Georgia in Philadelphia. However, the contest is the only really appealing one of the Wildcats' four home stands.

Sharpest declines hit the Southwest area. Sales plunges from five to 25 per cent are reported everywhere but at Baylor and Rice where increased advance purchases are only slightly above last year. Lack of nationally known stars and less attractive schedules are two reasons advanced for the slack in this perennial gridiron hot-bed.

## 2 AREA SCHOOLS OPEN DOORS TO NEWCOMERS

Hill School Enrolls  
180 New  
Pupils

Two Pottstown area preparatory schools opened yesterday, and they could almost call the roll of the States in registering pupils.

The Hill school registered 180 new boys yesterday and expects 300 "old boys" to return to the campus today.

Edward T. Hall, headmaster, said that 27 states and five foreign countries will be represented this year in the school.

Perkiomen preparatory school, Pennsburg, registered 175 boys from 14 States. Headmaster Stephen W. Roberts reported.

This will be the 103d year of operation for The Hill, and the 80th for Perkiomen.

ALMOST all the boys registering at the schools were accompanied by their parents, and informal open house was held at both places.

The boys spent the day after registering in buying books, getting assigned to dormitories and getting acquainted again with the campus scene.

Both schools held assemblies last night at which the headmasters made short addresses of welcome.

Headmaster Hall and Assistant Headmaster James V. Moffett spent the evening after assembly at The Hill in visiting the new boys in the dormitories.

Richard Weikel, of Pottstown, dean of boys at Perkiomen for the past five years, spoke at the assembly there.

Headmaster Roberts told the Perkiomen boys that they were due to get \$10,000 worth of new beds in their dormitories soon.

The school's parents association already has subscribed \$5000 to the project, he said.

"Perkiomen will probably be the best-bedded prep school in the

country," he commented.

AT THE Hill, 91 Sixth form boys (seniors) were on hand yesterday to greet the newcomers and act as guides to the campus.

The new boy coming the farthest

distance to The Hill was John Sherrod, of Tokyo, Japan. His father is foreign editor there of an American magazine.

Enrollment at the two preparatory schools is slightly higher than the past year, the headmasters said.

## Husband in Japan Calls Area Wife on 2d Wedding Date

Mrs. Frank Spellman Jr., Pottstown RD 3, got a present yesterday on her second wedding anniversary. One, she said, that couldn't be topped.

It was a four-minute telephone call from her husband, Pfc. Frank Spellman Jr., in Yokohama, Japan.

"He sounded wonderful," she said. "It was the first I've talked with him in six months. He said he was doing fine."

Pfc. Spellman, who entered the Army 11 months ago, has been stationed in Japan for the past five months.

He worked for Levegood's Dairy before entering the service.

The couple was married in Pottstown.

## HIT - RUN CASE ORDERED HELD FOR COURT

Monocacy Station Driver Is Freed on \$500 Bail

The case of a Monocacy Station motorist, charged with hit-and-run operation of his car in North Coventry township this past Saturday, was ordered held for Chester county court last night.

Leon A. Angstadt, 31, was free on \$500 bail after a hearing before Norco Justice of the Peace Ralph W. Ralston, South Pottstown.

He pleaded not guilty to charges of hit-and-run and reckless driving.

He was convicted on the reckless driving charge and fined \$25 and costs.

Pottstown Solicitor C. Edmund Wells, who represented Angstadt at the hearing, did not cross-examine any of the three witnesses. Norco Chief Daniel W. Guldin, Claude I. Carl, Pottstown RD 1, whose car was struck by Angstadt, and Monroe Fox, a Norco special fire police officer, appeared against Angstadt.

Witnesses testified the defendant was operating his car south on Route 100 at 5:20 p. m. Saturday when he collided with a car operated by Carl, also heading south on 100.

Fox said he followed Angstadt's car and secured the license number.

Bail was provided by Adam Holowis, Spring City RD 1, brother of the defendant.

William A. O'Donnell Jr., local attorney, will be principal speaker at the meeting of the American Business club in the Elks home tonight.

"Where There's a Will There's a Way" will be the topic of his address. It will deal with the making of wills.

During the business session club members will discuss the upcoming convention and attendance contest. The attendance committee will meet after the regular meeting.

## GLOVE WORKERS STRIKE

INDIANA, Pa., Sept. 16 (AP)—More than 100 workers at the two plants of the Brookville Glove company are on strike today for union recognition.

## Some Cutting Seen Of Civilian Workers At Army Hospital

Civilian employees at Valley Forge Army hospital received notices in their pay checks yesterday telling them that they may be laid off shortly.

The employees who received slips are those being paid from Second Army funds.

The slips don't necessarily mean they're fired, though.

The employee will have to receive confirmation of the dismissal within the next 30 days before he knows the situation.

How many of those who received the "maybe" slips will eventually be cut wasn't known by officials last night.

That information will have to come from higher quarters, Col. Kenneth A. Brewer, hospital commander, said.

## Firemen Roul Bees, Bees Roul Firemen

BROCKTON, Mass., Sept. 16 (AP)—Bees found an overstuffed porch chair so comfortable they routed Brockton firemen when they tried to douse a fire in it.

A neighbor noticed the chair smoldering and called the fire department. This sequence followed: Out came the smoke, out came the firemen, out came the hose, out came the water, out came the bees, out went the firemen.

Damage was slight all around.

## Wants Young Wife at 130

CAIRO, Sept. 16 (AP)—Shehate Ragab says he's 130 years old. He would like to get married to a "beautiful girl not over 20 years of age."

Ragab says he helped dig the Suez canal nearly 100 years ago and lived during the reign of Mohamed Aly, the founder of the late Egyptian dynasty who died in 1848. Ragab wistfully recalls that he has been married twice before.

## Representatives Talk To Faculty Members On Insurance Plan

The insurance plan to cover Pottstown's pupils in case of accident or death was explained to members of the faculty yesterday afternoon.

The policy, which is up to the parent to accept or refuse, covers the child from one hour prior to one hour after school sessions.

Representatives of the insurance company explained the plan to teachers and explained how the parents will be notified of it.

Pupils will today take home announcement booklets and premium envelopes so that parents may become advised of the plan's benefits.

The school system will not pay the insurance premiums and assumes no responsibility for the plan. The school board did, however, make a study of the plan and passed its approval of it.

Hohenzollern Castle, ancestral home of the former German royal family stands on a 2800-foot mountain near Hechingen in southern Germany.
